The Autumn of Italian Opera Alan Mallach,2007-11-30 The first full length study of the last great era of Italian opera Shakespeare, Marlowe, Jonson J.R. Mulryne,Takashi Kozuka,2016-04-01 A remarkable resurgence of interest has taken place over recent years in a biographical approach to the work of early modern poets and dramatists in particular to the plays and poems of Shakespeare Marlowe and Jonson The contributors to this volume approach the topic in a manner that is at once critically and historically alert They acknowledge that the biographical evidence for all three authors is limited thus throwing the emphasis acutely on interpretation In addition to new scholarship the essays are valuable for their awareness of the challenges posed by recent redirections of critical methodology Scepticism and self criticism are marked features of the writing gathered here **Queer TV China** Jamie J. Zhao,2023-02-16 The 2010s have seen an explosion in popularity of

Chinese television featuring same sex intimacies LGBTQ identified celebrities and explicitly homoerotic storylines even as state regulations on vulgar and immoral content grow more prominent This emerging queer TV China culture has generated diverse cyber and transcultural queer fan communities Yet these seemingly progressive televisual productions and practices are caught between multilayered sociocultural and political economic forces and interests Taking queer as a verb an adjective and a noun this volume counters the Western centric conception of homosexuality as the only way to understand nonnormative identities and same sex desire in the Chinese and Sinophone worlds It proposes an analytical framework of queer ing TV China to explore the power of various TV genres and narratives censorial practices and fandoms in queer desire voicing and subject formation within a largely heteropatriarchal society Through examining nine cases contesting the ideals of gender sexuality Chineseness and TV production and consumption the book also reveals the generative negotiative ways in which queerness works productively within and against mainstream seemingly heterosexual oriented televisual industries and fan spaces This cornucopia of fresh and original essays opens our eyes to the burgeoning queer television culture thriving beneath official media crackdowns in China As diverse as the phenomenon it analyses Queer TV China is the spark that will ignite a prairie fire of future scholarship Chris Berry Professor of Film Studies King s College London This timely volume explores the various possibilities and nuances of queerness in Chinese TV and fannish culture Challenging the dichotomy of positive and negative representations of gender and sexual minorities Queer TV China argues for a multilayered and queer informed understanding of the production consumption censorship and recreation of Chinese television today Geng Song Associate Professor and Director of Translation Program University of Hong Kong [The Works of William Cowper](#) William Cowper, 1853 **Orientalism and the Operatic World** Nicholas Tarling, 2015-04-23 Western opera is a globalized and globalizing phenomenon and affords us a unique opportunity for exploring the concept of orientalism the subject of literary scholar Edward Said s modern classic on the topic Nicholas Tarling s *Orientalism and the Operatic World* places opera in the context of its steady globalization over the past two centuries In this important survey Tarling first considers how the Orient appears on the operatic stage in Britain France Germany Russia and the United States before exploring individual operas according to the region of the Orient in which the work is set Throughout Tarling offers key insights into such notable operas as George Frideric Handel s *Berenice* Giuseppe Verdi s *Aida* Giacomo Puccini s *Madama Butterfly* Pietro Mascagni s *Iris* and others *Orientalism and the Operatic World* argues that any close study of the history of Western opera in the end fails to support the notion propounded by Said that Westerners inevitably stereotyped dehumanized and ultimately sought only to dominate the East through art Instead Tarling argues that opera is a humanizing art one that emphasizes what humanity has in common by epic depictions of passion through the vehicle of song *Orientalism and the Operatic World* is not merely for opera buffs or even first time listeners It should also interest historians of both the East and West scholars of international relations and cultural theorists [The Cornhill Magazine](#) William Makepeace

Thackeray, 1928
