Becherel, 2013-03-22

Relationships and human interactions are among the leading causes of happiness and wellbeing However sometimes they also cause unhappiness frustration anger and many other negative emotions Relationships define our lives As social beings we have a need to connect share and relate with other people Miscommunication is the leading cause of relationship issues in the world In Relationship Equation we share with you simple practical and effective tips to transform your relationships If you want to live fulfilling and meaningful relationships whether they are familial social professional or romantic this book is for you **The EROS Equation** Eve Eschner Hogan, 2014-03-01

Based on the idea that it is our own response to a situation rather than the situation itself that creates a particular outcome The EROS Equation is a unique approach to improving relationships Instead of focusing on difficult partners or problems author and relationship adviser Eve Eschner Hogan enables us to uncover new and creative responses in ourselves using the EROS equation As she explains in the introduction Hogan developed this problem solving tool through years of work with clients colleagues and in her own marriage She named it the EROS equation because it can be written as Event Response Outcome and Solutions E R O and S Invocative of the Greek god of love this empowering outlook leads to deeper self knowledge and more harmonious relationships Writing in accessible short chapters Hogan uses real life examples to look at typical relationship issues from daily annoyances to extramarital affairs She highlights common responses that don't work and applies the EROS equation to show us how our own wisdom intuition and creativity can reveal solutions The EROS Equation makes clear that by changing an unhelpful habitual response that blocks understanding we can create a loving and solution oriented outcome Ready for True Love
