On The Contrary Essays By Men And Women:

On the Contrary Martha Rainbolt, Janet Fleetwood, 1984-06-30 *On The Contrary* contains a balance of writings by men and women. The essays are presented in pairs, a man and a woman writing on each topic. This balanced juxtaposition allows students to discuss, think, and write about changing roles and relationships without being forced into either a feminist or traditionalist party line. The essays in each section reverberate suggestively with each other, and this effect is reinforced by the discussion questions, writing topics, and introductory material. An additional table of contents arranges the essays according to rhetorical rubrics. *Architects, Angels, Activists and the City of Bath, 1765-1965* Cynthia Imogen

Hammond, 2012 *Approaching the past as both historian and artist* Cynthia Imogen Hammond documents how women across classes shaped the built environment of one of England's most architecturally significant cities. *Architects, Angels, Activists and the City of Bath, 1765-1965* Engaging with Women's Spatial Interventions in Buildings and Landscape documents

Hammond's own creative spatial interventions in the city through which she brings the history of women to the foreground of Bath's urban image.

Irishness in North American Women's Writing Ellen McWilliams, 2021-01-25 This book examines ideas of Irishness in the writing of Mary McCarthy, Maeve Brennan, Alice McDermott, Alice Munro, Jane Urquhart, and Emma Donoghue. Individual chapters engage in detail with questions central to the social or literary history of Irish women in North America and pay special attention to the following discourses of Irish femininity in twentieth-century American and Canadian literature: mythologies of Irishness in an American and Canadian context; transatlantic literary exchanges; and the influence of canonical Irish writers and ideas of exile in the work of diasporic women writers.

"Architects, Angels, Activists and the City of Bath, 1765-1965" Cynthia Imogen Hammond, 2017-07-05 A unique contribution to the architectural and social history of Bath. *Architects, Angels, Activists and the City of Bath, 1765-1965* Engaging with Women's Spatial Interventions in Buildings and Landscape approaches the past with the methods of the architectural historian and the site-specific interventions of the contemporary artist. Looking beyond and behind Bath's strategic marshalling of its past, Cynthia Imogen Hammond presents the ways in which women across classes shaped the built environment and designed landscapes of one of England's most architecturally significant cities. This study argues that Bath's efforts to preserve itself as an idealized Georgian town reveal an aesthetics of exclusion. Jane Austen may be well known, but the role of historic women in the creation of this city has had minimal treatment within the city's collective public memory. This book is an intervention into this memory; the author uses site-specific works of public art as strategic counterparts to her historical readings. Through them, she aims to transform as well as critique the urban image of Bath. At once a performative literature, an extensively researched history, and an alternative guide to the city, *Architects, Angels, Activists and the City of Bath, 1765-1965* engages with current struggles over urban signification in Bath and beyond.

Women at the Wheel Katherine J. Parkin, 2017-09-26 *Women at the Wheel* explores women's historical experience with automobiles. Katherine Parkin argues that in every regard, from learning to drive to

repairing cars from being a passenger to taking the wheel women had a distinct experience with cars in American culture

For His Eyes Only Lisa Funnell, 2015-10-20 The release of *Skyfall* in 2012 marked the fiftieth anniversary of the James Bond film franchise It earned over one billion dollars in the worldwide box office and won two Academy Awards Amid popular and critical acclaim some have questioned the representation of women in the film From an aging M to the limited role of the Bond Girl and the characterization of Miss Moneypenny as a defunct field agent *Skyfall* develops the legacy of Bond at the expense of women Since *Casino Royale* 2006 and its sequels *Quantum of Solace* 2008 and *Skyfall* constitute a reboot of the franchise it is time to question whether there is a place for women in the new world of James Bond and what role they will play in the future of series This volume answers these questions by examining the role that women have historically played in the franchise which greatly contributed to the international success of the films This academic study constitutes the first book length anthology on femininity and feminism in the Bond series It covers all twenty three Eon productions as well as the spoof *Casino Royale* 1967 considering a range of factors that have shaped the depiction of women in the franchise including female characterization in Ian Fleming's novels the vision of producer Albert R Broccoli and other creative personnel the influence of feminism and broader trends in British and American film and television The volume provides a timely look at women in the Bond franchise and offers new scholarly perspectives on the subject

Essays on Sex Equality John Stuart Mill, Harriet Taylor Mill, 2015-08-03 This volume brings together for the first time all the writings of John Stuart Mill and Harriet Taylor Mill on equality between the sexes including John Stuart Mill's *The Subjection of Women* a classic in the history of the women's rights movement since its publication one hundred years ago Also contained in this volume is a major interpretative essay by Alice S Rossi on Mill and Harriet Taylor which describes and analyzes their long personal and intellectual relationship

