 Tatjana Petzer Vivian Pramataroff Hamburger Goran Radovanovic Biljana Stankovic Svetlozar Vassilev and Jasmila zbanic In  
 the last decade the concept of trauma has experienced a surprising boom in sociological and media debates In a culture of  
 outrage blanket narratives of victimhood often overshadow the concrete known social violations and their observable real  
 economic and psychological consequences The aim of this volume is to reflect on this shift in discourse and to compare it  
 with the concrete historical backgrounds and psychosocial constitutions of countries that have been haunted by social trauma  
 in different ways In discussing feature films from Germany and four Balkan countries the book presents the distinct social  
 traumatic histories how they are negotiated in different societies and the motifs cinema uses to narrate them The award  
 winning films featured are Sadilishteto The Judgement Grbavica Esmas Secret Grbavica Muskarci ne placu Men Don t Cry  
 Enklava Enclave Der Staat gegen Fritz Bauer The People vs Fritz Bauer and Sonbahar Autumn The individual film analyses  
 are each accompanied by interviews with the filmmakers and introduced by overarching themes the role of cinema as a place  
 of social understanding in a post traumatic society and the methodology of film analysis With contributions from the worlds  
 of film psychoanalysis activism psychiatry film studies literary and cultural studies psychology trauma studies philosophy  
 psychotherapy and human relations this book has a broad appeal It is a must read for those looking for a deeper insight into  
 social trauma and the impact of sociocultural factors shown so clearly through the filmmaker s lens *Transgender in the

 this powerful book documents the largely unknown histories and politics of trans lives activism and culture across the post  
 Yugoslav states The volume sheds light on a diversity of gender embodiments and explores how they have navigated the  
 murky waters of war capitalism and transphobia while forging a niche for themselves within the regional and transnational  
 LGBTQ movements By unleashing the knowledge concentrated in trans lives this book not only resists trans erasures in  
 Eastern Europe but also underscores the potential for survival self transformation and engagement in politically challenging
