Wicks,1964 *Living on the Edge of the Edge* Ruth Elizabeth Krall,Lisa Schirch, PhD,2017-06-19 There are several divisive issues that separate Christian from

Christian in the current century One issue is the church's management of clergy sexual abuses of children, teens, and adults. A second is the issue of sexual gender orientation and church membership. Contemporary Christian denominations often intermingle the divisive issue of clergy and religious leader sexual abusiveness with the equally divisive issue of sexual gender orientation. In this book, Professors Krall and Schirch disentangle and discuss these two issues. They discuss their personal and their professional opinions about ways in which religious and spiritual teaching communities can avoid the institutional perils of abusive clericalism and divisive denominational management practices. Throughout the book, they apply Anabaptist/Mennonite principles of peace making in situations of sexual violation. Case studies are provided. A feminist hermeneutic is applied. Each letter essay is auto-ethnographic in style; the professional and the personal are deliberately blurred inside a framework of narrative and story. Each essay is deeply rooted in its author's academic interests and in her personal life history. This book can be a text in graduate and undergraduate classrooms. It can also be used in denominational self-study programs.

On the Edge of Truth and Honesty: Principles and Strategies of Fraud and Deceit in the Early Modern Period, 2021-10-25 In the early modern period, deceit and fraud were common issues. Acutely aware of the ubiquity and multiplicity of simulation and dissimulation, people from this period made serious efforts to gain a better understanding of the phenomenon, trying to distinguish between acceptable and unacceptable, pleasant and unpleasant, wicked and virtuous forms of deceit, and seeking to unravel its principles, strategies, and functions. The twelve case studies in this volume focus on the use of deceit by several groups of people in different spheres of life, as well as on its representation in literary and artistic genres and its conceptualization in philosophical and rhetorical discourses. The studies testify to the rich variety of deceitful strategies applied by people from the early modern period, as well as to the subtlety and diversity of the conceptual frameworks they construed in order to grasp the many aspects of the elusive yet all-pervasive phenomenon of deceit. Contributors include Daniel Acke, Jacques Bos, Wiep van Bunge, Evelien Chayes, Paul J. C. M. Franssen, Paul van Heck, Toon van Houdt, Alfons K. L. Thijs, Bert Timmermans, Johannes Trapman, Mark van Vaec, Natascha Veldhorst, and Johan Verberckmoes.

On the Edge of the Auspicious Mary M. Cameron, 1998 Drawing on data from work, family, and religious domains, addresses the relationship between gender and Hindu caste hierarchy in western Nepal.

When she becomes an adult, she opens a car door while going forty miles per hour with five children in the back and doesn't sleep for an entire week. Her son would dedicate his entire life to helping her, even as his own life is filled with suspense, having five life threats and altering events in one year. Their magnificent lives are perplexing, bizarre, and unexplainable. There are two lives that defied odds to survive, and they shared a love that gave them the will to fight and never give up on life.
