

READING LEVINAS/ READING TALMUD

An Introduction

IRA F. STONE

Reading Levinas Reading Talmud

Patricia Bizzell

Reading Levinas Reading Talmud:

Reading Levinas/Reading Talmud Ira F. Stone, 1998-11-01 Although Jewish scholars have recognized the French philosopher Emmanuel Levinas as one of the greatest minds of this century the majority of Jews have remained ignorant of his teachings largely because his work even in translation is dense and erudite Rabbi Ira Stone who has studied Levinas's work for many years and incorporated his methods and perspectives into his own teaching now makes Levinas accessible to lay readers for the first time

Nine Talmudic Readings Emmanuel Lévinas, 1990 I know of no work that more readily opens this classic of Judaic learning to the general reader The Key Reporter The appearance in English of nine of Levinas's essays on talmudic discourse collected and beautifully translated by Aronowicz is an important occasion These essays are crucial to the interpretation of Levinas's work more generally and Aronowicz's excellent introduction and occasional notes are very helpful in making this work accessible to those unacquainted with either Talmud or Levinas Religious Studies Review

Nine rich and masterful readings of the Talmud by the French Jewish philosopher Emmanuel Levinas translate Jewish thought into the language of modern times Between 1963 and 1975 Levinas delivered these commentaries at the annual Talmudic colloquia of a group of French Jewish intellectuals in Paris Here Levinas applies a hermeneutic that simultaneously allows the classic Jewish texts to shed light on contemporary problems and lets modern problems illuminate the texts Besides being quintessential illustrations of the art of reading the essays express the deeply ethical vision of the human condition that makes Levinas one of the most important thinkers of our time

Nine Talmudic Readings Emmanuel Levinas, 2019-05-16 These nine masterful readings of the Talmud by the renowned French Jewish philosopher translate Jewish thought into the language of modern times One of the major continental philosophers of the twentieth century Emmanuel Levinas was also an important Talmudic commentator Between 1963 and 1975 he delivered an enlightening and influential series of commentaries at the annual Talmudic colloquia of a group of French Jewish intellectuals in Paris In this collection Levinas applies a hermeneutic that simultaneously allows the classic Jewish texts to shed light on contemporary problems and lets modern problems illuminate the texts Besides being quintessential illustrations of the art of reading the essays express the deeply ethical vision of the human condition that makes Levinas one of the most important thinkers of our time

Reading Between the Lines Elisabeth Goldwyn, 2015 Originally published in Hebrew this book examines Levinas's contributions to Jewish thought concentrating specifically on his talmudic readings in the context of contemporary midrash

The Ethics of Reading According to Emmanuel Levinas Roland A. Champagne, 2023-06-05 Reading a text is an ethical activity for Emmanuel Levinas His moral philosophy considers written texts to be natural places to discover relations of responsibility in Western philosophical systems which are marked by extreme violence and totalizing hatred While ethics is understood to mean a relationship with the other and reading is the appropriation of the other to the self readings according to Levinas naturally entail relationships with the other Levinas's own writings are often fraught with the struggle between his own

maleness the concerns of feminism and the Judaism that marks his contributions to the debates of the Talmud This book uses male feminism as its perspective in presenting the applications of Levinas's ethical vision to texts whose readings have presented moral dilemmas for women readers Levinas's philosophical theories can provide keys to unlock the difficulties of these texts whose readings will provide models of reading as ethical acts beginning with the ethical contract in Song of Songs where the assumption of a woman writer begins the elaboration of issues that sets a male reader as her other From the reader's vantage point of seeing the self as other other issues of male feminism become increasingly poignant ranging from the solicitude of listening to C line Chapter 2 the responsibility for noise in Nizan Chapter 3 the asymmetrical pattern of face to face relationships in Maupassant Chapter 4 the sovereignty of laughter in Bataille and Zola Chapter 5 the call of the other in Italo Svevo Chapter 6 the Woman as Other in Breton Chapter 7 the ethical self in Drieu la Rochelle Chapter 8 the response to Hannah Arendt Chapter 9 and the vulnerability of Bernard Henri Lvy Chapter 10 The male feminist reader is thus the incarnation of the struggle at the core of the issues outlined by Levinas for the act of reading as an ethical endeavor

