Being Shaped by Freedom Brett James Muhlhan, 2012-10-24 Did Luther get Christian freedom right The answer to this question contains two elements What is Luther's understanding of Christian freedom How did his understanding stand up under the pressure of reformation Muhlhan examines both of these elements and contends that the sublime beauty of Luther's early understanding of Christian freedom an understanding that empowered the German reformation is consistently the same understanding he used to undermine papal heteronomy and refute radical legalism The relational character cruciform substance and complex structure of Luther's concept of freedom enabled him to speak both polemically and catechetically with a clear and authoritative communicative clarity that reinvoked the magnificence of Christ and him crucified for sinners The impact both positive and negative of Luther's appraisal of Christian freedom finds its focus of impact in the small world of Wittenberg in the sixteenth century yet resonated throughout the church of his day as a powerful theologically laden response to legalism and antinomianism Therefore in light of this impact and its correlation to biblical freedom Muhlhan contends that we can confidently affirm that Luther did indeed get Christian freedom right and that he did not fail to live by the implications of this radical theology

Discover your miracle 2 Listen and agree 3 Dissolve your blocks 4 See the other person as yourself Simple but so very powerful take these steps and see for yourself **The Golden Rule** ,1896 **Loving Creation** Gary Chartier,2022-09-27

Is it true that all we need is love Does love capture the essence of Christian ethics Does a love centered ethic need to be impartial in a way that leaves no room at ground level for relationships and projects What is the place of well being in an ethic of love Loving Creation The Task of Moral Life seeks to answer these questions by showing how a love ethic and an ethic of creation are not at odds but rather reinforce each other Gary Chartier articulates a love centered creation ethic or a creation centered love ethic and applies it to such issues as sex economic life love for enemies and political order In the book Chartier offers a powerful alternative both to natural law theories that seem to lose sight of the welfare of actual people and to the accounts of Christian love that embrace an alienating impartiality He develops an understanding of Christian love as focused on creation that can contribute effectively to enriching both social practices and personal lives Loving Creation is unabashedly theological But the theological considerations it adduces are ones that will allow Christians to engage in the public sphere with adherents of other religious traditions and of none It is a contribution not only to theological understanding but also to personal moral reflection to church practice and to Christian participation in public life

Reviving the Golden Rule Andrew DeCort,2025-10-02 The Revolutionary Power of Loving Your Neighbor Discover the transformational power of neighbor love in theologian and ethicist Andrew DeCort s Reviving the Golden Rule This thought provoking work illuminates the revolutionary ethics of loving your neighbor weaving together history theology and practical guidance Through this in depth historical survey of the ethics of neighbor love DeCort invites readers to reclaim loving their neighbor as a powerful force for justice healing and human flourishing The biblical charges to love your neighbor as yourself and to do to others as you would have them do to you are at the heart of Abrahamic faith DeCort argues that they are also at the heart of some of the most groundbreaking developments in human rights and the common good Jesus taught neighbor love and promised Do this and you will flourish But Christians today are at high risk of ignoring or overthrowing the most daring teaching of Jesus movement Having heard it repeatedly and having benefited immensely from its cultural effects we have become dulled to neighbor love s revolutionary power In response Reviving the Golden Rule Explores the ethics of neighbor love from the ancient world to modern times Examines how neighbor love challenges the oppressive power of othering and expands human connection Highlights inspiring figures like Dietrich Bonhoeffer Mother Teresa and Oscar Romero who practiced neighbor love among marginalized communities Addresses instances where Christians have failed to uphold neighbor love Provides practical guidance on how to love and embrace othered neighbors today In one of the only historical and constructive works on the ethics of neighbor love DeCort invites us to reclaim this ancient movement Get your copy today and learn to embody this revolutionary practice amidst crises for the healing of the world Lessons from the Light Kenneth Ring,Evelyn Elsaesser,2006-09-01 While providing many accounts of near death experiences NDEs from men