Ethics and Children's Literature Claudia Mills, 2016-05-13 Exploring the ethical questions posed by in and about children's literature this collection examines the way texts intended for children raise questions of value depict the moral development of their characters and call into attention shared moral presuppositions The essays in Part I look at various past attempts at conveying moral messages to children and interrogate their underlying assumptions What visions of childhood were conveyed by explicit attempts to cultivate specific virtues in children What unstated cultural assumptions were expressed by growing resistance to didacticism How should we prepare children to respond to racism in their books and in their society Part II takes up the ethical orientations of various classic and contemporary texts including prosaic ethics in the *Hundred Acre Wood* moral discernment in *Narnia* ethical recognition in the distant worlds traversed by L Engle and virtuous transgression in recent Anglo American children's literature and in the emerging children's literature of 1960s Taiwan Part III's essays engage in ethical criticism of arguably problematic messages about our relationship to nonhuman animals about war and about prejudice The final section considers how we respond to children's literature with ethically focused essays exploring a range of ways in which child readers and adult authorities react to children's literature

Even as children's literature has evolved in opposition to its origins in didactic Sunday school tracts and moralizing fables authors parents librarians and scholars remain sensitive to the values conveyed to children through the texts they choose to share with them *Age Matters* Toni M. Calasanti, Kathleen F. Slevin, 2013-10-11 This volume of original chapters is designed to bring attention to a neglected area of feminist scholarship aging After several decades of feminist studies we are now well informed of the complex ways that gender shapes the lives of women and men Similarly we know more about how gendered power relations interface with race and ethnicity class and sexual orientation Serious theorizing of old age and age relations to gender represents the next frontier of feminist scholarship In this volume leading national and international feminist scholars of aging take first steps in this direction illuminating how age relations interact with other social inequalities particularly gender In doing so the authors challenge and transform feminist scholarship and many taken for granted concepts in gender studies *Gender Through the Prism of Difference* Maxine Baca Zinn, Pierrette

Hondagneu-Sotelo, Michael A. Messner, 2016 *Gender Through the Prism of Difference* adopts a global transnational perspective on how race class and sexual diversity are central to the study of sex and gender In contrast with other books in this area which tend to focus on U S or European viewpoints this wide ranging anthology features many articles based on research done elsewhere throughout the world Now in its fifth edition the book opens with a revised and updated Introduction that sets the stage for understanding gender as a socially constructed experience Featuring twenty eight new readings this edition covers compelling subjects like transgendered people intersex issues men and masculinity sexual and gender violence disabilities obesity reproductive technologies educational testing aging and ageism and Occupy Wall Street

The Great Reckoning Stephen Mattson, 2018-10-23 What do we do when the church looks nothing like Jesus Many followers of Jesus feel disillusioned by a broken religion one that loves political power promises prosperity and feeds on fear We are desperately trying to rationalize how a loving God can be connected to unloving churches institutions and people We can no longer deny that our version of Christianity is not just imperfect but has been coopted to inflict violence racism abuse hate and even death The question before many Christians is no longer how their faith can survive within a secular culture It is how their faith can survive Christianity itself In *The Great Reckoning* writer Stephen Mattson writes out of the rubble of the failed American faith Instead of doomsaying or casting aspersions however Mattson offers hope for seekers looking for inspiration solace for Christians fed up with an unsatisfying religion and clarity for those sifting through the remains *The Great Reckoning* is a clear eyed yet tender critique of where we've gone wrong and a guide away from the culture wars and toward the life of Jesus Rather than further immersing ourselves in Christendom what if we started rethinking what it means to be a Christian in the first place What if Christians shed the hopes and dreams of Christianity and turned instead of the Christ at the center of our faith Consider this a dispatch from the wreckage of American cultural Christianity and an ode to the Jesus looking faith we seek *Shot/Countershot* Lucy Fischer, 2014-07-14 Do films made by women comprise a counter

cinema radically different from the dominant tradition Feminist film critics contend that women filmmakers do present from a distinctive vision or countershot and Lucy Fischer argues persuasively for this view In rich detail this book relates the idea of a counter cinema to theories of intertextuality and locates it in the broad context of recent feminist film literary and art criticism Fischer also employs an original critical model of the dialogue between women s cinema and film tradition in the very organization of the book Each chapter discusses a theme or genre such as the musical the double the myth of womanhood and the figure of the actress counterposing two or more works from the feminist and from the dominant cinema What emerges is a fascinating picture of a women s film tradition that not only addresses but reworks and remakes the mainstream cinema Fischer successfully combines two main strains of feminist criticism the deconstructive critique of the dominant culture from a feminist standpoint and the study of a feminist counterculture Examining films from *Persona* and *The Lady from Shanghai* to *Girlfriends* and *Sisters or the Balance of Happiness* the book offers fresh interpretations of individual works and can incidentally serve as an introduction to the field of feminist film criticism Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Critical Essays on World Literature, Comparative Literature and the "Other" Jüri Talvet, 2019-09-18 The book offers coherent theoretical treatment of the conceptions of World Literature and Comparative Literature in parallel with their practical application to the research of different literary phenomena Renaissance and Baroque creativity literary canons philosophy of translation etc especially as viewed from the point of view of the other peripheral minor minority national linguistic cultures Envisaging womankind s historical liberation and a budding comparative world sensibility has been seen as one of the greatest merits of European creative humanists To explain the deep sources of creativity and image authenticity the notions of the aesthetic infra other and philosophical transgeniality have been introduced The proposed aim would be to transcend monologues of ideological cultural centres as well as formalistic and sociological trends in cultural and literary research and teaching The book advocates a plurality of creative dialogues and a mutually enriching symbiotic relationship between centres and peripheries

