

ALL WAR ENDINGS: IN UKRAINE

On The Endings Of War

Александр Чичулин

On The Endings Of War:

How to End a War Graham Parsons, Mark Wilson, 2023-03-09 How and when should we end a war What place should the pathways to a war's end have in war planning and decision making This volume treats the topic of ending war as part and parcel of how wars begin and how they are fought a unique complex problem worthy of its own conversation New essays by leading thinkers and practitioners in the fields of philosophical ethics international relations and military law reflect on the problem and show that it is imperative that we address not only the resolution of war but how and if a war as waged can accommodate a future peace The essays collectively solidify the topic and underline its centrality to the future of military ethics strategy and war

Ethics Beyond War's End Eric Patterson, 2012-03-02 The wars in Afghanistan and Iraq have focused new attention on a perennial problem how to end wars well What ethical considerations should guide war's settlement and its aftermath In cases of protracted conflicts recurring war failed or failing states or genocide and war crimes is there a framework for establishing an enduring peace that is pragmatic and moral Ethics Beyond War's End provides answers to these questions from the just war tradition Just war thinking engages the difficult decisions of going to war and how war is fought But from this point forward just war theory must also take into account what happens after war ends and the critical issues that follow establishing an enduring order employing political forms of justice and cultivating collective forms of conciliation Top thinkers in the field including Michael Walzer Jean Bethke Elshtain James Turner Johnson and Brian Orend offer powerful contributions to our understanding of the vital issues associated with late and post conflict in tough real world scenarios that range from the US Civil War to contemporary quagmires in Afghanistan the Middle East and the Congo

7 Steps to End War & Save the Planet Steve Ratzlaff, 2008-04-17 A pacifist's timely and passionate manifesto addressing the issue of global warming Utopia as Ratzlaff explains is not some unattainable oasis but rather a world without war and with a balanced global habitat that can sustain future generations Rank and file Americans need to be able to comprehend what global warming is all about the author writes in order to grasp what will happen if we fail to take immediate steps to combat it The book is not a scientific treatise bogged down with academic language but rather a pacifist's simple approach to solving one of the world's most difficult dilemmas Employing a minimum of hard data to explore melting ice caps rising sea levels changing weather patterns and ocean currents Ratzlaff effectively illustrates the cause and effect relationship between human activity and the planet's well-being While Al Gore answered the hows and whys of global warming in *An Inconvenient Truth* Ratzlaff illustrates the imminent need for vast governmental and political changes and he explains the consequences of ignoring the obvious threat to our planet The author states that one of the biggest problems with the current approach to global warming is the tendency of advocates to ignore the significant role of population growth Additionally at the roots of global warming lay nationalism religious wars and the military industrial complex Ratzlaff outright blames governments and corporations for the current situation After demonstrating the various successes of the United Nations in heading off global conflicts the author concludes that the UN is the only organization capable of becoming a fully empowered international governing body Yet handcuffed by its current structure it can do nothing more than cast environmental resolutions that are often ignored Unlike other books that attempt to tackle major global issues rather than pointing out the problems and offering no solutions Ratzlaff rounds out each of the seven steps with definitive alternatives in his *If I Were President* summaries A thorough yet easy to comprehend take on global warming KIRKUS REVIEWS

Every War Must End Fred Charles Iklé, 2005 *Every War Must End* analyzes the many critical obstacles to ending a war an aspect of military strategy that is frequently and tragically overlooked Iklé considers a variety of examples from twentieth century history and examines specific strategies that effectively won the peace In the new preface Iklé explains how U S political decisions and military strategy and tactics in Iraq have delayed and indeed jeopardized a successful end to hostilities

Never-Ending War on Terror Alex Lubin, 2021-01-05 A concise primer to the political cultural and social consequences of the perpetual US global war on terror An entire generation of young adults has never known an America without the War on Terror This book contends with the pervasive effects of post 9 11 policy and myth making in every corner of American life *Never Ending War on Terror* is organized around five keywords that have come to define the cultural and political moment homeland security privacy torture and drone Alex Lubin synthesizes nearly two decades of United States war making against terrorism by asking how the War on Terror has changed American politics and society and how the War on Terror draws on historical myths about American

national and imperial identity From the PATRIOT Act to the hit show Homeland from Edward Snowden to Guantanamo Bay and from 9 11 memorials to Trumpism this succinct book connects America s political economy and international relations to our contemporary culture at every turn **Feminist Solutions for Ending War** Megan MacKenzie,Nicole