women and children of all ages and backgrounds Lessons from the Light is much more than just an inspiring collection of NDEs In Lessons near death expert Kenneth Ring extracts the pure gold of the NDE and with a beautiful balance of sound research and human insight reveals the practical wisdom held within these experiences As Stanley Krippner states In this remarkable book Ring presents evidence that merely learning about the near death experience has similar positive effects to those reported by people who actually have had near death experiences Kenneth Ring is one of the few authors whose gifts include the capacity to transform their readers lives The Golden Rule and Odd Fellows' Family Companion ,1846 **The Golden Rule** Jeffrey Wattles,1996-12-05 In an age plagued by selfishness materialism and violence ethicists feel impelled to find a universal system of values To arrive at such a rule requires that they struggle with a series of seemingly irreconcilable questions First are universal values possible in a pluralistic world and how does one do justice to both human equality and to individual and cultural differences How is one to understand the interface between religious moral teachings and the ethics of secular humanism Finally can such a system integrate moral intuition and moral reason In the first scholarly book in English on the golden rule since the seventeenth century Jeffrey Wattles demonstrates how a clear understanding of the psychological philosophical and religious ramifications of the rule can form the synthesis needed to solve these dilemmas The golden rule do to others as you would have others do to you is widely assumed to have a single meaning shared by virtually all the world s religions It strikes the average person as intuitively true though most modern philosophers reject it or recast it in more rational form Wattles surveys the history of the golden rule and its spectrum of meanings in diverse contexts ranging from Confucius to Plato and Aristotle from classical Jewish literature to the New Testament He also considers medieval Reformation and modern theological and philosophical responses and objections to the rule as well as how some early twentieth century American leaders have tried to use the rule Wattles draws these diverse interpretation into a synthesis that responds at the psychological philosophical and religious levels to the challenges to moral living in any given culture Emotionally the rules counsels consideration for others feelings by asking that you place yourself in their shoes Intellectually it activates moral thinking about what is fair At the same time it retains a spiritual appeal as the principle of the practice of the family of God Demonstrating how despite its contentious history this age old ethical principle continues to be relevant in dealing with contemporary issues The Golden Rule should interest students and scholars working in religious studies philosophy and ethics and psychology as well as anyone looking for an alternative to postmodern cynicism and alienation

Gazette of the Union, Golden Rule and Odd-fellows' Family Companion ,1849 **The Gazette of the Union, Golden Rule, and Odd Fellows' Family Companion** ,1848 *Healthy Recipes and Provocative Worldviews* Tiffany Twain,2013-01-24 This is a cookbook that contains some of the healthiest recipes ever invented and they create food that is delicious In addition this collection of essays provides figurative recipes for our nation to create a better world through an embrace of holistic fair minded and farsighted perspectives with a deep appreciation of feminine vision and common sense

fairness The provocative worldviews included with these recipes include some advice to the Tea Party and Occupy Movements and there are also several compendiums of prescriptions for how we could improve our societies by fairly fixing our Social Security and healthcare systems and by advancing a progressive agenda for a more sane humanity These ideas would help guide us forward toward achieving goals that are in best interests of almost everyone now alive and all in future generations

Theology from Within James T. West,2012-11-30 Theology From Within is my most serious and most personal effort I search out my personal experiences with God I develop the idea that our conscience is Gods method to communicate with us The ideas not new but it seems to be ignored by so many Movies TV shows and many books use the phrase Go with your gut What does your gut tell you How many of us associate Going with your gut with talking to God Once you get through that there is a personal relationship with God I talk about creation Why do we question that God does not create this huge planet traveling amongst chaos and destruction Why do we think this safe haven is by chance and not by design Then we get to the part which one commentator called the devils words Let me leave with the fact that I believe in God Read the book and be enlightened

HEAD AND HEART Charles RedCloud and Averella Gerren,2014-08-15 The purpose of this book is simply to share ten months of conversations toward an integral friendship It is not to define or to illustrate what an Integral friendship between a woman and a man is because I believe no one yet really knows what would comprise such a friendship Our purpose is simply to share a year of e mail exchanges between Head who apparently experiences life primarily through her intellectual center her head and Heart who apparently experiences life primarily through his emotional center his heart
