On The Struggle For Democracy In Vietnam:

On the Struggle for Democracy in Vietnam Tăng Dực Đào,1994 **Vietnam's Dissidents** Susann Pham,2023-09-23
This book is the first ethnography on Vietnam's contemporary dissident movement. As a country that became known and is still remembered as one of the last remnants of Communist revolutions, Vietnam has managed to lift itself from one of the poorest war-torn post-colonies to one of the fastest growing market economies in Southeast Asia. Yet while holding on to the legacy of a communist-led liberation movement, the present-day Communist Party of Vietnam (CPV) finds itself subject to political challenges from below. In recent years, dissident voices critical of the party-state's malgovernance over social, economic, and environmental issues have mushroomed across classes, generations, and provinces. Based on extensive ethnographic data, this book explores distinct political practices and political ideas of Vietnam's dissidents. It examines different anti-capitalist and anti-authoritarian practices of democracy, labour, peasant, and religious activists and reveals that anti-capitalist and anti-authoritarian practices are at times motivated by nationalist, anti-communist, and statist ideas and ideologies. Understanding this dissonance between political practices and political ideas within the context of global capitalism and coloniality lies at the heart of this book. Translations on North Vietnam, 1971 *The Anti-Vietnam Agitation and the Teach-in Movement* United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws, 1965 **The Vietnam War** Edward Miller, 2016-01-19 The Vietnam War is an outstanding collection of primary documents related to America's conflict in Vietnam, which includes a balance of original American and Vietnamese perspectives providing a uniquely varied range of insights into both American and Vietnamese experiences. Includes substantial non-American content, including many original English translations of Vietnamese authored texts, which showcase the diversity and complexity of Vietnamese experiences during the war. Contains original American documents germane to the continuing debates about the causes, consequences, and morality of the US intervention. Incorporates personal histories of individual Americans and Vietnamese. Introductory headnotes place each document in context. Features a range of non-textual documents, including iconic photographs and political cartoons. **Translations from Hoc Tap (studies) North Vietnam** United States. Joint Publications Research Service, 1967 *Vietnam*, 2024-09-09 In the late 1980s, most of the world still associated Vietnam with resistance and war, hardship, refugees, and a mismanaged planned economy. During the 1990s, by contrast, major countries began to see Vietnam as both a potential partner and a strategically significant actor, particularly in the competition between the United States and an emerging China, and international investors began to see Vietnam as a land of opportunity. **Speaking Out in Vietnam** Benedict J. Tria Kerkvliet, 2019-06-15 Since 1990, public political criticism has evolved into a prominent feature of Vietnam's political landscape. So argues Benedict Kerkvliet in his analysis of Communist Party-ruled Vietnam. *Speaking Out in Vietnam* assesses the rise and diversity of these public displays of disagreement, showing that it has morphed from family whispers to

large scale use of electronic media In discussing how such criticism has become widespread over the last three decades Kerkvliet focuses on four clusters of critics factory workers demanding better wages and living standards villagers demonstrating and petitioning against corruption and land confiscations citizens opposing China's encroachment into Vietnam and criticizing China Vietnam relations and dissidents objecting to the party state regime and pressing for democratization He finds that public political criticism ranges from lambasting corrupt authorities to condemning repression of bloggers to protesting about working conditions Speaking Out in Vietnam shows that although we may think that the party state represses public criticism in fact Vietnamese authorities often tolerate and respond positively to such public and open protests Translations of Political and Sociological Information on North Vietnam ,1965 **Vietnam and the World** Eero Palmujoki,2016-07-27 Vietnam and the World is a comprehensive book on Vietnam's international relations since 1975 It is also a study on the development of Marxist Leninist doctrine in Vietnam With its special reference to foreign policy the book examines how formalist Marxist Leninist rhetoric penetrated traditional pragmatically oriented Vietnamese thinking By using previously unexploited Vietnamese material the author pinpoints the development of Vietnamese doctrine vis a vis pragmatism and formalism and analyzes the line pursued by Vietnam during the radical changes in international relation between 1975 and 1993 **Congressional Record** United States. Congress,2000 Legal Reforms in China and Vietnam John Gillespie,Albert Chen,2010-09-13 Although the adoption of market reforms has been a key factor leading to China's recent economic growth China continues to be governed by a communist party and has a socialist influenced legal system Vietnam starting later also with a socialist influenced legal system has followed a similar reform path and other countries too are now looking towards China and Vietnam as models for development This book provides a comprehensive comparative assessment of legal developments in China and Vietnam examining similarities and differences and raising important questions such as Is there a distinctive Chinese model and or a more general East Asian Model If so can it be flexibly applied to social and economic conditions in different countries If it cannot be applied to a culturally and politically similar country like Vietnam is the model transportable elsewhere in the world Combining micro or interpretive methods with macro or structural traditions the book provides a nuanced account of legal reforms in China and Vietnam highlighting the factors likely to promote change or resist the spread of the Chinese model **Human Rights in Vietnam** United States. Congress. House. Committee on International Relations. Subcommittee on Asia and the Pacific,1996 Routledge Library Editions: Revolution in Vietnam Various,2022-07-30 This 7 volume set of previously out of print titles examines both the war for liberation in Vietnam and its political and economic aftermath The economic reforms that began to transform Vietnam from a planned economy to a partially market one are focused on in particular as are the early days of revolutionary conflict *Background Information Relating to Southeast Asia and Vietnam* United States. Comprising contributions from leading Vietnam scholars, this volume comprehensively explores the core aspects of Vietnam's politics, providing a cutting edge analysis of politics in one of East Asia's least understood countries. *Background Information Relating to Southeast Asia and Vietnam, Committee on Foreign Relations, United States Senate, March 1966* United States.
