Reading Woman A Journal:

Reading Women Jennifer Phegley, Janet Badia, 2005-01-01 Literary and popular culture has often focused its attention on women readers particularly since early Victorian times In Reading Women an esteemed group of new and established scholars provide a close study of the evolution of the woman reader by examining a wide range of nineteenth and twentieth century media including Antebellum scientific treatises Victorian paintings and Oprah Winfrey s televised book club as well as the writings of Charlotte Bront Harriet Beecher Stowe and Zora Neale Hurston Attending especially to what how and why women read Reading Women brings together a rich array of subjects that sheds light on the defining role the woman reader has played in the formation not only of literary history but of British and American culture The contributors break new ground by focusing on the impact representations of women readers have had on understandings of literacy and certain reading practices the development of books and print culture and the categorization of texts into high and low cultural forms

Women and the Periodical Press in China's Long Twentieth Century Michel Hockx, Joan Judge, Barbara Mittler, 2018-05-24 In this major new collection an international team of scholars examine the relationship between the Chinese women s periodical press and global modernity in the late nineteenth and twentieth centuries The essays in this richly illustrated volume probe the ramifications for women of two monumental developments in this period the intensification of China s encounters with foreign powers and a media transformation comparable in its impact to the current internet age The book offers a distinctive methodology for studying the periodical press which is supported by the development of a bilingual database of early Chinese periodicals Throughout the study essays on China are punctuated by transdisciplinary reflections from scholars working on periodicals outside of the Chinese context encouraging readers to rethink common stereotypes about lived womanhood in modern China and to reconsider the nature of Chinese modernity in a global context **The English Woman's Journal , Figurations of the Feminine in the Early French Women's Press, 1758-1848** Siobhán McIlvanney, 2019 In this highly original thought provoking study Siobhán McIlvanney provides critical insight into the origins of the French women s press As the first work in English to examine the diverse range of publications which makes up this significant medium Figurations of the Feminine traces the evolving figurations of womanhood which appear over the first ninety years of women s journals in France It argues that early French women s journals are often characterised by a remarkable degree of feminist content and that this potential political interpellation of their contemporary readership is one which undermines the general conception of the women s press as an idealised hyper femininised space inhabited by the intellectually idle whether in the form of readers or writers seeking at best escapism at worst a benign reinforcement of the values of their quotidien Through its analysis of different generic subsections whether the literary journal the fashion magazine the domestic press or more explicitly politicised outputs Figurations of the Feminine challenges the critical commonplaces which have surrounded the women s press since its genesis both in France and elsewhere It demonstrates the

political richness of this medium and the privileged perspectives it gives us on the everyday lives of French women from across the class spectrum during this key historical period **Resources in Women's Educational Equity** ,1980

Resources in Women's Educational Equity: Special Issue ,1979 **Reading and the Victorians** Juliet

John,2016-03-03 What did reading mean to the Victorians This question is the key point of departure for *Reading and the Victorians* an examination of the era when reading underwent a swifter and more radical transformation than at any other moment in history With book production handed over to the machines and mass education boosting literacy to unprecedented levels the norms of modern reading were being established Essays examine the impact of tallow candles on Victorian reading the reading practices encouraged by Mudie's Select Library and feminist periodicals the relationship between author and reader as reflected in manuscript revisions and corrections the experience of reading women's diaries models of literacy in *Our Mutual Friend* the implications of reading marks in Victorian texts how computer technology has assisted the study of nineteenth century reading practices how Gladstone read his personal library and what contemporary non academic readers might owe to Victorian ideals of reading and community *Reading* forms a genuine meeting place for historians literary scholars theorists librarians and historians of the book and this diverse collection examines nineteenth century reading in all its personal historical literary and material contexts while also asking fundamental questions about how we read the Victorians reading in the present day *Reading Desire in a New Generation of Japanese Women Writers*

Bhattacharya,2025-03-13 This book studies gender sexuality and representation in *The Mahabharata* Drawing on Feminist theory Queer theory and Deconstructivist theory it revisits the epic as a saga of agency empowerment and subversion and examines how it gives the gendered marginal the women and the queer a voice The authors argue that in a fluid text like *The Mahabharata* there is ample scope for contradiction and conformation as well as conflict and resolution which gives the marginal an opportunity to document resistance They analyse the stories of Draupadi Kunti Renuka Ulupi and Hidimba

within an anti patriarchal non normative post modern theoretical framework They also examine liminal figures like Shikhandi Yuvanashwa Sudyumna and Bhangashwan who are uniquely placed in conversation involving queer space marginalization and resistance An important addition to the study of Indian epics this book will be indispensable for scholars and researchers of cultural studies subaltern studies Indian literature English literature gender studies sexuality studies queer studies women s studies exclusion studies and postcolonial studies

The first broad overview and detailed analysis of female reading audiences in this period *Polyamory and Reading the Book of Ruth* Deborah Kahn-Harris, 2023-11-02 Polyamory and Reading the Book of Ruth is based on a simple premise what if the Book of Ruth isn t a love story in the vein of modern rom coms but a different sort of love story Many people are conditioned to read romance stories as resolving into happily married dyadic couplings most often heterosexual But what if that s not how to read the Book of Ruth This book identifies a polyamorous hermeneutic and explores how it might be helpful in interpreting the Book of Ruth Drawing on developments in both feminist and queer biblical studies Deborah Kahn Harris offers a close textual reading that focuses in on a triadic basis for examining the relationships in the Book of Ruth The book closes with a contemporary targumic reimagining of the Book of Ruth that defines more clearly this polyamorous reading

Diversity and Change in Early Canadian Women's Writing Jennifer Chambers, 2009-10-02 Diversity and Change in Early Canadian Women's Writing is a collection of nine essays thematically arranged dedicated to the works of women writing between 1828 and 1914 It is for all those readers who were certain that there had to be diverse interesting socially relevant voices in early Canadian women's writing It is equally for sceptics who will find that early Canada is not bereft of women writers or of writing of substance When Lorraine McMullen published the collection of essays *Rediscovering Our Foremothers* in 1990 she considered the field in its infancy As keen as literary historians and critics have been to assess the contributions of women to Canada's early cultural scene this collection moves beyond listing which women were writing in early Canada and brings together a study of their journalistic and literary works For a nation caught up in projects to enhance nation building and concerned with the development of its national literature the essays reconnect with early literary works by women Eighteen years after McMullen's this collection shows the progression along the path that hers initiated Working with theories of genre gender socio politics literature history and drama the essayists make cases not only for the women writing but also for the literary voices they created to work for diversity and social change in Canada