Wegner,2021-11-20 War is a man s game or so goes the saying Whether this is true or not patriarchal capitalism is certainly one of the driving forces behind war in the modern era So can we end war with feminism This book argues that this is possible and is in fact already happening Each chapter provides a solution to war using innovative examples of how feminist and queer theory and practice inform pacifist treaties movements and methods from the international to the domestic spheres The contributors propose a range of solutions that include arms abolition centring Indigenous knowledge economic restructuring and transforming how we count civilian deaths Ending war requires challenging complex structures but the solutions found in this edition have risen to this challenge By thinking beyond the violence of the capitalist patriarchy this book makes the powerful case that the possibility of life without war is real **Ending the U.S. War in Iraq** Richard R. Jr.

Brennan,Charles P. Ries,Larry Hanauer,Ben Connable,Terrence K. Kelly,2013-11-05 Ending the U S war in Iraq required redeploying 100 000 military and civilian personnel handing off responsibility for 431 activities to the Iraqi government U S embassy USCENTCOM or other U S government entities and moving or transferring ownership of over a million pieces of property in accordance with U S and Iraqi laws national policy and DoD requirements This book examines the planning and execution of this transition *The War That Will End War* H.G. Wells,2021-01-01 The War That Will End War by H G Wells

In this thought provoking essay H G Wells confronts the devastating realities of World War I and explores the idea of using the conflict as a catalyst to end all future wars The War That Will End War presents Wells vision for a world order based on international cooperation and disarmament urging for lasting peace and global harmony Key Aspects of the Book The War That Will End War World War I Analysis Wells essay offers a critical analysis of the causes and consequences of World War I reflecting on its profound impact on humanity Peace and Disarmament The book advocates for the pursuit of peace through collective efforts and the dismantling of militarism Humanitarian Ideals The War That Will End War reflects Wells humanitarian ideals and his belief in the potential for humanity to build a better future H G Wells was an English writer born in 1866 renowned for his contributions to science fiction and social commentary He wrote prolifically on various subjects including war and peace envisioning a world united by knowledge and empathy Wells works continue to inspire readers and provoke contemplation on the course of human history **Echo of Peace. Voices For Ending War and Harmony on**

Earth Александр Чичулин,2024-03-27 Echo of Peaceis your guide to the world of diplomacy education and technology This book explores how modern innovation and education can contribute to peace It combines theory and practical examples showing how small steps of each of us lead to global change Open the first page and start building a bridge to a peaceful future **The War That Will End War (The original unabridged edition)** H. G. Wells,2023-12-29 In The War That Will

End War H G Wells presents a prescient and incisive exploration of the global conflicts that defined the early 20th century particularly World War I Written in 1914 this unabridged edition retains Wells characteristic blend of speculative fiction and social commentary engaging readers in discussions about the futility of war and the ideal of lasting peace Wells employs a mix of impassioned rhetoric and analytical observation challenging his contemporaries to rethink their assumptions about militarism and the potential for a unified world order His prophetic vision reflects the disillusionment felt by many in the face of modern warfare encapsulating the zeitgeist of a society on the brink of transformative change H G Wells often referred to as the father of science fiction was deeply influenced by his own experiences and the tumultuous socio political landscape of his time His career spanned debates about socialism technology and the human condition all of which colored his vision of the world s future Wells advocated for international cooperation and disarmament events which shaped his narrative in this compelling and thought provoking text *The War That Will End War* remains strikingly relevant today offering insightful reflections on the nature of conflict and the enduring quest for peace This book is essential reading for those interested in history political science and literature as it not only illuminates the past but also provokes critical discussions about the future of humanity

Exiting war Romain Fathi, Margaret Hutchison, Andrekos Varnava, Michael Walsh, 2022-01-18 *Exiting war* explores a particular 1918 20 moment in the British Empire s history between the First World War s armistices of 1918 and the peace treaties of 1919 and 1920 That moment we argue was a challenging and transformative time for the Empire While British authorities successfully answered some of the post war tests they faced such as demobilisation repatriation and fighting the widespread effects of the Spanish flu the racial social political and economic hallmarks of their imperialism set the scene for a wide range of expressions of loyalties and disloyalties and anticolonial movements The book documents and conceptualises this 1918 20 moment and its characteristics as a crucial three year period of transformation for and within the Empire examining these years for the significant shifts in the imperial relationship that occurred and as laying the foundation for later change in the imperial system

