Reading the Riot Act Michael Dorn Barnholden, 2005 Literary Nonfiction Canadian History BC Books in BC Schools

pick Reading the Riot Act is a phrase that has entered the popular lexicon meaning the action taken by authority figures when they perceive that their charges are getting out of hand The act itself is a seldom used piece of legislation actually designed to prevent a riot from taking place Supposedly the mere mention of the Riot Act is enough to bring hardened miscreants bent on destruction to their collective senses But if a riot has started it s already too late to read the Riot Act Every city has its distinct history of rioting the Rocket Richard riots in Montreal the Christie Pits riot in Toronto the Winnipeg and Regina riots even the Shakespeare riots in New York where rival factions rioted over which actor was the better interpreter of Shakespeare s work **READING THE RIOT ACT** is a popular history that rereads and rewrites the legacy of riots in Vancouver The project was conceived following the city s Stanley Cup riots in 1994 when official reports and media coverage differed significantly from eyewitness accounts Later media reports on the APEC riots downplayed and obscured certain facets of the conflict Seeking out sources beyond the official reports Barnholden has compiled a record of participants and observers allowing the vanquished to have their say Barnholden shuns the simplistic bad apple explanation and explores the deeper economic causes and effects of riots This book contains some stirring narrative of conflicts that have defined the history of Vancouver Prairie Fire demonstrates that even unexpected apparently spontaneous flarings are about something deeper from unemployment pressures freedom of speech and inhumane conditions in prisons all the way to racism and the disappointing performances by our professional sports teams and Axl Rose the frontman of the notorious GM Place no show rock band Guns n Roses This tapestry is woven against a backdrop of class war demonstrating that while the rowdies ground beneath the heels of the police are always the working poor it s suspiciously rare that they take their grievances to the neighbourhoods of their bosses Challenging the popular conception that riots are just the result of a few bad apples sowing discontent Barnholden advances the competing thesis that the entire orchard may in fact be infested with parasites The Columbia Journal Until Reading the Riot Act was published the book containing the most detailed information on riots in Vancouver was the local police department s autobiography A Century of Service 1986 which Michael Barnholden makes reference to in his own text The difference with Reading the Riot Act is its focus and perspective which presents riots as battles in the class war as it aims to cut through the media distortion around such events and dispense with the bad apple theory of their cause It makes for a more engaging accessible and believable read than the police department s book Max Sartin The RAIN TAXI Review of Books [Debating Dissent](#) Lara A. Campbell, Dominique Clement, Gregory S. Kealey, 2012-10-09 Although the 1960s are overwhelmingly associated with student radicalism and the New Left most Canadians witnessed the decade s political economic and cultural turmoil from a different perspective Debating Dissent dispels the myths and stereotypes associated with the 1960s by examining what this era s transformations meant to diverse

The Nature of Masculinity Steve Garlick, 2016-10-11 Social theorists have argued that as the complexity of our ecosystems becomes more apparent the line between nature and culture human and nonhuman and technology and bodies becomes less distinct Yet contemporary masculinity studies has generally failed to incorporate this new way of thinking In this penetrating analysis of the relationship between gender and nature Steve Garlick proposes that masculinity is best understood as a technology that shapes both our engagement with the natural world and how we define freedom Extending the work of the Frankfurt School and Heidegger's critique of modern technology *The Nature of Masculinity* draws on case studies and new

materialist theories to argue that the essence of technology is not in mechanical devices but in a particular relationship to natural forces Within this critical framework masculinity is a technology of embodiment and freedom does not lie in the domination of nature but rather in fostering a new relation to it **Imperialism and Sikh Migration** Anjali

Gentrification and Resistance Laura Naegler, 2012 Based on ethnographic research in Hamburg Sternschanze and utilizing the cultural criminological perspective as an underlying theme this book explores the contested spaces of gentrified inner city neighborhoods It examines the complex and sometimes paradoxical interplays of urban revaluation criminalized anti gentrification resistance and urban control The main focus lies on the spatialized commodification of urban counter culture and its incorporation into the process of gentrification It is shown that by these processes authentic anti gentrification resistance becomes increasingly sanitized Blurred and hardly distinguishable from commodified rebellion it

eventually loses its subversive power and political vigor and unwillingly turns into an integral of the process of urban revaluation it is originally meant to defend Series Hamburger Studien zur Kriminologie und Kriminalpolitik Vol 50 Black Bloc, White Riot A. K. Thompson, 2010 Black Bloc White Riot revisits the struggles against globalization that marked the beginning of the twentieth century and explores the connection between political violence and the white middle class

