Screen Writings Bert Cardullo, 2010 Screen Writings Genres, Classics, and Aesthetics offers close readings of genre films and acknowledged film classics in an attempt to explore both the aesthetics of genre and the definition of classic as well as the changing perception of so called classic movies over time. Implicitly theoretical as much as it is unashamedly practical, this book is a model not only of film analysis but also of the enlightened deployment of cultural studies in the service of cinema study.

Talking Heads Ian Gittins, 2004 Book A superbly illustrated in depth examination of the stories, events, places, and characters that inspired the songs of the Talking Heads, arguably the most significant band to emerge from the late 70s New York punk scene based around CBGB's club. Led by guitarist/vocalist David Byrne, the band enjoyed major chart success on both sides of the Atlantic with infectious incendiary singles like Road to Nowhere, Psycho Killer, and Once in a Lifetime. During their influential seventeen year career, Talking Heads assembled a body of raw yet intellectual rock music second to none. Then in 2002, having vowed to never work together again, the four original Heads reconvened and played live when they were inducted into the Rock and Roll Hall of Fame. Ian Gittins has written about music and popular culture for fifteen years for such varied publications as Melody Maker.
