The Native American Mascot Controversy C. Richard King, 2010-10-11 Sports mascots have been a tradition for decades. Along with the usual lions and tigers, many schools are represented by Native American images. Once considered a benign practice, numerous studies have proved just the opposite: that the use of Native American mascots in educational institutions has perpetuated a shameful history of racial insensitivity. *The Native American Mascot Controversy* provides an overview of the issues that have been associated with this topic for the past 40 years. The book provides a comprehensive and critical account of the issues surrounding the controversy, explicating the importance of anti-Indian racism in education and how it might be challenged. A collection of important primary documents and an extensive list of resources for further study are also included. Expounding the dangers and damages associated with their continued use, *The Native American Mascot Controversy* is a useful guide for anyone with an interest in race relations.

Deepening Local Democracy in Latin America Benjamin Goldfrank, 2015-09-10 The resurgence of the Left in Latin America over the past decade has been so notable that it has been called the Pink Tide. In recent years, regimes with leftist leaders have risen to power in Argentina, Bolivia, Brazil, Chile, Ecuador, El Salvador, Nicaragua, Uruguay, and Venezuela. What does this trend portend for the deepening of democracy in the region? Benjamin Goldfrank has been studying the development of participatory democracy in Latin America for many years, and this book represents the culmination of his empirical investigations in Brazil, Uruguay, and Venezuela. In order to understand why participatory democracy has succeeded better in some countries than in others, he examines the efforts in urban areas that have been undertaken in the cities of Porto Alegre, Montevideo, and Caracas. His findings suggest that success is related most crucially to how nationally centralized political authority is and how strongly institutionalized the opposition parties are in the local arenas.

From Thorpe **Courts** Cassia Spohn, Craig Hemmens, 2009 *Courts: A Text Reader* provides the best of both worlds: authored text sections with carefully selected accompanying readings that illustrate the questions and controversies legal scholars and court researchers are investigating in the 21st century. The articles from leading journals in criminology and criminal justice reflect both classic studies of the criminal court system and state-of-the-art research and often have a policy perspective that makes them more applied, less theoretical, and more interesting to both undergraduate and graduate

students This unique Text Reader is primarily intended for undergraduate and graduate courses on the criminal court system and or judicial processes

BOOK JACKET Handbook of Juvenile Forensic Psychology and Psychiatry Elena Grigorenko, 2012-02-18 Juvenile justice centers have a long tradition as an unfortunate stop for young offenders who need mental health care Reports estimate that as many as 70% of the youth in detention centers meet criteria for mental health disorders As juvenile justice systems once again turn their focus from confinement to rehabilitation mental health providers have major opportunities to inform and improve both practice and policy The Handbook of Juvenile Forensic Psychology and Psychiatry explores these opportunities by emphasizing a developmental perspective multifaceted assessment and evidence based practice in working with juvenile offenders This comprehensive volume provides insights at virtually every intersection of mental health practice and juvenile justice covering areas as wide ranging as special populations sentencing issues educational and pharmacological interventions family involvement ethical issues staff training concerns and emerging challenges Together its chapters contain guidelines not only for changing the culture of detention but also preventing detention facilities from being the venue of choice in placing troubled youth Key issues addressed in the Handbook include Developmental risks for delinquency Race and sex disparities in juvenile justice processing Establishing standards of practice in juvenile forensic mental health assessment Serving dually diagnosed youth in the juvenile justice system PTSD among court involved youth Female juvenile offenders Juvenile sex offenders The Handbook of Juvenile Forensic Psychology and Psychiatry is an essential reference for researchers professors allied clinicians and professionals and policy makers across multiple fields including child and school psychology child and adolescent psychiatry developmental psychology criminology juvenile justice forensic psychology neuropsychology social work and education

Doing Time in the Depression Ethan Blue, 2014-11-22 As banks crashed belts tightened and cupboards emptied across the country American prisons grew fat Doing Time in the Depression tells the story of the 1930s as seen from the cell blocks and cotton fields of Texas and California prisons state institutions that held growing numbers of working people from around the country and the world overwhelmingly poor disproportionately non white and displaced by economic crisis Ethan Blue paints a vivid portrait of everyday life inside Texas and California s penal systems Each element of prison life from numbing boredom to hard labor from meager pleasure in popular culture to crushing pain from illness or violence demonstrated a contest between keepers and the kept From the moment they arrived to the day they would leave inmates struggled over the meanings of race and manhood power and poverty and of the state itself In this richly layered account Blue compellingly argues that punishment in California and Texas played a critical role in producing a distinctive set of class race and gender identities in the 1930s some of which reinforced the social hierarchies and ideologies of New Deal America and others of which undercut and troubled the established social order He reveals the underside of the modern state in two very different prison systems and the making of grim institutions whose power would only grow across the century
