

IT SHOULDN'T HAVE TO HAPPEN TO US FOR IT TO MATTER TO US

The Purpose

Jesus clearly showed a heart of compassion for children and the vulnerable. As His Church, we must do the same... we must recognize, prevent and respond to abuse.

Over 550 perpetrators have been reported among our fellowship (40% workers, 60% elders & saints) since March 24th this year. 95% of those credible allegations are child sexual abuse and 5% are sexual abuse.

Children require the protection of adults. Their fear of people is not yet developed, their intuition not yet loaded with enough information and experience to keep them from harm.

It is highly likely that someone you know or care for has experienced, or is currently experiencing, child sexual abuse.

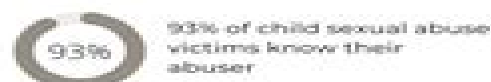

What is SA/CSA?

Adult Sexual Abuse (SA) generally means any non-consensual sexual act, including when the victim lacks capacity to consent or when power differentials exist.

In our fellowship, whether we admit it or not, there is very much a hierarchical order. And in a hierarchy, where the man has power over the woman and workers over friends, "consensual" relationships are not always consensual.

Child Sexual Abuse (CSA): "Sexual activity with a child (a person under the age of 18) by an adult, adolescent or older child."

CSA can even exist in the absence of touching. This might include exposing a person's genitals to a child, encouraging a child to watch or hear sexual acts either in person or on a video, photographing a child in a sexual position, obscene conversations or text, etc.

Victim Stories from our Friends

“I can honestly say that the abuse has affected me at all stages of my life. It is something that is always there and continually has an effect on the way I think about myself, my relationships to others, how I see myself as a parent, a person. I wonder what my family – my relationships would have been without its presence.”

“In common with most victims of sexual assault, I suffered feelings of guilt. A number of questions bothered me- for example: Why did I allow it to happen? Why did I not immediately tell my parents? It has only been in the last few years that I have realized that I was in no way to blame and now I feel absolutely free to talk about the abuse without any shame or guilt.”

“God was and is everything to me. By the time I was 10 years old I put words to what I had always felt: I wish I was never born. By the time I was 12 I knew I could do something about it. At that point I always had a plan and always had access to the plan. The only reason I never committed suicide is because I believed in God and God was the only reason to live. My whole life was about surviving from one day to the next. And sometimes from one moment to the next. Always this state of fear, always a state of torment.”

One doesn't have to operate with great malice to do great harm. The absence of empathy and understanding are sufficient.