Levinas Faces Biblical Figures Yael Lin, 2014-03-20 This collection of essays is an attempt to capture the drama of the encounter of the facing of Levinas and the biblical text It seeks to link Jewish experience and Levinasian themes such as responsibility substitution hospitality suffering and forgiveness and at the same time make the biblical text accessible in a new way The book offers new insights on the opening up of Levinas's thought and biblical stories to one another it considers the ways in which Levinas can open up the biblical text to questioning and how the biblical text can inform our reading of Levinas Setting up in dialogue the heteronomic texts the narrative texts of the bible and Levinas's philosophical texts allows an enforced and renewed understanding of both The examination of these issues is pursued from diverse perspectives and disciplines probing the role biblical figures play in Levinas's thought and the manner by which to approach them Do the biblical allusions serve in Levinas's thought merely as a rhetorical and literary device as illustrations of his ideas or perhaps they have a deeper philosophical meaning which contributes to his project in general Do the references to biblical figures work in Levinas's philosophy in a way that other literary figures are incapable of and how do these references comply with his conflicted attitude towards literature

Twilight of Jewish Philosophy Wright, Dr Tamra Wright, 2013-12-19 First Published in 1999 Emmanuel Levinas 1906 1995 is widely acknowledged to be one of the great Jewish thinkers of the 20th century This book explores the relationship between Levinas's ethical philosophy and his understanding of Judaism Through close readings of his major texts the significance of key terms in Levinas's work is clarified

Emmanuel Levinas's Talmudic Turn Ethan Kleinberg, 2021-10-19 In this rich intellectual history of the French Jewish philosopher Emmanuel Levinas's Talmudic lectures in Paris Ethan Kleinberg addresses Levinas's Jewish life and its relation to his philosophical writings while making an argument for the role and importance of Levinas's Talmudic lessons Pairing each chapter with a related Talmudic lecture Kleinberg uses the distinction Levinas presents between God on Our Side and God on God's Side to

provide two discrete and at times conflicting approaches to Levinas's Talmudic readings. One is historically situated and argued from our side while the other uses Levinas's Talmudic readings themselves to approach the issues as timeless and derived from God on God's own side. Bringing the two approaches together, Kleinberg asks whether the ethical message and moral urgency of Levinas's Talmudic lectures can be extended beyond the texts and beliefs of a chosen people religion or even the seemingly primary unit of the self. Touching on Western philosophy, French Enlightenment universalism and the Lithuanian Talmudic tradition, Kleinberg provides readers with a boundary pushing investigation into the origins, influences and causes of Levinas's turn to and use of Talmud.

After the Deluge François Dosse, 2004-11-17

Madame de Pompadour's famous quip "Après nous le déluge" serves as fitting inspiration for this lively discussion of postwar French intellectual and cultural life. Over the past thirty years, North American and European scholarship has been significantly transformed by the absorption of poststructuralist and postmodernist theories from French thinkers. But Julian Bourg's seamlessly edited volume proves that historically speaking, French intellectual and cultural life since World War Two has involved much more than a few infamous figures and concepts. Motivated by a desire to narrate and contextualize the deluge of French theory, *After the Deluge* showcases recent work by today's brightest scholars of French intellectual history that historicizes key debates, figures and turning points in the postwar era of French thought. Relying on primary and archival sources, contributors examine among other themes: left wing critiques of the Left, the internationalizing of thought, the institutional and affective conditions of cultural life and the religious imagination. They revive neglected debates and figures and they explore the larger impact of political quarrels. In an afterword, preeminent French historian François Dosse heralds the arrival of a new generation, a historiographical sensibility that brings fresh original perspectives and a passion for French history to the contemporary French intellectual arena. *After the Deluge* adds significant depth and breadth to our understanding of postwar French intellectual and cultural history.

