On the Illinois Frontier Hiram Rutherford, 1981 These letters and papers present the saga of a pioneer doctor who migrated to Illinois made house calls on horseback har bored a slave family in violation of Illinois Black Laws and when hauled into court sought legal counsel from a friend Abraham Lincoln only to learn that Lincoln was already in the pay of the slave owner The first selection of this book contains a series of person al letters mostly to John Bowman Dr Rutherford s future brother in law in Pennsylvania Rutherford describes life in Illi nois in the 1840s in vivid enough detail to make it real for Bowman and the contemporary reader But Rutherford s real reason for writing to Bowman was to get him to bring Lucinda Bowman whom Rutherford had vowed to marry to Illinois Rutherford tried subtlety I am still in a state of single blessedness will probably ever remain so unless you bring me a spare rib When oblique reference failed the doctor spoke with candor and finally got Lucinda much to her mother s dismay to the Illinois prairie The middle portion contains articles Dr Rutherford wrote for the local paper Here he describes the people the charac ters with precision and wit Matt was a speculator by nature had much good gas in him and believed in names high sounding ones of course He describes both Dan Swalls who blew up the still by approaching the first batch with his candle and the tipping Baptist preacher who awakening to see a vulture star ing at him took the temperance pledge The final section discusses the famous Matson slave trial The central interest in this case is that Abraham Lincoln acted as at torney for the slave owner The editors quote liberally from contemporary accounts but note that no one has yet explained the future president s behavior **Biography of an**

Antislavery City Todd Mealy, 2007 After five years of research Todd Mealy has provided a monographic perception of the Antislavery Movement By focusing on the struggles between antislavery and proslavery residents of Harrisburg during the first half of the 19th century Mealy shows that Pennsylvaniaas capital city was just as important in the movement against slavery as some of the larger more documented cities like Philadelphia New York and Boston Invaluable for its sources and sweeping account of a single city this interpretation of antislavery provides a unique look at the partnership between white and black abolitionists and how we survey the Underground Railroad all together Abraham Lincoln Michael

Abel, 2009-06-30 The image of the female caregiver holding a midnight vigil at the bedside of a sick relative is so firmly rooted in our collective imagination we might assume that such caregiving would have attracted the scrutiny of numerous historians As Emily Abel demonstrates in this groundbreaking study of caregiving in America across class and ethnic divides and over the course of ninety years this has hardly been the case While caring for sick and disabled family members was commonplace for women in nineteenth and early twentieth century America that caregiving the caregivers experience of it and the medical profession s reaction to it took diverse and sometimes unexpected forms A complex series of historical changes Abel shows has profoundly altered the content and cultural meaning of care *Hearts of Wisdom* is an immersion into that world of care Drawing on antebellum slave

narratives white farm women's diaries and public health records Abel puts together a multifaceted picture of what caregiving meant to American women and what it cost them from the pre Civil War years to the brink of America's entry into the Second World War She shows that caregiving offered women an arena in which experience could be parlayed into expertise while at the same time the revolution in bacteriology and the transformation of the formal health care system were weakening women's claim to that expertise Table of Contents Acknowledgments Introduction Part One 1850 1890 1 Hot Flannels Hot Teas and a Great Deal of Care Emily Hawley Gillespie and Sarah Gillespie 1858 1888 2 An Overview of Nineteenth Century Caregiving 3 Tried at the Quilting Bees Conflicts between Old Ladies and Aspiring Professionals Part Two 1890 1940 4 A Terrible and Exhausting Struggle Martha Shaw Farnsworth 1890 1924 5 Just as You Direct Caregiver Translations of Medical Authority 6 Negotiating Public Health Directives Poor New Yorkers at the Turn of the Century Reviews of this book This excellent historical review of female caregiving within families as a transformative experience identifies conditions that make this form of human connectedness rewarding and meaningful J E Thompson Choice This is a breathtaking work in terms of its depth and its breadth Emily Abel's research is impressive in its time frame wide range of topics and wonderful source material What she has given us for the first time is a full length study of the female support network not only for childbirth but for a whole range of health issues With her pleasing writing style and clear readable prose she gives us much more than mere glimpses of anonymous people she provides the reader with a sense of the texture of human lives Susan L Smith University of Alberta The reader of *Hearts of Wisdom* is surprised by the topic and content but is left with the sense that the most central story of human possibility has been left out of all other history books The work offers a substantive contribution to history feminist scholarship caregiving professions and informal caregivers Patricia Benner R N Ph D University of California San Francisco Selected Poems Carl Sandburg, 1996 What Sandburg knew and said was what America knew from the beginning and said from the beginning and has not yet no matter what is believed of her forgotten how to say wrote Archibald MacLeish about Carl Sandburg that most American of poets and his connection to the American psyche

Lincoln's Ladder to the Presidency Guy C. Fraker, 2012-11-09 University Press Books for Public and Secondary Schools 2013 edition Superior Achievement by the Illinois State Historical Society 2013 Throughout his twenty three year legal career Abraham Lincoln spent nearly as much time on the road as an attorney for the Eighth Judicial Circuit as he did in his hometown of Springfield Illinois Yet most historians gloss over the time and instead have Lincoln emerge fully formed as a skillful politician in 1858 In this innovative volume Guy C Fraker provides the first ever study of Lincoln's professional and personal home away from home and demonstrates how the Eighth Judicial Circuit and its people propelled Lincoln to the presidency Each spring and fall Lincoln traveled to as many as fourteen county seats in the Eighth Judicial Circuit to appear in consecutive court sessions over a ten to twelve week period Fraker describes the people and counties that Lincoln

encountered discusses key cases Lincoln handled and introduces the important friends he made friends who eventually formed the team that executed Lincoln's nomination strategy at the Chicago Republican Convention in 1860 and won him the presidential nomination As Fraker shows the Eighth Judicial Circuit provided the perfect setting for the growth and ascension of Lincoln A complete portrait of the sixteenth president depends on a full understanding of his experience on the circuit and Lincoln's Ladder to the Presidency provides that understanding as well as a fresh perspective on the much studied figure thus deepening our understanding of the roots of his political influence and acumen *Journal of the Illinois State Historical Society* Illinois State Historical Society,1983 *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1982 *Book Catalog* Illinois State Historical Society,1986 *Journal of the Illinois State Historical Society* ,1983
