## Reading The Mountains Of Home:

**Reading the Mountains of Home** John Elder, 1998 Small farms once occupied the heights that John Elder calls home but now only a few cellar holes and tumbled stone walls remain among the dense stands of maple beech and hemlocks on these Vermont hills Reading the Mountains of Home is a journey into these verdant reaches where in the last century humans tried their hand and where bear and moose now find shelter As John Elder is our guide so Robert Frost is Elder's companion his great poem Directive seeing us through a landscape in which nature and literature loss and recovery are inextricably joined Over the course of a year Elder takes us on his hikes through the forested uplands between South Mountain and North Mountain reflecting on the forces of nature from the descent of the glaciers to the rush of the New Haven River that shaped a plateau for his village of Bristol and on the human will that denuded and farmed and abandoned the mountains so many years ago His forays wind through the flinty relics of nineteenth century homesteads and Abenaki settlements leading to meditations on both human failure and the possibility for deeper communion with the land and others An exploration of the body and soul of a place an interpretive map of its natural and literary life Reading the Mountains of Home strikes a moving balance between the pressures of civilization and the attraction of wilderness It is a beautiful work of nature writing in which human nature finds its place where the reader is invited to follow the last line of Frost's Directive to Drink and be whole again beyond confusion

**The Frog Run** John Elder, 2001 Annotation Teacher and writer John Elder a man who loves both literature and the outdoors describes in The Frog Run how he found a way to balance these passions in building a sugarhouse with his sons in the Vermont woods He celebrates the moment between winter and spring known to sugarmakers as the frog run When the tree frogs begin to be heard and the last run of sap good for making syrup flows from the maples For Elder who also writes in this book about the resurgence of New England forests and about his life as a reader the frog run is a time to savor and celebrate the fleeting beauties of his family's place on earth
