The Autobiography of Arthur Ransome 1976 **Standing on Common Ground** Geraldo L. Cadava, 2013-11-01 Under constant increasingly militarized surveillance, the Arizona-Sonora border is portrayed in the media as a site of sharp political and ethnic divisions. But this view obscures the region's deeper history. Bringing to light the shared cultural and commercial ties through which businessmen and politicians forged a transnational Sunbelt, *Standing on Common Ground* recovers the vibrant connections between Tucson, Arizona, and the neighboring Mexican state of Sonora. Geraldo L. Cadava corrects misunderstandings of the borderland's past and calls attention to the many types of exchange beyond labor migrations that demonstrate how the United States and Mexico continue to shape one another. In the 1940s, a flourishing cross-border traffic developed among entrepreneurs, tourists, and students, as politicians on both sides worked to cultivate a common ground of free enterprise. However, the modernizing

forces of manufacturing ranching and agriculture marginalized the very workers who propped up the regional economy and would eventually lead to the social and economic instability that has troubled the Arizona Sonora corridor in recent times Standing on Common Ground clarifies why we cannot understand today's fierce debates over illegal immigration and border enforcement without identifying the roots of these problems in the Sunbelt's complex pan-ethnic and transnational history
