This interdisciplinary collection of essays examines the important and paradoxical relation between women and the French Revolution Although the male leaders of the Revolution depended on the women's active militant participation they denied to women the rights they helped to establish At the same time that women were banned from the political sphere woman was transformed into an allegorical figure which became the very symbol of masculine Liberty and Equality This volume analyzes how the revolutionary process constructed a new gender system at the foundation of modern liberal culture The Brontes Patricia Ingham, 2014-06-11 The novels of Charlotte and Emily Bronte have become canonical texts for the application of twentieth century literary and cultural theory Along with the work of their sister Anne their texts are regarded as a source of diversity in themselves full of conflictual material which different schools of criticism have analysed and interpreted This book shows how the Brontes writings engage with the major issues which dominate twentieth century theoretical work The essays are grouped under broad schools of theory biographical feminist marxist psychoanalytical and postcolonial *Women and Romance* Laurie Langbauer, 2018-03-15 No detailed description available for Women and Romance Closer and Closer Apart Rosemary H. Lloyd, 2019-05-15 Envy Rosemary Lloyd says involves what one would like to have but does not jealousy what one has but fears losing Lloyd demonstrates in *Closer and Closer Apart* how the passion unleashed by jealousy can illuminate such concepts as self and other gender and society Jealousy in her view exerts a powerful attraction in literature partly because it distorts the individual's perceptions of the other in highly productive ways and partly because it serves as paradigms for reading and for storytelling In this accessible and elegantly crafted book Lloyd explores sexual jealousy more as a literary device than as a literary theme She draws her examples from novels plays and poetry spanning many years and from many countries mainly nineteenth and twentieth century France and England but also Russia Poland Germany Italy the United States Canada and Australia Among the writers she treats are Proust Tolstoy Dostoyevsky Charlotte Brontë Trollope Barthes and Baudelaire After discussing various portraits of the jealous lover Lloyd asks to what extent the literary experience of jealousy has been colored by conventional images of male and female roles She also examines the ways in which the jealous lover deals with the other whether beloved or rival Finally she looks at jealousy as a desire for control represented through images of incorporation and possession **The Dream Life of Citizens** Zarena Aslami, 2012 An historical and political reading of late nineteenth century British novels by Olive Schreiner Thomas Hardy George Gissing Arthur Conan Doyle G A Henty and Sarah Grand Examines how these novels represent the emergence of a fantasy of the state as a heroic actor **The Amorous Restoration** Andrew J. Counter, 2016-09-22 When Louis XVIII returned to the throne in 1814 and again in 1815 France embarked upon a period of uneasy cohabitation between the old and the new The writers of the age who included Chateaubriand Stendhal Balzac and Mme de Duras agreed that they lived at a historical

turning point a transitional moment whose outcome though still uncertain would transform the French way of life beginning with the French way of love The literary works of the Bourbon Restoration ceaselessly return to the themes of love sex and marriage partly as vital cultural questions in their own right but also as a means of critiquing the deficiencies of past regimes negotiating the politics of the present and imagining the shape of the political future In the literature of the Restoration love and politics become entwined in a mutually metaphorical embrace The Amorous Restoration the first book in English devoted to literary and cultural life under the last Bourbon kings considers this relationship in all its richness and many contradictions Long neglected as a drab historical backwater the Restoration emerges here as a vibrant era one rife with sharp cultural and political disagreements and possessed of an especially refined sense of allusion discretion and even humour Drawing on literature journalism political writing life writing and gossip The Amorous Restoration vividly recreates the erotic sensibilities of a pivotal moment in the transition from an amorous old regime to erotic and political modernity

Chaucer and the Fictions of Gender Elaine Tuttle Hansen, 2023-04-28 In Chaucer and the Fictions of Gender the poet's exploration of masculinity and femininity takes center stage offering a complex interplay between societal constructs of gender and personal identity Focusing on the Legend of Good Women the analysis delves into the feminization of male characters unraveling how their relationships with women reveal vulnerabilities and insecurities From Antony's loss of public honor to Pyramus's emotional fragility Chaucer presents men as navigating perilous intersections of love identity and societal expectations Their struggles are contrasted with the archetypes of virtuous women yet these figures also challenge normative gender roles blending power with traditional notions of sacrifice Through these layered narratives Chaucer critiques the rigidity of patriarchal ideals illustrating the tensions between personal desires and societal demands This work positions Chaucer as an artist deeply engaged with the woman question while acknowledging the limitations of interpreting his poetry solely through a proto feminist lens By examining the poet's characters both male and female the analysis highlights how Chaucer negotiates the instability of gender roles revealing an intricate tapestry of social critique and literary innovation The book invites readers to consider how Chaucer's works resonate with modern conversations about gender fluidity and the cultural pressures shaping identity This nuanced exploration redefines the Legend of Good Women as a central piece in Chaucer's oeuvre one that pushes the boundaries of medieval literary traditions This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1992

