Progress of Medieval Studies in the United States and Canada ,1927 Each number contains a List of medievalists and their publications and a List of doctoral dissertations Nos 6 10 include also the report of the Academy Progress of Medieval Studies in the United States of America and Canada ,1929 No 6 10 include the report of the Mediaeval Academy of America **A Cultural History of Tragedy in the Middle Ages** Jody Enders,Theresa Coletti,John T. Sebastian,Carol Symes,2021-05-20 For the first time a group of distinguished authors come together to provide an authoritative exploration of the cultural history of tragedy in the Middle Ages Reports of the so called death of medieval tragedy they argue have been greatly exaggerated and for the Middle Ages the stakes couldn t be higher Eight essays offer a blueprint for future study as they take up the extensive but much neglected medieval engagement with tragic genres modes and performances from the vantage points of gender politics theology history social theory anthropology philosophy economics and media studies The result A recuperated medieval tragedy that is as much a branch of literature as it is of theology politics law or ethics and which at long last rejoins the millennium long conversation about one of the world s most enduring art forms Each chapter takes a different theme as its focus forms and media sites of performance and circulation communities of production and consumption philosophy and social theory religion ritual and myth politics of city and nation society and family and gender and sexuality **A Most Holy War** Mark Gregory Pegg,2009-10-30 Historian Pegg has produced a swift moving gripping narrative of a horrific crusade drawing in part on thousands of testimonies collected by inquisitors in the years 1235 to 1245 These accounts of ordinary men and women bring the story vividly to life **British Qualifications 2016** Philip

Kogan,2015-12-03 Now in its 46th edition British Qualifications is the definitive one volume guide to every qualification on offer in the United Kingdom With an equal focus on vocational studies this essential guide has full details of all institutions and organizations involved in the provision of further and higher education and is an essential reference source for careers advisors students and employers It also includes a comprehensive and up to date description of the structure of further and higher education in the UK The book includes information on awards provided by over 350 professional institutions and accrediting bodies details of academic universities and colleges and a full description of the current framework of academic and vocational education It is compiled and checked annually to ensure accuracy of information *The Routledge Research Companion to John Gower* Ana Saez-Hidalgo,Brian Gastle,R.F. Yeager,2017-03-31 The Routledge Research Companion to John Gower reviews the most current scholarship on the late medieval poet and opens doors purposefully to research areas of the future It is divided into three parts The first part Working theories medieval and modern is devoted to the main theoretical aspects that frame Gower s work ranging from his use of medieval law rhetoric theology and religious attitudes to approaches incorporating gender and queer studies The second part Things and places material cultures examines the cultural locations of the author not only from geographical and political perspectives or in scientific and economic context but also in the transmission of his poetry through the materiality of the text and its reception Polyvocality text and language the third part focuses on Gower s trilingualism his approach to history and narratological and intertextual aspects of his works The Routledge Research Companion to John Gower is an essential resource for scholars and students of Gower and of Middle English literature history and culture generally *Ale, Beer, and Brewsters in England* Judith M. Bennett,1996-11-07 Women brewed and sold most of the ale consumed in medieval England but after 1350 men slowly took over the trade By 1600 most brewers in London were male and men also dominated the trade in many towns and villages This book asks how when and why brewing ceased to be women s work and instead became a job for men Employing a wide variety of sources and methods Bennett vividly describes how brewsters that is female brewers gradually left the trade She also offers a compelling account of the endurance of patriarchy during this time of dramatic change **Women, Agency and the Law, 1300-1700** Bronach Kane,2015-10-06 Based on close readings of both public and private documents court records churchwarden accounts depositions diaries letters and pamphlets this collection of essays presents the largely untold story of non elite women and their dealings with the law **A History of the English Parish** N. J. G. Pounds,2000 A grass roots cultural history of the English parish from the earliest times to Queen Victoria **Religion in the History of the Medieval West** John Van Engen,2023-05-31 These ten essays by John Van Engen situate religion in the history of medieval Western Europe as an unavoidable presence in everyday life as a conceptual framework for social and political life as a force integral to its historical dynamics Four of the essays are bibliographical and retrospective in nature reviewing the field broadly but also pointing toward a more dialectical approach to understanding the interaction of religion and society in the European

middle ages Other studies deal with large topics usually subsumed under the abstract term Christianization They grapple with learned sources as well as those associated with popular religion and show what can be gained from an imaginative use of all that lawyers and theologians said about religion in their society The essays finally look for the quality and dynamic of change even inventiveness released by religious action and conviction in medieval European society

