Poetic Gesture Myth Wallace Stevens And The Motions Of Poetic Language:

Poetic Gesture Kristine S. Santilli, 2013-12-16 This study addresses the problem of meaning as it is conveyed by poetic language attempting to move beyond some of the obstacles and boundaries of contemporary critical approaches By providing a phenomenological context and through a theoretical contemplation of certain myths as embodiments of the tacit logic of poetry the book argues that poems convey meaning much the way that spontaneous unreadable gestures do Moving between theory and practice and drawing upon the poetry of Wallace Stevens whose work is embedded with a richness and complexity of gesture the author shows how the poetic text sustains and embodies an inconvertible ancient and innately human form of linguistic knowledge

Poetic Gesture Kristine S. Santilli, 2013-12-16 This study addresses the problem of meaning as it is conveyed by poetic language attempting to move beyond some of the obstacles and boundaries of contemporary critical approaches By providing a phenomenological context and through a theoretical contemplation of certain myths as embodiments of the tacit logic of poetry the book argues that poems convey meaning much the way that spontaneous unreadable gestures do Moving between theory and practice and drawing upon the poetry of Wallace Stevens whose work is embedded with a richness and complexity of gesture the author shows how the poetic text sustains and embodies an inconvertible ancient and innately human form of linguistic knowledge

Poetic Language Tom Jones, 2012-07-04 In a series of 12 chapters exemplary poems by Walter Raleigh John Milton William Cowper William Wordsworth Gerard Manley Hopkins Wallace Stevens Ezra Pound Frank O'Hara Robert Creeley W S Graham Tom Raworth Denise Riley and Thomas A Clark

The Oxford Encyclopedia of American Literature Jay Parini, 2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present At the core of the Encyclopedia lie 250 essays on poets playwrights essayists and novelists Figures such as Whitman Melville Faulkner Frost and Morrison are discussed in detail with each examined in the context of his or her times an assessment of the writer's current reputation a bibliography of major works and a list of major critical and biographical works about the writer Fifty entries on major works such as *Moby Dick* *Song of Myself* *Walden* *The Great Gatsby* *The Waste Land* *Their Eyes Were Watching God* *Death of a Salesman* and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach The Encyclopedia also contains essays on literary movements periods and themes pulling together a broad range of information and making connections between them Each entry has its own primary and annotated secondary bibliography and a system of cross references helps readers locate information with ease The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature libraries looking for one comprehensive source and readers interested in American literature its authors and its connection with various areas of study

On Form, 2008-09-18 What is form Why does form matter In this imaginative and ambitious study Angela Leighton assesses not only the legacy of Victorian aestheticism and its richly

resourceful keyword form but also the very nature of the literary She shows how writers for two centuries and more have returned to the idea of form as something which contains the secret of art itself She tracks the development of the word from the Romantics to contemporary poets and offers close readings of among others Tennyson Pater Woolf Yeats Stevens and Plath to show how form has provided the single most important way of accounting for the movements of literary language itself She investigates for instance the old debate of form and content of form as music or sound shape as the ghostly dynamic and dynamics of a text as well as its long association with the aestheticist principle of being for nothing In a wide ranging and inventive argument she suggests that form is the key to the pleasure of the literary text and that that pleasure is part of what literary criticism itself needs to answer and convey

The Whole Harmonium Paul Mariani, 2017-04-04 A perceptive insightful biography of perhaps the most important American poet of the twentieth century Wallace Stevens by an accomplished biographer and poet who traces Stevens's lifelong artistic quest

Segregated Miscegenation Carlos Hiraldo, 2014-02-04 Through the comparative study of literatures from the United States and Latin America Segregated Miscegenation questions received notions of race and nation Carlos Hiraldo examines the current understanding of race in the United States alongside alternative models of racial self definition in Latin America His provocative analysis traces the conceptualization of blackness in fiction and theories of the novel and troubles the racial and ethnic categories particular to each region's literary tradition

Making of the Victorian Novelist Bradley Deane, 2013-10-15 This book examines a sequence of crises in nineteenth century print culture and offers an original narrative of what it meant to be a Victorian novelist Easily dismissed at the beginning of the century as hacks who pandered to the ignorant or indolent novelists by the end of Victoria's reign could be esteemed among the greatest of artists Between these extremes stretches a century of ideological contention between alternative representations of authorship Deane brings new attention in his account to the trends in publishing and the expanding market surrounding Victorian literature such as the new modes of production arguments over copyright legislation and revisions of the criteria of periodical criticism Combining literary sociology and close readings *The Making of the Victorian Novelist* offers an innovative history of the material pressures and rhetorical struggles that produced and ultimately shattered the Victorians' understanding of their great novelists

Beyond the Sound Barrier Kristin K Henson, 2013-12-16 *Beyond the Sound Barrier* examines twentieth century fictional representations of popular music particularly jazz in the fiction of James Weldon Johnson F Scott Fitzgerald Langston Hughes and Toni Morrison Kristin K Henson argues that an analysis of musical tropes in the work of these four authors suggests that cultural mixing constitutes one of the central preoccupations of modernist literature Valuable for any reader interested in the intersections between American literature and the history of American popular music Henson situates the literary use of popular music as a culturally amalgamated boundary crossing form of expression that reflects and defines modern American identities

Out of Touch Maureen F. Curtin, 2013-09-13 *Out of Touch* investigates how skin has become a crucial but

disavowed figure in twentieth century literature theory and cultural criticism These discourses reveal the extent to which skin figures in the cultural effect of changes in visual technologies a development argued by critics to be at the heart of the contest between surface and depth and by extension Western globalization and identity politics The skin has a complex history as a metaphorical terrain over which ideological wars are fought identity is asserted through modification as in tattooing and meaning is inscribed upon the human being Yet even as interventions on the skin characterize much of this history fantasy and science fiction literature and film trumpet skin s passing in the cybernetic age and feminist theory calls for abandoning the skin as a hostile boundary

Poetic Gesture Myth Wallace Stevens And The Motions Of Poetic Language Book Review: Unveiling the Power of Words