The Anxiety of Dispossession Masha Belenky, 2008 Focusing on male authored texts Belenky demonstrates that this obsession with sexual jealousy conveys both patriarchal anxiety over disempowerment stemming from social upheaval and a male desire for social and sexual control over the female body and mind Bound up with the male prerogative

of ownership jealousy was assigned an explicitly public role in guarding a man's property and propriety. This book considers portrayals of jealousy by major authors such as Balzac, Hugo, and Zola alongside a broad range of works by medical writers, journalists, and moralists who wrote for popular audiences.

Millay at 100 Diane P. Freedman, 1995. In this newest addition to Sandra M. Gilbert's *Ad Feminam: Women and Literature* series, Diane P. Freedman brings together twelve essays by critics of poetry and women's writing for a critical reappraisal of the prolific work of Edna St. Vincent Millay. Though finding its occasion in the life of Millay, the centennial of the writer's birth, this volume refocuses attention on Millay's art by asking questions central to our present concerns: What in the varied body of Millay's work speaks to us most forcefully today? Which critical perspectives most illuminate her texts? How might those approaches be challenged, extended, or reoriented? In seeking the answers to such questions, the volume's contributors illuminate the means by which Millay's early success has been slighted and misunderstood and examine issues of personality, persona, critical stature, and formal experimentation in Millay's various genres: lyric poetry, the sonnet, verse drama, fiction, and the personal letter. In 1920, following the publication of *A Few Figs from Thistles*, Millay was the It girl of American poetry. But by the late 1930s, her popularity waned as her critical reputation declined under the reign of high modernism and its critics. In fact, Millay, like others of her generation, had rejected modernist elitism in favor of public engagement, using her powerful public voice to plead for an end to the Sacco and Vanzetti trials as well as for U.S. entry into World War II. Condemned for both her politicizing and her political poetry, she was the first to admit that she and her poetry suffered in the service of public causes. Grouped into four parts, these essays focus on Millay's relation to modernism, her revisionary perspectives on love, her treatment of time and of the female body, and her use of masquerade and impersonation in life and in art. Throughout, the essayists pose such questions as: Where is Millay's place in the literary histories of modern writing and in our hearts? How are we to value, interpret, and characterize the various forms and genres in which she wrote? What is the cultural work Millay achieves and reflects? How does she help us redefine modernism? What do Millay's great gifts enable us to see about genre, the social construction of gender, the definition of modernism, and the role of the poet? Millay's considerable productivity, the range and virtues of her forms, and her experimentation clearly argue for a wide-ranging reappraisal of her work.

Heroic Tropes Pierrette Daly, 1993. Of Bourignon and Guyon, the correspondence of Abelard and Heloise, the letters of Sévigné to her daughter, and the autobiographical works of Rousseau and Sand, Daly traces recurring patterns of narrative innovation that seem convincingly linked to both the author's gender and the gender of characters. Her final chapter analyzes theoretical writings by Cixous and Kristeva in terms of the fictional paradigms she has established. As it addresses heroic narratives of the

We Are All Chile Katherine Karr-Cornejo, 2025-04-15. A study of the relationship between literature and the current conditions of national life, *We Are All Chile* explores how artistic expression reflects lived experience. The book travels through figures, symbols, and events in Chilean history from the sixteenth to the end of the nineteenth centuries as represented through historical fiction of

the late twentieth and early twenty first centuries an oeuvre that uses historical stories to reflect upon the challenges of Chilean society post dictatorship Contrasting the use of these stories with previous understanding highlights the power of legacies of the dictatorial authoritarian state particularly as they shape possibilities for the full flourishing of people without regard for their minoritized or disadvantaged identities such as their sex sexual orientation ethnicity or race This treatment of Chilean history and culture brings together literature and historiography to offer powerful interpretations of cultural narratives The focus on varied dimensions of difference illustrates both overlapping representations and distinctive features of each within narratives imagining a more inclusive community Throughout *We Are All Chile* historical narratives and their source material are connected to support the creation of imaginative space for a better and more expansive future The stories studied highlight the relationships between gender empire and the body performances of race and gender that evoke a utopian dream of coexistence symbols and systems of the nation as reflections of authoritarian practices the legibility of the claims of indigenous communities the role of violence in community building and the strategies of lament inherent in the repeated stories of dreams for a more inclusive future shattered on the structures of exclusion These historical narratives alone cannot change the material conditions in which people live but they can awaken hope for the future that can inspire change And it is this very process of defending questioning challenging and changing historical stories that opens the door to possibility