Europe and Its Boundaries Andrew Davison, Himadeep Muppidi, 2009-01-01

In creating a forum for a deeply hermeneutical consideration of the project of provincializing Europe, this book articulates an alternative grammar of global political thought. It shows that forms of global political thought are capable of residing simultaneously within as well as significantly beyond the boundaries of European thought.

The Marrano Way Agata Bielik-Robson, 2022-05-09

The Marrano phenomenon is a still unexplored element of Western culture: the presence of the borderline Jewish identity which avoids clear cut cultural and religious attribution and precisely as such prefigures the advent of the typically modern free oscillating subjectivity. Yet the aim of the book is not a historical study of the Marranos or conversos who were forced to convert to Christianity but were suspected of retaining their Judaism undercover. The book rather applies the Marrano metaphor to explore the fruitful area of mixture and cross over which allowed modern thinkers, writers and artists of the Jewish origin to enter the realm of universal communication without at the same time making them relinquish their Jewishness which they subsequently developed as a hidden tradition. The book poses and then attempts to

prove the Marrano hypothesis according to which modern subjectivity derives to paraphrase Cohen out of the sources of the hidden Judaism modernity begins not with the Cartesian abstract ego but with the rich self reflexive self of Michel de Montaigne who wrestled with his own marranismo in a manner that soon became paradigmatic to other Jewish thinkers entering the scene of Western modernity from Spinoza to Derrida The essays in the volume offer thus a new view of a Marrano modernity which aims to radically transform our approach to the genesis of the modern subject and shed a new light on its secret religious life as surviving the process of secularization although merely in the form of secret traces

Arendt, Levinas and a Politics of Relationality Anya Topolski, 2015-05-21 Born in Eastern Europe educated in the West under the guidance of Martin Heidegger and the phenomenological tradition and forced to flee during the Holocaust because of their Jewish identity it should come as no surprise that Emmanuel Levinas and Hannah Arendt's ideas intersect in an important way This book demonstrates for the first time the significance of a dialogue between Levinas ethics of alterity and Arendt's politics of plurality Anya Topolski brings their respective projects into dialogue by means of the notion of relationality a concept inspired by the Judaic tradition that is prominent in both thinker's work The book explores questions relating to the relationship between ethics and politics the Judaic contribution to rethinking the meaning of the political after the Shoah and the role of relationality and responsibility for politics The result is an alternative conception of the political based on the ideas of plurality and alterity that aims to be relational inclusive and empowering *The Existential Philosophy of Etty Hillesum* Meins G. S. Coetsier, 2014-01-09 In *The Existential Philosophy of Etty Hillesum* Meins G S Coetsier breaks new ground by demonstrating the Jewish existential nature of Etty Hillesum's spiritual and cultural life in light of the writings of Martin Buber Emmanuel Levinas and Dietrich Bonhoeffer Hillesum's diaries and letters written between 1941 and 1943 illustrate her struggle to come to terms with her personal life in the context of the Second World War and the Shoah By finding God under the rubble of the horrors she rediscovers the divine presence between humankind while taking up responsibility for the Other as a way to embrace justice and compassion In a fascinating accessible and thorough study Coetsier dispels much of the confusion that assails readers when they are exposed to the bewildering range of Christian and Jewish influences and other cultural interpretations of her writings The result is a convincing and profound picture of Etty Hillesum's path to spiritual freedom **Rethinking the Messianic Idea in Judaism** Michael L. Morgan, Steven Weitzman, 2014-11-28 Over the centuries the messianic tradition has provided the language through which modern Jewish philosophers socialists and Zionists envisioned a utopian future Michael L Morgan Steven Weitzman and an international group of leading scholars ask new questions and provide new ways of thinking about this enduring Jewish idea Using the writings of Gershom Scholem which ranged over the history of messianic belief and its conflicted role in the Jewish imagination these essays put aside the boundaries that divide history from philosophy and religion to offer new perspectives on the role and relevance of messianism today *Beyond the Verse* Emmanuel Levinas, 1994-01-01 Available in paperback