Generations in Towns Finn-Einar Eliassen,Katalin Szende,2020-07-13 The existence and changing of generations in family life business and politics was a central feature of towns as well as rural societies in earlier times Even so it remains understudied by urban historians of the pre modern period This book aims to fill some of this gap containing twelve studies of generations in late medieval and early modern European towns ranging from the Mediterranean to the Nordic countries with a time span from the fourteenth to the early nineteenth century Dealing with topics like succession and inheritance family consciousness as well as relations and conflicts within and between generations the articles demonstrate the importance and potential of generational studies on pre modern towns The book will appeal to anyone who takes an interest in urban social and cultural history legal and family history in medieval and early modern times

Social Networks John Scott,2002 This collection brings together the principal sources in the development of the techniques of social network analysis from early metaphorical statements in Simmel and Radcliffe Brown through the more systematic explorations in sociology and social anthropology to contemporary formalizations A new introduction explores the history of Social Networks and highlights the arguments of those who treat social network analysis as a loose qualitative approach as well as those who see its potential in technical mathematical uses The thematically organized coverage includes Part I Conceptualizing Social Networks Part II Topics and Developments in Graph Theory Part III Further Mathematical Models for Networks Part IV Applications Family and Community Part V Applications Corporate Power and Economic Structures Part VI Applications Political Protest and Policy Networks Part VII Applications Knowledge Reputation and Diffusion

The Study of History ,2000 History is a subject which never stands still It is always changing its philosophies its contours its leading questions its politics its conceptual status and its methodologies This bibliographical guide to the study of history is wide ranging in scope extending from the ancient world to the 20th century It deliberately concentrates on modern historians views provides a substantial section on the philosophy of history charts controversies and highlights the continual evolution and diversification of history The material is logically organized in major areas and subsections and cross references are given where appropriate An index of authors editors and compilers is also provided

Cities and Economy in Europe Katalin Szende,Erika Szívós,Boglárka Weisz,2024-02-29 Exploring new perspectives concerning regions traditionally considered on the margins of Europe this book fills a gap in current historiography through its analysis of cities space and economy from the High Middle Ages to the present Markets trade and economy in general have formed the backbone of urban life ever since the emergence of cities and towns but classical theorists have largely focused on developments in Western Europe Urban research in the last few

decades has advanced in many ways to supersede and correct this still influential image and to include other parts of Europe into the analytical framework Building on these emerging methodologies this volume pays close attention to the fringes of Europe in the East North West and South The essays discuss the development of various spaces as nodal points for the exchange and production of commodities that took place in cities and towns The scope of this work allows for a point of comparison to frequently studied examples in Europe encouraging readers to identify larger patterns beyond individual examples Cities and Economy in Europe Markets and Trade on the Margins from the Middle Ages to the Present is the perfect resource for students and researchers of economic and urban history **Historical Information Science** Lawrence J. McCrank, 2001 Here is an extensive review and bibliographic essay backed by 5 000 citations about developments in information technology since the advent of personal computing and the convergence of the disciplines Its focus is on the access preservation and analysis of historical information primarily in electronic form and the relationships between new methodology and instructional media technique and research trends in library special collections digital libraries electronic and data archives and museums **The Social Studies** , 1925 *Single Life and the City 1200-1900* Isabelle Devos, Julie De Groot, Ariadne Schmidt, 2015-07-23 By taking on a long term perspective a large geographical scope and moving beyond the homogeneous treatment of single people this book fleshes out the particularities of urban singles and allows for a better understanding of the attitudes and values underlying this lifestyle in the European past
