special kind of Gospel empowered relationship with those around us that we cannot accomplish apart from His Holy Spirit. These kinds of relationships can be learned from and through the relationships we witness throughout Scripture and the advice we are taught around the good and the bad. This book provides a gentle walk through the richness of Scripture in light of singleness, courtship, and marriage. I pray that this book will help you unlock godly principles in your life so you can begin building on them to enjoy Gospel empowered relationships in all forms of relationship God provides for you. May God give us the desire and the ability to minister the types of relationships that adorn the Gospel and bring Glory to Him. Take a look at what others have said about this book.

Cynthia Says: As a Christian I found this book heartwarming and informative. I know from experience that all relationships need God. This book provides scripture and great advice. Very well done. I think it would make a great addition to church libraries.

David PhD says: A healing and heartwarming guide.

Daniel says: This is an excellent survey and introduction to the biblical theme of relationships. It covers singleness, courtship, and marriage in depth yet always connects back to the core message of the Gospel and the dignity of each person as an image bearer of God.

Early on special attention is paid to formative relationships between romantic partners in the Old Testament which lays a strong foundation for the Christological vision laid out in later chapters. Each chapter is also expertly organized with a helpful discussion, questions, a conclusion, and even a section for notes. Although a great range of content is discussed, the writing is crisp and lucid, always engaging the audience and challenging them to dig into further.

Readers of all backgrounds will find this a very helpful introduction to Biblical teachings on relationships.

Jack says: Very insightful.

Kate says: Great timeless advice on this topic.

Matthew Says: A must read. This book really opened my eyes/mind to biblical marriage.

Queering Romantic Engagement in the Postal Age Pamela VanHaitsma, 2019-09-18

2020 Winifred Bryan Horner Book Award Honorable Mention from the Coalition of Feminist Scholars in the History of Rhetoric and Composition

Romantic letters are central to understanding queer history. Debates about letters of romantic friendship, however, too often reduce them to unstudied expressions of heartfelt feeling. In *Queering Romantic Engagement in the Postal Age*, Pamela VanHaitsma shows how the genre should be understood as a learned form of rhetoric. VanHaitsma argues that epistolary instruction in the nineteenth-century United States shaped civic engagement in predictably heteronormative ways, even as it opened up possibilities for queer rhetorical practices. Her archival study draws on writings whose authors, diverse by gender, race, class, and education, all developed ways of queering cultural norms and generic conventions in their same-sex relationships. VanHaitsma theorizes a new concept of rhetorical education for romantic engagement to account for the significant yet understudied role of such training in inventing both civic and romantic life.

Letter-writing Manuals and Instruction from Antiquity to the Present Carol Poster, Linda

C. Mitchell, 2007 Once nearly as ubiquitous as dictionaries and cookbooks are today letter writing manuals and their predecessors served to instruct individuals not only on the art of letter composition but also in effect on personal conduct. Poster and Mitchell contend that the study of letter writing theory which bridges rhetorical theory and grammatical studies represents an emerging discipline in need of definition. In this volume they gather the contributions of eleven experts to sketch the contours of epistolary theory and collect the historic and bibliographic materials from Isocrates to email that form the basis for its study.