Finding Nothing Gregory Betts, 2021-07-30 Experimental literature accelerated dramatically in Vancouver in the 1960s as the influence of New American poetics merged with the ideas of Marshall McLuhan Vancouver poets and artists began thinking about their creative works with new clarity and set about testing and redefining the boundaries of literature As new gardes in Vancouver explored the limits of text and language some writers began incorporating collage and concrete poetics into their work while others delved deeper into unsettling revolutionary and Surrealist imagery There was a presumption across the avant garde communities that radical openness could provoke widespread socio political change In other words the intermedia experimentation and the related destruction of the line between art and society pushed art to the frontlines of a broad socio political battle of the collective imagination of Vancouver *Finding Nothing* traces the rise of the radical avant garde in Vancouver from the initial salvos of the Tish group through Blewointment s spatial experiments to radical Surrealisms and new feminisms Incorporating images original texts and interviews Gregory Betts shows how the VanGardes signalled a remarkable consciousness of the globalized forces at play in the city impacting communities orientations races and nations **White Riot** Henry Tsang, 2023-05-09 Essays and photographs that document the anti Asian riots of 1907 in the context of contemporary anti Asian sentiment *White Riot The 1907 Anti Asian Riots in Vancouver* explores the conditions leading up to and the impact of a demonstration and parade in Vancouver Canada organized by the Asiatic Exclusion League and the ensuing mob attack on the city s Chinese Canadian and Japanese Canadian communities Emblematic of a systemically racist era *White Riot* reveals the social and political environment of the time when racialized communities were targeted through legislated as well as physical acts of exclusion and violence Based on 360 Riot Walk a 360 degree video walking tour by artist and author Henry Tsang *White Riot* offers an intersectional approach to this pivotal moment in the history of racialized communities and a cultural and social context for understanding for the current wave of anti Asian sentiment It features photographs of the riots colourized by Tsang as well as those of contemporary Vancouver where the riots took place Essays by Tsang and others speak to the colonial times that preceded and followed the 1907 riots as well as issues that Chinese and Japanese communities and other racialized communities in North America are facing today *White Riot* poses the question in the current ethos of anti racism and decolonization what does it take to reconcile our collective histories within the legacy of white supremacy This publication meets the EPUB Accessibility requirements and it also meets the Web Content Accessibility Guidelines WCAG AA It is screen reader friendly and is accessible to persons with disabilities A Simple book with few images which is defined with accessible structural markup This book contains various accessibility

Arming and Disarming R. Blake Brown, 2012-01-01 From the Cole Polytechnique shootings of 1989 to the political controversy surrounding the elimination of the federal long gun registry the issue of gun control has been a subject of fierce debate in Canada But in fact firearm regulation has been a sharply contested issue in the country since Confederation Arming and Disarming offers the first comprehensive history of gun control in Canada from the colonial period to the present In this sweeping immersive book R Blake Brown outlines efforts to regulate the use of guns by young people punish the misuse of arms impose licensing regimes and create firearm registries Brown also challenges many popular assumptions about Canadian history suggesting that gun ownership was far from universal during much of the colonial period and that many nineteenth century lawyers including John A Macdonald believed in a limited right to bear arms Arming and Disarming provides a careful exploration of how social economic cultural legal and constitutional concerns shaped gun legislation and its implementation as well as how these factors defined Canada's historical and contemporary gun culture

Orienting Canada John Price, 2011 Colony to nation Isolationism to internationalism WASP society to a multicultural Canada Focusing on imperial conflicts in the Pacific Orienting Canada disrupts these familiar narratives in Canadian history by tracing the relationship between racism and Canadian foreign policy Grounded in transnationalism and anti racist theory this book reassesses critical transpacific incidents including Vancouver's riots of 1907 the Chinese head tax the wars in the Pacific from 1937 to 1945 the internment of Japanese Canadians and Canada's significant role in consolidating the US anti communist empire in postwar Asia Shocking revelations about the effects of racism and war into the 1960s are tempered by stories of community resilience and transformation As a transpacific lens on the past Orienting Canada deflects Canada's European gaze back onto itself to reveal images that both provoke and unsettle

Tear Gas Epiphanies Kirsty Robertson, 2019-06-07 Museums are frequently sites of struggle and negotiation They are key cultural institutions that occupy an oftentimes uncomfortable place at the crossroads of the arts culture various levels of government corporate ventures and the public Because of this museums are targeted by political action but can also provide support for contentious politics Though protests at museums are understudied they are far from anomalous Tear Gas Epiphanies traces the as yet untold story of political action at museums in Canada from the early twentieth century to the present The book looks at how museums do or do not archive protest ephemera examining a range of responses to actions taking place at their thresholds from active encouragement to belligerent dismissal Drawing together extensive primary source research and analysis Robertson questions widespread perceptions of museums strongly arguing for a reconsideration of their role in contemporary society that takes into account political conflict and protest as key ingredients in museum life The sheer number of protest actions Robertson uncovers is compelling Ambitious and wide ranging Tear Gas Epiphanies provides a thorough and conscientious survey of key points of intersection between museums and protest a valuable resource for university students

and scholars as well as arts professionals working at and with museums **Canada's 1960s** Bryan D. Palmer, 2009-01-01
