Senate,1874 The Doctor in the Victorian Novel Dr Tabitha Sparks,2013-04-28 With the character of the doctor as her subject Tabitha Sparks follows the decline of the marriage plot in the Victorian novel As Victorians came to terms with the scientific revolution in medicine of the mid to late nineteenth century the novel s progressive distance from the conventions of the marriage plot can be indexed through a rising identification of the doctor with scientific empiricism A narrative s stance towards scientific reason Sparks argues is revealed by the fictional doctor s relationship to the marriage plot Thus novels that feature romantic doctors almost invariably deny the authority of empiricism as is the case in George MacDonald s Adela Cathcart In contrast works such as Wilkie Collins s Heart and Science which highlight clinically minded or even sinister doctors uphold the determining logic of science and in turn threaten the novel s romantic plot By focusing on the figure of the doctor rather than on a scientific theme or medical field Sparks emulates the Victorian novel s personalization of tropes and belief systems using the realism associated with the doctor to chart the sustainability of the Victorian novel s central imaginative structure the marriage plot As the doctors Sparks examines increasingly stand in for the encroachment of empirical knowledge on a morally formulated artistic genre their alienation from the marriage plot and its interrelated decline succinctly herald the end of the Victorian era and the beginning of Modernism *Investigation of Veterans' Bureau* United States. Congress. Senate. Select Committee on Investigation of Veterans' Bureau,1923
