On The Feminine:

The Power of Being a Woman Michelle McKinney Hammond, 2014-07-01 Michelle sets aside the political correctness of our society's views and calls a truce between the genders with her biblically based perspective on the art of being a woman. Today's Christian Woman magazine Writing with her characteristic boldness, grace and gut level honesty, Michelle McKinney Hammond challenges women to unearth the hidden gift of their femininity. Readers will gain a new biblically based perspective on their femininity and a few laughs along the way as they experience Michelle's refreshing take on the real feminine mystique. They will discover the power of influence, the pitfalls of manipulation, the strength of vulnerability, how to make up for their mate's weaknesses, how to take advantage of his strengths. Instead of being threatened by men and unsure of their own value, readers can truly embrace the precious value of being women as they inspire the world with their intrinsic strength, intuition, sensitivity, and yes, sexuality. **Rerelease of The Power of Femininity** *Women, Myth, and the Feminine Principle* Bettina Liebowitz Knapp, 1998-01-01 The book begins by probing the Divine Feminine in Tibet's Gesar of Ling, one of the most fascinating myths of all time. Especially intriguing is the hero's seemingly continuous dependency on the feminine principle for guidance. The heroine in Kalidasa's Sanskrit drama *Sakuntala* focuses on the obstacles set in *Sakuntala*'s earthly trajectory and how these were instrumental in her evolution from the stage of passive unconscious and withdrawn archetypal Maiden to that of the conscious, decisive, strong spiritual Mother. To explore the highly complex personalities of Kriemhild and Brunhild in the High German *Nibelungenlied* is to enter the realm of sun and shadow, the lightened regions of consciousness and the deep interiors of primal darkness. **The resurgence of the feminine** Fanny Van Laere, 2012-01-01 Within a society in which rational analysis and technology have been greatly developed but which has not known how to translate its material wealth into emotional and spiritual wellbeing, the resurgence of the feminine is ever more necessary, essential, and unavoidable. This book is a call and guide for healing and for developing consciousness of both women and men. It offers tools to integrate feminine values as well as to humanize our relationships with ourselves, the rest of society, and with the environment. It is about waking up to your own true power and your true nature beyond social and gender conditioning. It is an invitation to go within in order to be in contact with our Divine Human Potential, develop it, and then express and externalize it, healing in this way our life and our relationship with Mother Earth. In this voyage of initiation and as we overcome the repression of the feminine, we dare to explore our most human dimensions as well as enter into contact with our most vulnerable sides, turning them into allies and true strength. *The Resurgence of the Feminine* contains an article by Leonard Orr, founder of Rebirthing Breathwork, and a prologue written by Vandana Shiva. **Sexing the Self** Elspeth Probyn, 1993 Faced with the seemingly enormous difficulty of representing others, many theorists working in Cultural Studies have been turning to themselves as a way of speaking about the personal. In *Sexing the Self*, Elspeth Probyn tackles this question of the sex of the self, an issue of vital importance to feminists and yet neglected by feminist theory until now.

suggest that there are ways of using our gendered selves in order to speak and theorize non essential but embodied selves
