Once Upon a Time is Now Megan Bieselee,2023-07-14 Fifty years after her first fieldwork with Ju hoan San hunter gatherers anthropologist Megan Bieselee has written this exceptional memoir based on personal journals she wrote at the time The treasure trove of vivid learning experiences and nightly ponderings she found has led to a memoir of rare value to anthropology students and academics as well as to general readers Her experiences focus on the long lived healing dance known to many as the trance dance and the intricate beliefs artistry and social system that support it She describes her immersion in a creative community enlivened and kept healthy by that dance which she calls one of the great intellectual achievements of humankind From the Preface A few years ago I finally got around to looking back into the box of personal field journals I had not opened for over forty years I found a treasure trove It was an overwhelming experience So much that I had forgotten came vividly alive I laughed wept and was terrified all over again at my temerity in taking on what I had taken on To do justice to the richness of these notebooks I realized I would have to do a completely different sort of writing from anything I had ever done before

Once Upon a Time in China Jeff Yang,2003 From Jackie Chan to Ang Lee from Supercop to Crouching Tiger Hidden Dragon Chinese cinema has truly arrived in the U S Filled with photos and tidbits this is the definitive book for anyone who has already fallen in love with Chinese cinema and all those who are looking to learn more about it

Once Before Time Martin Bojowald,2011-11-01 In his introduction to a revolutionary theory of the cosmos Martin Bojowald shows how the big bang theory may give way to the big bounce theory which describes our universe as an eternal series of expansions and contractions with no beginning and no end In 2000 Bojowald then a twenty seven year old postdoctoral student at Pennsylvania State University used a relatively new theory called loop quantum gravity a cunning combination of Einstein s theory of gravity with quantum mechanics to create a simple model of the universe Loop quantum cosmology or LQC was born and with it a theory that managed to do something even Einstein s general theory of relativity had failed to do illuminate the very birth of the universe

Once Below a Time Eynel Wardi,2000-05-04 Highly original and theoretically wide ranging this book offers new insights into the

origins of poetry Working with much of the significant primary and secondary literature in psychoanalysis particularly the theories of Julia Kristeva the book skillfully sketches out a psychoanalytically enhanced theory of poetics through close readings of the works of Dylan Thomas Through an intense dialogue with pivotal poems it offers a subjectivist theory of poetic language one that focuses on the interrelation between meaning and subjectivity in the dynamics of the poetic text In this scheme the genesis of the speaking subject is held to be a reenactment of old and new fantasies of origins the reality of which is inaccessible to us buried as it were below time Among these fantasies the author also recognizes the psychoanalytic fantasy of origins that guides her own project

Once Upon a Time Elizabeth Beller, 2024-05-21 The life and legacy of Carolyn Bessette Kennedy wife of John F Kennedy Jr are reexamined in this captivating and effervescent biography A quarter of a century after the plane crash that claimed the lives of John F Kennedy Jr his wife Carolyn and sister in law Lauren the magnitude of this tragedy remains fresh Yet Carolyn is still an enigmatic figure a woman whose short life in the spotlight was besieged with misogyny and cruelty Amidst today's cultural reckoning about the way our media treats women Elizabeth Beller explores the real person behind the tabloid headlines and media frenzy When she began dating America's prince Carolyn was increasingly thrust into an overwhelming spotlight filled with relentless paparazzi who reacted to her reserve with a campaign of harassment and vilification To this day she is still depicted as a privileged princess icy vapid and drug addicted She has even been accused of being responsible for their untimely death allegedly delaying take off until she finished her pedicure But now she is revealed as never before A fiercely independent woman devoted to her adopted city and career Carolyn relied on her impeccable eye and drive to fly up the ranks at Calvin Klein in the glossy high stakes fashion world of the 1990s When Carolyn met her future husband John was immediately drawn to her strong willed personality effortless charm and high intelligence Their relationship would change her life and catapult her to dizzying fame but it was her vibrant life before their marriage and then hidden afterwards that is truly fascinating Based on in depth research and exclusive interviews with friends family members teachers roommates and colleagues this comprehensive biography reveals a multi faceted woman worthy of our attention regardless of her husband and untimely death

Donna Summer's Once Upon a Time Alex Jeffery, 2021-05-06 Contradicting assumptions that disco albums are shallow and packed with filler Donna Summer's double album *Once Upon A Time* stands out as a piece that delivers on its promise of an immaculately crafted journey from start to finish A new interpretation of the Cinderella story it is set in the then contemporary world of New York disco and takes the listener on a journey from urban isolation and deep despair to joy and vindication all filtered through the mind of its naive and fantasy prone protagonist As well as charting the production of the album within the legendary Munich Machine in Germany this book digs deep into the album's rich themes and subtexts Approaching the book from inventive angles the four essays within the book act as a prism connecting the reader to the classical aspirations of Eurodisco the history of the black fairy tale and a queer knowledge that reads Summer's Cinderella tale in some surprising ways

Once Upon A Parallel Time Philip K. Dick,2023-12-15 In *Once Upon A Parallel Time* Philip K Dick delves into the intricate tapestry of multiple realities and the fluidity of time exploring profound themes of identity existence and the nature of perception Written in his characteristic speculative fiction style the narrative blurs the lines between dreams and reality inviting readers to navigate a labyrinth of parallel worlds where the conventional laws of time do not apply The book intertwines philosophical musings with a vivid often surreal imagery that forces readers to confront the limits of consciousness and the potential of alternate lives Philip K Dick a seminal figure in 20th century science fiction was deeply influenced by his own experiences with altered states of consciousness as well as his existential musings stemming from a tumultuous life beset by personal crises His work often reflects a quest for understanding amid political paranoia and technological advancement which informed the complex world building present in *Once Upon A Parallel Time* This collection of short stories released posthumously captures his unique intellect and the existential weight he wrestled with throughout his career Engaging and thought provoking *Once Upon A Parallel Time* is a must read for aficionados of speculative fiction and those intrigued by the philosophical queries surrounding reality and existence Dick s innovative narrative techniques and probing questions surround the reader with a sense of wonder and introspection making this collection not only a reflection

on possible realities but also an exploration of what it means to be human
