Monkey Business Simon Louvish, 2000-06-08 Strange but true this is the first authentic account of the Marx Brothers their origins and of the roots of their comedy First and foremost this is the saga of a family whose theatrical roots stretch back to mid 19th century Germany From Groucho Marx's first warblings with the singing Leroy Trio this book brings to life the vanished world of America's wild and boisterous variety circuits leading to the Marx Brothers Broadway successes and their alliance with New York's theatrical lions George S Kaufman and the Algonquin Round Table Never before published scripts well minted Marxian dialogue and much madness and mayhem feature in this tale of the Brothers battles with Hollywood their films their loves and marriages and the story of the forgotten brother Gummo

Brothers George Howe Colt, 2014-05-06 Blends history and memoir in an account that in alternating chapters explores the author's quest to understand the impact of his brothers on his life and the complex relationships between iconic brothers including the Thoreaus the Van Goghs and the Marxes

Groucho's Eyebrows Tricia Brown, 2013-04-19 Groucho's name is obvious to Kristie when she names her new kitten He's as white as a cloud everywhere except for those two black smudges above his eyes What other name could she have given him Kristie and Groucho become fast friends and playmates reading together snuggling under the quilt and playing hide and seek tracking games in the snow of a far north winter When Groucho wanders away one wintery day Kristie must rely on her Alaskan outdoor skills and woodsy savvy to follow various animal tracks Young readers join her in a search for those precious black eyebrows in a scary snowy world full of moose fox and other creatures of the wild

Once Upon A Number John Allen Paulos, 2008-08-04 What two things could be more different than numbers and stories Numbers are abstract certain and eternal but to most of us somewhat dry and bloodless Good stories are full of life they engage our emotions and have subtlety and nuance but they lack rigor and the truths they tell are elusive and subject to debate As ways of understanding the world around us numbers and stories seem almost completely incompatible Once Upon a Number shows that stories and numbers aren't as different as you might imagine and in fact they have surprising and fascinating connections The concepts of logic and probability both grew out of intuitive ideas about how certain situations would play out Now logicians are inventing ways to deal with real world situations by mathematical means by acknowledging for instance that items that are mathematically interchangeable may not be interchangeable in a story And complexity theory looks at both number strings and narrative strings in remarkably similar terms Throughout renowned author John Paulos mixes numbers and narratives in his own delightful style Along with lucid accounts of cutting edge information theory we get hilarious anecdotes and jokes instructions for running a truly impressive pyramid scam a

freewheeling conversation between Groucho Marx and Bertrand Russell while they're stuck in an elevator together explanations of why the statistical evidence against OJ Simpson was overwhelming beyond doubt and how the Unabomber's thinking shows signs of mathematical training and dozens of other treats This is another winner from America's favorite mathematician Coffee with Groucho Simon Louvish, 2007 Meet Groucho Marx by a miracle of time travel Sit back and enjoy his hilarious showbiz tales and his surreal flights of fantasy A fictional dialogue based on biographical facts

Kaminsky, 2011-12-13 As a hard-boiled Hollywood PI enlists Al Capone's help to save the Marx Brothers Kaminsky makes the totally wacky possible The Washington Post It's 1941 and the Marx Brothers first movie for MGM Go West has the country in stitches But now Chico Marx is worried he's going to need stitches when he receives a severed ear in the mail a simple message from a Chicago bookie who wants 120,000 or else Chico is baffled because although he loves to gamble he's never made a bet in Chicago Desperate he turns to the king of Hollywood Louis B. Mayer who puts in a call to Toby Peters A Hollywood private detective who's proven himself adept at keeping scandals out of the tabloids Peters flies to Florida for an interview with Al Capone, deposed lord of the Chicago underworld The retired bootlegger's mind has gone soft and he doesn't know anything about Chico's bookie but he suggests Peters speak to his brother With Scarface's good word as an introduction the PI heads to Chicago But it will take more than a good sense of humor to keep Groucho Harpo and especially Chico from getting axed Edgar Award winner Stuart Kaminsky's Toby Peters series was a delight They were written with more than a dash of humor and featured a variety of improbable real-life characters ranging from the Marx Brothers to Judy Garland Library Journal **Focus On: 100 Most Popular American Game Show Hosts** Wikipedia contributors, *The Annotated Marx Brothers* Matthew Coniam, 2015-02-19 Have you ever watched a Marx Brothers film and wondered what a habes Irish rose is What is the trial of Mary Dugan with sound What is a college widow When exactly did Don Ameche invent the telephone Their films are full of such in-jokes and obscure theatrical literary and topical references that can baffle modern audiences In this viewer's guide to the Marx Brothers you will find the answer to such mysteries along with an exhaustive compilation of background information obscure trivia and even the occasional busted myth Each of the Marx Brothers' 13 films is covered by a running commentary with points in the film discussed as they appear Each reference is listed by its running time with time code given for both PAL and NTSC DVD An introduction for neophytes and a resource for fanatics this book is a travel guide to the rambling landscape of these remarkable comedies
