Advertising to Children on TV Barrie Gunter, Caroline Oates, Mark Blades, 2004-09-22 The current rapid growth of TV platforms in terrestrial satellite and cable formats will soon move into digital transmission offering opportunities for greater commercialization through advertising on media that have not previously been exploited In

A Transnational Study of Law and Justice on TV Peter Robson, Jennifer L. Schulz, 2016-11-17 This collection examines law and justice on television in different countries around the world. It provides a benchmark for further study of the nature and extent of television coverage of justice in fictional reality and documentary forms. It does this by drawing on empirical work from a range of scholars in different jurisdictions. Each chapter looks at the raw data of how much justice material viewers were able to access in the multi-channel world of 2014 looking at three phases: apprehension, police adjudication, lawyers and disposition, prison punishment. All of the authors indicate how television developed in their countries. Some have extensive public service channels mixed with private media channels. Financing ranges from advertising to programme sponsorship to licensing arrangements. A few countries have mixtures of these. Each author also examines how TV justice has developed in their own particular jurisdiction. Readers will find interesting variations and thought-provoking similarities. There are a lot of television shows focussed on legal themes that are imported around the world. The authors analyse these as well. This book is a must-read for anyone interested in law, popular culture, TV or justice and provides an important addition to the literature due to its grounding in empirical data.

HIV on TV Malynnda A. Johnson, 2018-09-15 In the 80s and 90s it was *Designing Women* and *The Real World*; today it's *Grey's Anatomy* and *How to Get Away with Murder*. 35 years since HIV hit prime time, it remains a hot topic for TV producers to include in storylines. While the motivation behind creating an HIV narrative is sometimes to disseminate facts about HIV and STIs, far more often it is the sexy ratings a show can receive by including a taboo or controversial topic. As a result, while some education is provided to audiences, far more shows are found only perpetuating misinformation and stereotypes. As a result, viewers, young populations especially, continue to believe they are not at risk. HIV on TV: Popular Culture's Epidemic offers a discussion of how HIV has permeated popular culture. News broadcasts, movies, television shows, even music lyrics have imbedded messages about HIV. Examining over 35 years of the HIV evolution on television, this book offers a critical lens for examining how medial topics, specifically HIV, are covered in the media. Cutting across three common genres: news, drama, and comedy, characterizations, contexts, and themes are critically analyzed to uncover what each genre has contributed to audience's understanding of risk and what it is like to live with HIV. In total, the book offers three perspectives of the lessons presented about HIV. First is the view from the screen, asking what the characters themselves say to the viewer. Second, the book shares

results from interviews with viewers themselves who have recalled seeing the shows mentioned Finally the book offers thoughts and reflections from writers producers and actors involved in the narratives Providing the greatest insight an interview with Daniel Franzese Mean Girls Road to Recovery Looking offers his experience in playing multiple roles as someone living with HIV and a challenge to media writers to be cautious in how they choose to write HIV into a storyline

Fitzgerald, 2018-06-12 Since the election of Richard Nixon in 1968 to Donald Trump s victory in 2016 both presidential campaigns and television news have undergone significant changes perhaps most noticeably in the use of public opinion polls in campaign reporting by the national evening newscasts of ABC CBS and NBC *The Influence of Polls on Television News Coverage of Presidential Campaigns* explores how during the past 50 years the three networks have quadrupled their use of polls during general election campaigns while the amount of time spent covering the actual issues facing the nation has dwindled The increasing focus on polls over the years by television news has resulted in an overall diminished quality of journalism which is relying more and more on sensationalism and theatrics The competition between the candidates has become a central focus of reporting which has led to presidential campaigns being covered like sporting events Major party candidates are portrayed increasingly less like potential leaders of the free world and more like athletes who are winning or losing a ballgame The problem is not exit polls prematurely projecting a winner several hours before voting ends but pre election polls which do the same thing weeks before Election Day Recommended for scholars interested in communication political science history and sociology

Television in Black-and-white America Alan Nadel, 2005 La couverture indique Alan Nadel s new book reminds us that most of the images on early TV were decidedly Caucasian and directed at predominantly white audiences Television did not invent whiteness for America but it did reinforce it as the norm particularly during the Cold War years Nadel now shows just how instrumental it was in constructing a narrow conservative and very white vision of America During this era prime time TV was dominated by adult Westerns with heroes like The Rebel s Johnny

Yuma reincarnating Southern values and Bonanza's Cartwright family reinforcing the notion of white patriarchy programs that Nadel shows bristled with Cold War messages even as they spoke to the nation's mythology America had become visually reconfigured as a vast Ponderosa crisscrossed by concrete highways designed to carry suburban white drivers beyond the moral challenge of racism racial poverty and increasingly vocal civil rights demands **Library of Congress Subject Headings** Library of Congress.