for the first time this is an important collection of essays dealing with problems in Jewish thought **A Companion to Philosophy of Religion** Charles Taliaferro, Paul Draper, Philip L. Quinn, 2010-01-19 In 85 new and updated essays this comprehensive volume provides an authoritative guide to the philosophy of religion Includes contributions from established philosophers and rising stars 22 new entries have now been added and all material from the previous edition has been updated and reorganized Broad coverage spans the areas of world religions theism atheism the problem of evil science and religion and ethics **Levinas's Rhetorical Demand** Ronald C. Arnett, 2017-03-15 This book provides an introduction to the importance of Levinas's work and an explication of the manner in which the practicality of his insights can assist ethical judgment within the human community Exile and Restoration in Jewish Thought Ralph Keen, 2009-09-24 Exile and Restoration in Jewish Thought presents the history of an idea originating at the intersection of Judaic piety and the social history of the Jews faith in a protective sovereign deity amid contrary conditions Exiled primordially Eden during the Patriarchal era in the sixth century bce and from the first century to the twentieth the Jewish experience of alienation has been the historical backdrop against which affirmations of divine benevolence have been constructed While histories of Jewish thought have tended to accentuate the speculative creativity of medieval and modern Jewish philosophers the intellectual tradition can come into focus only with attention to these thinkers understanding of diaspora and persecution Ralph Keen describes the distinguishing feature of Jewish thought as a religious hermeneutic in which the primitive promise made to Abraham is preserved not just as a pious memory but as a certain hope for eventual restoration Intended for readers with some familiarity with the history of philosophy this book offers the historical context necessary for understanding the distinctively Judaic character of this tradition of thought and elucidates the role of religious experience in the long process of negotiating between adversity and expectation **Rhetorical Agendas** Patricia Bizzell, 2006-04-21 This volume represents current theory and research in rhetoric across disciplines and is of interest to scholars and students in rhetoric studies in speech communication English and related disciplines *Levinas's Politics* Annabel Herzog, 2020-03-13 A compelling account of politics and social philosophy in Levinas's Talmudic commentaries Emmanuel Levinas 1906-1995 was a French philosopher known for his radical ethics and for his contribution to Jewish thought in his commentaries on Talmudic sources In Levinas's Politics Annabel Herzog confronts a major difficulty in Levinas's philosophy the relationship between ethics and politics Levinas's ethics describes the encounter with the other that is with any other human being For Levinas the face-to-face encounter is a relationship in which the ego is commanded by a transcendent and unquestionable order to take responsibility for the other person Politics on the other hand presupposes at least three people the ego the other and any third party Among three people nothing can be transcendent on the contrary everything must be negotiated Against the conventional view of Levinas's conception of the political as the interruption and collapse of the ethical Herzog argues that in the Talmudic readings Levinas constructed politics positively She shows that Levinas's Talmudic readings embody a

pragmatism that complements revises and challenges the extreme ethical analyses he offers in his phenomenological works *Totality and Infinity* *Otherwise than Being* and *Of God Who Comes to Mind* Her analysis illuminates Levinas's explanations of the relationship between ethics and politics ethics is the foundation of justice justice contains a necessary violence that must be moderated by mercy and justice general laws and national aspirations must be linked in an attempt to improve universality itself

Reading Levinas Reading Talmud Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the power of words has been evident than ever. They have the ability to inspire, provoke, and ignite change. Such may be the essence of the book **Reading Levinas Reading Talmud**, a literary masterpiece that delves deep into the significance of words and their impact on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
