Love Divine:

Divine Love / Divine Intolerance Darrell J Ahrens,2009 What to tolerate what not to tolerate This is perhaps the most important question our nation as well as other Western nations must consider today What gives this question its crucial importance is the fact that how it is answered will determine the moral and ethical character of a nation and its people It will determine the integrity and virtue or lack thereof of a nation s religious political educational and sociological institutions and their policies laws beliefs and practices Concerning Western nations and societies it will determine either faithfulness or unfaithfulness to their underlying religious political and historical foundations and heritage In short it will determine the very identity of a nation and people , Apostolich Hymns and Songs D. Remembering the Dead Sentus Francis Dikwe,2020-01-07 Remembering the dead is a topic which connects various cultures and traditions The reception of the African tradition of ancestorship is a theological enrichment in the ecumenical discussions all over the world In our time the exchange of gifts plays a great role in promoting unity of the Churches Especially the concepts of African theology with the incomparable special position of Jesus Christ as proto ancestor are important for the interconfessional dialogues The veneration of the ancestors in Africa can be a help to begin ecumenical discussions in this regional context on the question of the veneration of the saints According to African tradition the ancestors also have influence on the process of purification Therefore the veneration of the ancestors

contributes to providing answers to the ecumenical controversies about the understanding of the eschatological purification Sentus Francis Dikwe SDS born in 1980 in Morogoro Tanzania ordained priest of the Salvatorian Congregation He attained doctorate in theology 2020 in Munster Germany

Readings in Integral Yoga: Sri Aurobindo's Teaching & Method of Practice Santosh Krinsky,2022-01-01 Sri Aurobindo calls us to what he terms an adventure of consciousness Integral yoga was not intended to set forth a specific and rigid set of practices for everyone to follow rather it was developed to understand the specific needs of each individual at each stage of development and to employ those methods and practices that would best aid in the further progress for the individual seeker It also was not targeted at abandoning life The integral yoga first focuses on achieving the necessary liberation from the fixed habits of body life and mind that create a framework around each person s life and then on bringing down into the being a higher status of consciousness and aiding its transformation of the being in all its aspects The eventual objective of the integral yoga was to provide conscious support to the natural process of evolution of consciousness and thereby speed up its advent The book Integral Yoga Sri Aurobindo s Teaching and Method of Practice was compiled and organised from among the thousands of letters on yoga that Sri Aurobindo wrote to disciples and others over a number of years It outlines his philosophical outlook the background and basis of the integral yoga and delves into a vast array of details which aid the sincere seeker in understanding the inner workings of consciousness and helps the seeker to work through the difficulties obstacles and resistances of nature to truly bring about a transformation of consciousness in all parts of his being
