The Self-Propelled Voyager Duncan R. Jamieson, 2015-09-03 Before the last quarter of the nineteenth century people who wanted to travel independently either walked or rode horses Then a newly invented machine changed forever the nature of personal transportation The cycle self propelled bicycles tricycles and tandems allowed almost anyone to travel around town around their region and around the world While dramatic developments in equipment clothing road surfaces and amenities make the physicality of cycling much different from the earlier era the experience of cycling has seen little change The Self Propelled Voyager How the Cycle Revolutionized Travel recounts how a transportation innovation opened the world for not only those who made the journey but also for the armchair travelers who read with interest the cyclists accounts of faraway places Following a brief history of the development of the cycle this book describes the exploits of long distance riders who wrote of their experiences their triumphs and their tragedies Duncan R Jamieson chronicles their journeys their personal stories and the times in which they lived revealing that despite the continuing rise and fall of cycling interest people continue to enjoy traveling in the slow lane Drawing on books and articles by the women and men who rode and wrote of their travels The Self Propelled Voyager also features photographs from the 1880s up to the modern day illustrating the development of the cycle through history Accessibly written yet comprehensive in its coverage this book will interest not only the cycling enthusiast but historians focusing on sport and sport tourism as well

The Dog in the Wood Monika Schröder, 2017-11-21 When the Russians come where do you go Fritz loves his vegetable garden His tomatoes are delicious he s attentive to the asparagus and he remembers how to keep slugs off the strawberries But his tranquil life on the family farm is about to end the Russians are near Hitler has died and known Nazi sympathizers like the Friedrich family brace for the Bolsheviks to take over their town Local German

supporters of the Bolshevik regime seize the Friedrich farm in the name of Communism forcing Fritz's family to flee to the distant house of his grandmother Oma Clara. Life there for Fritz is horrible, made even worse when Communists arrest his mother and Lech, the Polish farmhand who has tended the Friedrich land for hiding weapons. Though there is no evidence to support the accusation, Gertrude and Lech are taken away and Fritz commits to finding where they are imprisoned. Despite the boy's heroic efforts, the story ends with one of the war's ambiguities that Lech and Gertrude may not return home.

[The Man Who Walked Away](#) Maud Casey, 2014-03-04 In a trance-like state, Albert walks from Bordeaux to Poitiers, from Chaumont to Macon, and farther afield to Turkey, Austria, Russia, all over Europe. When he walks, he is called a vagrant, a mad man. He is chased out of towns and villages, ridiculed and imprisoned. When the reverie of his walking ends, he's left wondering where he is, with no memory of how he got there. His past exists only in fleeting images. Loosely based on the case history of Albert Dadas, a psychiatric patient in the hospital of St. Andr  in Bordeaux in the nineteenth century, [The Man Who Walked Away](#) imagines Albert's wanderings and the anguish that caused him to seek treatment with a doctor who would create a diagnosis for him, a narrative for his pain. In a time when mental health diagnosis is still as much art as science, Maud Casey takes us back to its tentative beginnings and offers us an intimate relationship between one doctor and his patient as together they attempt to reassemble a lost life. Through Albert, she gives us a portrait of a man untethered from place and time, who in spite of himself kept setting out again and again in search of wonder and astonishment.

[The Long Road of the Junkmailer](#) Patrick Holland, 2006 A lonely junkmailer, his bag full of real estate leaflets, wanders the streets of a sleeping subtropical city. Accompanied by a host of bizarre companions, he is led on a quixotic journey through the night-time streets.