At War's End Roland Paris, 2004-05-24 All fourteen major peacebuilding missions launched between 1989 and 1999 shared a common strategy for consolidating peace after internal conflicts immediate democratization and marketization Transforming war shattered states into market democracies is basically sound but pushing this process too quickly can have damaging and destabilizing effects The process of liberalization is inherently tumultuous and can undermine the prospects for stable peace A more sensible approach to post conflict peacebuilding would seek first to establish a system of domestic institutions that are capable of managing the destabilizing effects of democratization and marketization within peaceful bounds and only then phase in political and economic reforms slowly as conditions warrant Peacebuilders should establish the foundations of effective governmental institutions prior to launching wholesale liberalization programs Avoiding the problems that marred many peacebuilding operations in the 1990s will require longer lasting and ultimately more intrusive forms of intervention in the domestic affairs of these states This book

was first published in 2004 **War and Punishment** H. E. Goemans, 2000-08-20 What makes wars drag on and why do they end when they do Here H E Goemans brings theoretical rigor and empirical depth to a long standing question of securities studies He explores how various government leaders assess the cost of war in terms of domestic politics and their own postwar fates Goemans first develops the argument that two sides will wage war until both gain sufficient knowledge of the other s strengths and weaknesses so as to agree on the probable outcome of continued war Yet the incentives that motivate leaders to then terminate war Goemans maintains can vary greatly depending on the type of government they represent The author looks at democracies dictatorships and mixed regimes and compares the willingness among leaders to back out of wars or risk the costs of continued warfare Democracies according to Goemans will prefer to withdraw quickly from a war they are not winning in order to appease the populace Autocracies will do likewise so as not to be overthrown by their internal enemies Mixed regimes which are made up of several competing groups and which exclude a substantial proportion of the people from access to power will likely see little risk in continuing a losing war in the hope of turning the tide Goemans explores the conditions and the reasoning behind this gamble for resurrection as well as other strategies using rational choice theory statistical analysis and detailed case studies of Germany Britain France and Russia during World War I In so doing he offers a new perspective of the Great War that integrates domestic politics international politics and battlefield developments The Anti-Gravity Handbook David Hatcher Childress, 2003 Revised expanded new edition of the weird science classic a compilation of material on Anti Gravity Free Energy Flying Saucer Propulsion UFOs Suppressed Technology NASA Cover ups and more Includes Photos of Area 51 in Nevada How to build a flying saucer Arthur C Clarke on anti gravity Crystals and their role in levitation Secret government research and development Nikola Tesla on how anti gravity airships could draw power from the atmosphere Bruce Cathie s Anti Gravity Equation NASA the Moon and Anti Gravity The mysterious technology used by the ancient Hindus of the Rama Empire The Rand Corporation s 1956 study on Gravity Control T Townsend Brown s electro gravity experiments How equations exist for electro gravity and magneto gravity Schematics photos and illustrations with patents technical illustrations photos cartoons **The End of the Cold War** Michael J. Hogan, 1992-06-26 This book first published in 1992 examines the end of the Cold War and the implications for the history and future of the world order Congressional Record United States. Congress, 1971 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Commentary on the Old Testament** C. F. Keil, Franz Delitzsch, 2014-06-27 For over a century the Keil Delitzsch Commentary on the Old Testament has stood as a monumental and indispensable resource for biblical scholars pastors and serious students of the Bible Authored by two of the nineteenth century s most respected Old

Testament scholars Carl Friedrich Keil and Franz Delitzsch this commentary is celebrated for its unparalleled depth rigorous scholarship and reverent approach to the text It meticulously navigates the historical grammatical and theological dimensions of the Old Testament providing profound insights into every book verse by verse This classic work remains a cornerstone of biblical exegesis offering a timeless guide to understanding the richness and complexity of God s Word

Commanders Digest ,1969-11 A publication of the Department of Defense to provide official and professional information to commanders and key personnel on matters related to Defense policies programs and interests and to create a better understanding and teamwork within the Department of Defense *Public Papers of the Presidents of the United States* United States. President,1971 Containing the public messages speeches and statements of the President 1956 1992
