Reading Inca History:

Reading Inca History Catherine Julien, 2009-05 At the heart of this book is the controversy over whether Inca history can and should be read as history Did the Incas narrate a true reflection of their past and did the Spaniards capture these narratives in a way that can be meaningfully reconstructed In *Reading Inca History* Catherine Julien finds that the Incas did indeed create detectable life histories The two historical genres that contributed most to sixteenth and seventeenth century Spanish narratives about the Incas were an official account of Inca dynastic genealogy and a series of life histories of Inca rulers Rather than take for granted that there was an Inca historical consciousness Julien begins by establishing an Inca purpose for keeping this dynastic genealogy She then compares Spanish narratives of the Inca past to identify the structure of underlying Inca genres and establish the dependency on oral sources Once the genealogical genre can be identified the life histories can also be detected By carefully studying the composition of Spanish narratives and their underlying sources Julien provides an informed and convincing reading of these complex texts By disentangling the sources of their meaning she reaches across time language and cultural barriers to achieve a rewarding understanding of the dynamics of Inca and colonial political history

Reading Inca History Catherine J. Julien, 2000 [The History of the Incas](#) Pedro Sarmiento de Gamboa, 2009-03-16 A new translation and introduction to an invaluable source of information on the last and largest empire to develop in the indigenous Americas The History of the Incas may be the best description of Inca life and mythology to survive Spanish colonization of Peru Pedro Sarmiento de Gamboa a well educated sea captain and cosmographer of the viceroyalty wrote the document in Cuzco the capital of the Inca Empire just forty years after the arrival of the first Spaniards The royal sponsorship of the work guaranteed Sarmiento direct access to the highest Spanish officials in Cuzco It allowed him to summon influential Incas especially those who had witnessed the fall of the Empire Sarmiento also traveled widely and interviewed numerous local lords curacas as well as surviving members of the royal Inca families Once completed in an unprecedented effort to establish the authenticity of the work Sarmiento's manuscript was read chapter by chapter to forty two indigenous authorities for commentary and correction The scholars behind this new edition the first to be published in English since 1907 went to similarly great lengths in pursuit of accuracy Translators Brian Bauer and Vania Smith used an early transcript and in some instances the original document to create the text Bauer and Jean Jacques Decoster's introduction lays bare the biases Sarmiento incorporated into his writing It also theorizes what sources in addition to his extensive interviews Sarmiento relied upon to produce his history Finally more than sixty new illustrations enliven this historically invaluable document of life in the ancient Andes

The Two Faces of Inca History Isabel Yaya, 2012-09-19 The historical narratives of the Inca dynasty known to us through Spanish records present several discrepancies that scholarship has long attributed to the biases and agendas of colonial actors Drawing on a redefinition of royal descent and a comparative literary analysis of primary sources this book restores the pre Hispanic voices embedded in the chronicles It

identifies two distinctive bodies of Inca oral traditions each of which encloses a mutually conflicting representation of the past that considered together reproduces patterns of Cuzco's moiety division Building on this new insight the author revisits dual representations in the cosmology and ritual calendar of the ruling elite The result is a fresh contribution to ethnohistorical works that have explored native ways of constructing history

Reading the Illegible Laura Leon Llerena, 2023-01-10 Reading the Illegible examines the history of alphabetic writing in early colonial Peru deconstructing the conventional notion of literacy as a weapon of the colonizer This book develops the concept of legibility which allows for an in-depth analysis of coexisting Andean and non-Native media The book discusses the stories surrounding the creation of the Huarochir Manuscript c. 1598-1608 the only surviving book-length text written by Indigenous people in Quechua in the early colonial period The manuscript has been deemed untranslatable in all the usual senses but scholar Laura Leon Llerena argues that it offers an important window into the meaning of legibility The concept of legibility allows us to reconsider this unique manuscript within the intertwined histories of literacy knowledge and colonialism Reading the
