Mental health nursing Anne Borsay, Pamela Dale, 2015-07-01 This book seeks to integrate the history of mental health nursing with the wider history of institutional and community care It develops new research questions by drawing together a concern with exploring the class gender skills and working conditions of practitioners with an assessment of the care regimes staff helped create and patients experiences of them Contributors from a range of disciplines use a variety of source material to examine both continuity and change in the history of care over two centuries The book benefits from a foreword by Mick Carpenter and will appeal to researchers and students interested in all aspects of the history of nursing and the history of care The book is also designed to be accessible to practitioners and the general reader *Faith in the Field* Sabas Hernan Flores Whittaker, 2018-05-03 Although mental illness has not been eradicated the move to equate mental illness with a physical legitimate illness has resulted in greater understanding on many aspects as to the particular course of the disease In spite of the difficulties that remain mental health treatment has come a long way Faith in the Field provides a historic sociological theological and research based perspective on the treatment and study on mental health It points out the challenges within the field and confronts the political socioeconomic theological scientific and cultural adversities facing advances in mental health treatment It also attempts to help eliminate the stigma associated with mental illness and those who suffer from it Combining approaches from psychiatry psychology sociology theology and nursing this study aims for a middle ground upon which to build a levee that might ameliorate existing barriers to treatment Author Sabas Hernan Flores Whittaker building on his thirty year career in health care offers a unique outlook on this timely topic This multidisciplinary study considers numerous aspects of mental health treatment from various perspectives seeking a unified approach that could benefit all **Public Health Service Publication**, 1967 **NIH Library Booklist**, 1961 **Care of the Suicidal**

Person John R. Cutcliffe, Chris Stevenson, 2007-01-01 This title is directed primarily towards health care professionals outside of the United States This book is based on a three year qualitative study a study that was funded by the United Kingdom Department of Health that investigated how psychiatric nurses provided care for suicidal people Drawing on service user data this book contains and explains an evidence based empirically induced theory of how to care for suicidal people Far from being an esoteric theory with no clinical applicability the findings captured in this book are grounded in the reality of day to day practice Furthermore in addition to tracing the role of nurses in caring for suicidal people the authors use their findings to launch into formal level issues regarding future research education and policy as well as focusing on the ethical issues involved in care of the suicidal person The authors close by shifting the focus on suicide survivors and with the help of contributing authors As the eminent suicidology scholars who have generously provided their Forewords note this is a must read book for anyone involved in the care of the suicidal person

Key Debates in Psychiatric/Mental Health Nursing

John R Cutcliffe, Martin Ward, 2006-10-12 This book is unique because no other psychiatric mental health nursing text has ever brought together opposing or contrasting views of the same issue and subsequently invited two separate chapters to be written in order to articulate the different perspectives in the debate Further no book has then followed up such a wide and thorough discussion by inviting a third party to offer commentary The purpose of this book is to present a range of key issues that psychiatric mental health nurses face They are practice policy research and education related issues The purpose then is to present the most complete balanced arguments possible in order to inform educate and stimulate psychiatric mental health nurses Furthermore the purpose of the book is to make psychiatric mental health nurses more aware of the often uncertain nature of much of psychiatric mental health nursing practice and knowledge Psychiatric mental health nursing is not characterised by black and white easily delineated issues and is perhaps characterised by various shades of grey Indeed it is often stated as axiomatic that psychiatric mental health nurses can be described as a broad church Consequently the purpose of this book is to help psychiatric mental health nurses appreciate this broad church be able to understand the various shades of grey be able to understand that often there are differing views inconclusive arguments and contentious debates and for this to influence their clinical practice As the international range of contributors illustrates these debates to a greater or lesser extent are issues and debates that psychiatric mental health nurses face the world over these are matters of real international importance and significance These issues have been touched upon and to a limited extent debated at psychiatric mental health nursing conferences and to an even lesser extent within some psychiatric mental health nursing journals Thus they are real issues that many nurses are facing talking about and trying to resolve key debates are presented with arguments from opposing viewpoints followed by a third party commentary to give readers the necessary information to form their own view written by a range of international authors from different countries across three continents one of the first psychiatric mental health nursing books to explore the pedagogical value of debate
