**Once Upon A Lily Pad** Joan Sweeney,1995-10-01 The delightful tale of two frogs who reside in the pond at Monet's Giverny is sure to enchant even the youngest reader Convinced that the old painter in the straw hat is painting their portraits the frogs pose patiently season after season The colorful pastel illustrations are accompanied by a three page gatefold that features a reproduction of one of Monet's renowned water lily paintings and a brief biography of the artist Once Upon A Lily Pad is a fun read aloud and an enticing introduction to art

Representations of Art and Art Museums in Children's Picture Books Perry Nodelman,2024-10-17 What happens when the assumptions and practices of museum curators and art educators intersect with the assumptions and practices of publishing for children This study explores how over three hundred children's picture books most of them published in the last three decades in English introduce children to art and art museums It considers how the books emerge from and relate to a range of theories and assumptions about childhood and childhood development children's literature and culture illustration visual art museology and art education As well as examining how these theories and assumptions influence what picture books teach young readers about visiting museums and about how to look at and think about art it examines which artists and artworks appear most often in picture books and offers a survey of different kinds of art related picture books ones that claim to be purely informational ones that make looking at art a game or a puzzle ones in which children visit art museums and many more Since the books all include reproductions of or allusions to museum artworks the study also considers the problems illustrators face in depicting museum artworks in illustrations in a different style

Have you ever wished you could sleep all day every day and do whatever you wanted when you want to No one to tell you that what you were doing was detrimental Loving animals nonsensical stories and fairytales the author incorporates all of those in her writings Oftentimes a dash of morals to her works show consequences of one's actions She's been writing story poems short stories and poetry since the age of eight She says she enjoys doing what comes naturally to you and possibly your health Or have you felt as though the world was your oyster and that you could open it at your leisure This storyline follows a toad who believed that spending his time doing nothing to him was actually everything He didn't care about the time because the moon and sun were the only clues he needed He never worried about being anywhere because he had nowhere to be This toad thought his life was wonderful and it should not be taken seriously To him It was all tried and true until he met someone who though not tactfully eventually changed his way of thinking      Lily Pad Launch Cyndi Turtledove,2021-06-03      Frog's Lily Pad Penny Ledbetter,2006-01-01
