The Sanity of Satire Al Gini, Abraham

Singer,2020-10-07 Political humor and satire are perhaps as old as comedy itself and they are crucial to our society and our collective sense of self Satire is confrontational It s about pushback dissent discord disappointment and demonstrating the absurdity of the status quo This book is an attempt to explore how these aspects of satire help secure our sanity Aristotle famously said that humans are naturally political animals We need political community to flourish and live good lives But politics also entails unpopular decisions oppression and power struggles Satire is a vehicle through which we reflect on and challenge the irrational incomprehensible and intolerable nature of our lives without becoming totally despondent or depressed In a poignant pithy but not ponderous manner Al Gini and Abraham Singer delve into the history of satire to rejoice in its triumphs and watch its development from ancient graffiti to the latest late night TV talk show *Shaded Lives* Beretta E. Smith-Shomade,2002 In *Shaded Lives* Beretta Smith Shomade sets out to dissect images of the African American woman in television from the 1980s She calls their depiction binaristic or split African American women although an essential part of television programming today are still presented as distorted and deviant By closely examining the television texts of African American women in comedy music video television news and talk shows Oprah Winfrey is highlighted Smith Shomade shows how these voices are represented what forces may be at work in influencing these images and what alternate ways of viewing might be available *Library of Congress Catalogs* Library of Congress,1977 **Math Goes to the Movies** Burkard Polster,Marty Ross,2012-08-31 Mel Gibson teaching Euclidean geometry Meg Ryan and Tim Robbins acting out Zeno s paradox Michael Jackson proving in three different ways that  $7 \times 13 = 28$  These are just a few of the intriguing mathematical snippets that occur in hundreds of movies Burkard Polster and Marty Ross pored through the cinematic calculus to create this thorough and entertaining survey of the quirky fun and beautiful mathematics to be found on the big screen *Math Goes to the Movies* is based on the authors own collection of more than 700 mathematical movies and their many years using movie clips to inject moments of fun into their courses With more than 200 illustrations many of them screenshots from the movies themselves this book provides an inviting way to explore math featuring such movies as *Good Will Hunting* *A Beautiful Mind* *Stand and Deliver* *Pi* *Die Hard* *The Mirror Has Two Faces* The authors use these iconic movies to introduce and explain important and famous mathematical ideas higher dimensions the golden ratio infinity and much more Not all math in movies makes sense however and Polster and Ross talk about Hollywood s most absurd blunders and outrageous mathematical scenes Interviews with mathematical consultants to movies round out this engaging journey into the realm of cinematic mathematics This fascinating behind the scenes look at movie math shows how fun and illuminating equations can be **African Americans in the Performing Arts** Steven Otfinoski,2014-05-14 Includes profiles of African American performing artists Provides brief biographies subject indexes further reading suggestions and general index Part of a 10 volume set each volume devoted to the contributions of African Americans in a particular cultural field This text contains profiles of some 190 performing artists from choreographer Alvin Ailey to hip hop producer Dr Dre nee Andre Young Each

entry provides a biographical sketch of the artist's career and lists readings and other materials of interest. The contributions of musicians receive comparatively greater coverage than other artistic endeavors.
