On The Threshold Of Adolescence The Struggle For Independence In The Twelfth Year:

On the Threshold of Adolescence Hermann Koepke, 1992 This book tells the story of how Suzanne a young Waldorf teacher struggles with the changes her class is going through The problems she and parents must deal with are familiar to all parents drug use smoking lack of responsiveness rebelliousness and moodiness In this compassionate and wise guidebook we accompany Suzanne in her sincere efforts to help her students as she talks to other faculty members and to parents gradually adapting her teaching to the students changing needs She learns from an older mentor whose guidance is based on the educational methods and spiritual insights presented by Rudolf Steiner whose perspective gives adolescence a new more meaningful face Understanding adolescent changes as part of our human destiny and our development toward individuality helps us guide young people as they take their first steps on the road to independence

Rhythms of Learning Rudolf Steiner, 1998 Key lectures on children and education have been thoughtfully chosen from the vast amount of material by Steiner and presented in a context that makes them approachable and accessible In his many discussions and lectures Steiner shared his vision of an education that considers the spirit soul and physiology in children as they grow

Raising a Daughter Jeanne Elum, Don Elum, 2011-02-23 Girls are born believing that they can do anything but our media driven culture of mixed messages and conflicting values can make growing up a confusing and risky business And for parents it is a daunting responsibility to raise confident independent daughters while still keeping them safe Jeanne and Don Elum address such complex challenges as peer pressure and evolving social roles emotional effects of physical changes moodiness eating disorders and depression the consequences of early sexuality the gender gap between girls and boys new research on ADD and ADHD in girls daughters and single parenting Raising A Daughter guides parents through each stage of a girl's development from infant to toddler through middle childhood the teen years and on into early adulthood A bestseller since 1994 this newly revised classic offers a practical exploration of what it means to have a daughter and a compassionate study of what it means to be a woman coming of age in today's world

Youth Longs to Know John Gardner, 1997-05 11 lectures various cities January May 1909 CW 109 These talks reveal a particular aspect of how humankind have been guided spiritually throughout history by the life forces and astral bodies of the great initiates and avatars that were preserved duplicated and interwoven with the leading personalities of history Steiner gives numerous examples of this process but he says that such inspired people are rare today Nevertheless we have the possibility of elevating ourselves in the future to the point where we can receive into ourselves the I being of the Christ which is indeed our greatest goal not I but Christ in me This volume is a translation from German of *Das Prinzip der spirituellen Konomie im Zusammenhang mit Widerverkrüppelungsfragen Ein Aspekt der geistigen Führung der Menschheit* GA 109

Education for Adolescents Rudolf Steiner, 1996-07 8 lectures Stuttgart June 12 19 1921 CW 302 In these eight talks on education for teenaged young people Steiner addressed the teachers of the first Waldorf school two years after it was first opened A high school was needed and

Steiner wanted to provide a foundation for study and a guide for teachers already familiar with his approach to the human being child development and education based on spiritual science Steiner s education affirms the being of every child within the world of spirit This approach works within the context of the child s gradual entry into earthly life aided by spiritual forces and children s need for an education that cooperates with those forces Some of Steiner s remarks may be controversial but unbiased study will lead to an appreciation of the profound thought and wisdom behind what is presented here German source *Menschenkenntnis und Unterrichtsgestaltung* GA 302 Forthcoming Books Rose Arny,1992-10
