**Philip Peter Russo**

## On The Rim Of Empire:

*On the Rim of Empire* Philip Peter Russo, 2002-12 Though taking place against the background of the colorful and turbulent years of the American Revolution this is primarily a tale of espionage and betrayal Within the fabric of the earth shaking events of those times the author has interwoven a set of characters who could have credibly existed but who are of course pure fiction What is not fiction was George Washington's shrewd efficient and amazingly effective use of his secret service during the long struggle for American independence Even so events were to prove that at times mere chance weighed in at the right time and place to aid in the birth of this new and very different nation one that a future great president would call the last best hope of mankind

**Deathstalker** Simon R. Green, 2016-05-04 Owen Deathstalker last of the infamous warrior Clan always considered himself more of a writer than a fighter preferring his history books to making any actual history with a sword But books won't protect him from Her Imperial Majesty Lionstone XIV who just Outlawed and condemned Owen to death without any explanation reason or warning No wonder she's called the Iron Bitch Now on the run from Imperial starcruisers shady mercenaries and just about everyone else in the Empire Owen's options are limited Though the name Deathstalker still commands respect in certain quarters out on the Rim Owen is lucky he can cobble together a makeshift team of castoffs including an ex pirate a cyborg and a bounty hunter But allies won't be enough to save him If he's to live Owen can either run forever or take down the corrupt Empire To do that he'll need the fabled Darkvoid Device an artifact dating back to the first Deathstalker and perhaps the only weapon powerful enough to help this ragtag rebellion win The time has come for Owen to finally embrace his Deathstalker heritage and all the blood and death that go along with it

**Deathstalker** is the first book in New York Times bestselling author Simon R Green's beloved space opera series Praise for the Deathstalker series Green blends derring-do space battles and wry banter aplenty to form an eminently satisfying space opera Booklist The action is fast and frenzied consistently entertains with some wondrously quirky and warped characters Locus An over the top masterpiece that veers between brutal comedy and touching riffs on love loyalty and betrayal bloody funny and extremely bloody The Guardian UK