Köstenberger, Thomas R. Schreiner, 2016-02-12 The role of women in the church is more hotly debated today than ever Christians on all sides of the issue often turn to the apostle Paul's words in 1 Timothy to justify their position arguing over the meaning and application of this challenging passage Now in its third edition this classic exposition of 1 Timothy 2:9-15 includes contributions by Thomas Schreiner Andreas Köstenberger Robert Yarbrough Rosaria Butterfield and others walking readers through the biblical text with careful exegesis sound reasoning and a keen awareness of the implications for men and women in the church Academically rigorous yet pastorally sensitive this book offers Christians a helpful overview of Paul's teaching related to how men and women are to relate to one another when it comes to authoritative teaching in the local church Includes a new preface a new conclusion four updated chapters and two all new chapters *Women in Greek Myth* Mary R. Lefkowitz, 2007-08-27 In the first edition of *Women in Greek Myth* Mary R. Lefkowitz convincingly challenged narrow ideological interpretations of the roles of female characters in Greek mythology Where some scholars saw the Amazons as the last remnant of a forgotten matriarchy Clytemnestra as a frustrated individualist and Antigone as an oppressed revolutionary Lefkowitz argued that such views were justified neither by the myths themselves nor by the relevant documentary evidence Concentrating on those aspects of women's experience most often misunderstood life apart from men marriage influence in politics self sacrifice and martyrdom and misogyny she presented a far less negative account of the role of Greek women both ordinary and extraordinary as manifested in the central works of Greek literature This updated and expanded edition includes six new chapters on such topics as heroic women in Greek epic seduction and rape in Greek myth and the parts played by women in ancient rites and festivals Revisiting the original chapters as well to incorporate two decades of more recent scholarship Lefkowitz again shows that what Greek men both feared and valued in women was not their sexuality but their intelligence *Afro-Dog* Bénédicte Boisseron, 2018-08-14 The animal rights organization PETA asked Are Animals the New Slaves in a controversial 2005 fundraising campaign that same year after the Humane Society rescued pets in the aftermath of Hurricane Katrina while black residents were neglected some declared that white America cares more about pets than black people These are but two recent examples of a centuries long history in which black life has been pitted against animal life Does comparing human and animal suffering trivialize black pain or might the intersections of racialization and animalization shed light on interlinked forms of oppression In *Afro Dog* Bénédicte Boisseron investigates the relationship between race and the animal in the history and culture of the Americas and the black Atlantic exposing a hegemonic system that compulsively links and opposes

blackness and animality to measure the value of life She analyzes the association between black civil disobedience and canine repression a history that spans the era of slavery through the use of police dogs against protesters during the civil rights movement of the 1960s to today in places like Ferguson Missouri She also traces the lineage of blackness and the animal in Caribbean literature and struggles over minorities right to pet ownership alongside nuanced readings of Derrida and other French theorists Drawing on recent debates on black lives and animal welfare Afro Dog reframes the fast growing interest in human animal relationships by positioning blackness as a focus of animal inquiry opening new possibilities for animal studies and black studies to think side by side

Virginia Woolf's Good Housekeeping Essays Christine Reynier, 2018-07-11 In the mid twentieth century Virginia Woolf published Six Articles on London Life in Good Housekeeping magazine a popular magazine where fashion cookery and house decoration is largely featured This first book length study of what Woolf calls little articles proposes to reassess the commissioned essays and read them in a chronological sequence in their original context as well as in the larger context of Woolf's work Drawing primarily on literary theory intermedial studies periodical studies and philosophy this volume argues the essays which provided an original guided tour of London are creative and innovative works combining several art forms while developing a photographic method Further investigation examines the construct of Woolf's essays as intermedial and as partaking both of theory and praxis intermediality is closely connected here with her defense of a democratic ideal itself grounded in a dialogue with her forebears Far from being second rate the Good Housekeeping essays bring together aesthetic and political concerns and come out as playing a pivotal role they redefine the essay as intermedial signal Woolf's turn to a more openly committed form of writing and fit perfectly within Woolf's essayistic and fictional oeuvre which they in turn illuminate
