The Life of Words David-Antoine Williams,2020-05-05 For centuries investigations into

the origins of words were entwined with investigations into the origins of humanity and the cosmos With the development of modern etymological practice in the nineteenth century however many cherished etymologies were shown to be impossible and the very idea of original true meaning asserted in the etymology of etymology declared a fallacy Structural linguistics later held that the relationship between sound and meaning in language was arbitrary or unmotivated a truth that has survived with small modification until today On the other hand the relationship between sound and meaning has been a prime motivator of poems at all times throughout history The Life of Words studies a selection of poets inhabiting our Age of the Arbitrary whose auditory semantic sensibilities have additionally been motivated by a historical sense of the language troubled as it may be by claims and counterclaims of fallacy or true meaning Arguing that etymology activates peculiar kinds of epistemology in the modern poem the book pays extended attention to poems by G M Hopkins Anne Waldman Ciaran Carson and Anne Carson and to the collected works of Geoffrey Hill Paul Muldoon Seamus Heaney R F Langley and J H Prynne
