Women's Reading in Britain, 1750-1835 Jacqueline Pearson, 1999-05-27 The first broad overview and

detailed analysis of female reading audiences in this period *Reading and the Victorians* Juliet John, 2016-03-03 What did reading mean to the Victorians This question is the key point of departure for *Reading and the Victorians* an examination of the era when reading underwent a swifter and more radical transformation than at any other moment in history With book production handed over to the machines and mass education boosting literacy to unprecedented levels the norms of modern reading were being established Essays examine the impact of tallow candles on Victorian reading the reading practices encouraged by Mudie's Select Library and feminist periodicals the relationship between author and reader as reflected in manuscript revisions and corrections the experience of reading women's diaries models of literacy in *Our Mutual Friend* the implications of reading marks in Victorian texts how computer technology has assisted the study of nineteenth century reading practices how Gladstone read his personal library and what contemporary non academic readers might owe to Victorian ideals of reading and community Reading forms a genuine meeting place for historians literary scholars theorists librarians and historians of the book and this diverse collection examines nineteenth century reading in all its personal historical literary and material contexts while also asking fundamental questions about how we read the Victorians reading in the present day **Figurations of the Feminine in the Early French Women's Press, 1758-1848** Siobhán

McIlvanney, 2019 In this highly original thought provoking study Siobhán McIlvanney provides critical insight into the origins of the French women's press As the first work in English to examine the diverse range of publications which makes up this significant medium *Figurations of the Feminine* traces the evolving figurations of womanhood which appear over the first ninety years of women's journals in France It argues that early French women's journals are often characterised by a remarkable degree of feminist content and that this potential political interpellation of their contemporary readership is one which undermines the general conception of the women's press as an idealised hyper femininised space inhabited by the intellectually idle whether in the form of readers or writers seeking at best escapism at worst a benign reinforcement of the values of their *quotidien* Through its analysis of different generic subsections whether the literary journal the fashion magazine the domestic press or more explicitly politicised outputs *Figurations of the Feminine* challenges the critical commonplaces which have surrounded the women's press since its genesis both in France and elsewhere It demonstrates the political richness of this medium and the privileged perspectives it gives us on the everyday lives of French women from across the class spectrum during this key historical period **Resources in Women's Educational Equity**, 1980

Resources in Women's Educational Equity: Special Issue, 1979 An Alternative Reading of the Other in The Mahabharata Seema Sinha, Kumar Sankar Bhattacharya, 2025-03-13 This book studies gender sexuality and representation in *The Mahabharata* Drawing on Feminist theory Queer theory and Deconstructivist theory it revisits the epic as a saga of agency empowerment and subversion and examines how it gives the gendered marginal the women and the queer a voice The authors argue that in a fluid text like *The Mahabharata* there is ample scope for contradiction and conformation as well

as conflict and resolution which gives the marginal an opportunity to document resistance They analyse the stories of Draupadi Kunti Renuka Ulupi and Hidimba within an anti patriarchal non normative post modern theoretical framework They also examine liminal figures like Shikhandi Yuvanashwa Sudyumna and Bhangashwan who are uniquely placed in conversation involving queer space marginalization and resistance An important addition to the study of Indian epics this book will be indispensable for scholars and researchers of cultural studies subaltern studies Indian literature English literature gender studies sexuality studies queer studies women s studies exclusion studies and postcolonial studies

Reading 1 Corinthians with Philosophically Educated Women Nathan John Barnes, 2014-03-28 Women were involved in every popular philosophy in the first century and the participation of women reaches back to the Greek origins of these schools Philosophers often taught their daughters wives and other friends the basic tenets of their thinking The Isthmian games and a tolerance for independent thinking made Corinth an attractive place for philosophers to engage in dialogue and debate further facilitating the philosophical education of women The activity of philosophically educated women directly informs our understanding of 1 Corinthians when Paul uses concepts that also appear in popular moral philosophy This book explores how philosophically educated women would interact with three such concepts marriage and family patronage and self sufficiency

Women Making News Michelle Elizabeth Tusan, 2005 Starting in the mid nineteenth century female editors and journalists created a new genre of political journal they proclaimed to be both for and by women Specialized periodicals like Women s Penny Paper and Shafts fostered the proliferation of diverse political agendas aimed at reimagining women s status in society At the same time the institutional infrastructure of the women s press provided women with job opportunities in a nontraditional field Michelle Tusan tells two stories First she examines alternative print based political cultures that women developed during the late nineteenth and early twentieth centuries Second she explores how British female subjects forged a wide range of new political identities through the pages of their press Tusan employs social and cultural historical analysis in the reading of popular printed texts as well as rare and previously unpublished personal correspondence and business records from archives throughout Britain Insightful and filled with fascinating detail Women Making News uncovers how the relationship between print culture and gender politics provided a vehicle for women s mobilization in the political culture of modern Britain

Polyamory and Reading the Book of Ruth Deborah Kahn-Harris, 2023-11-02 Polyamory and Reading the Book of Ruth is based on a simple premise what if the Book of Ruth isn t a love story in the vein of modern rom coms but a different sort of love story Many people are conditioned to read romance stories as resolving into happily married dyadic couplings most often heterosexual But what if that s not how to read the Book of Ruth This book identifies a polyamorous hermeneutic and explores how it might be helpful in interpreting the Book of Ruth Drawing on developments in both feminist and queer biblical studies Deborah Kahn Harris offers a close textual reading that focuses in on a triadic basis for examining

the relationships in the Book of Ruth The book closes with a contemporary targumic reimagining of the Book of Ruth that defines more clearly this polyamorous reading *Reading Women in the New Testament Letters* Korinna Zamfir, Uta Poplutz, 2025-01-31 This volume explores the differing views expressed in the New Testament letters about the position of women in first and second generation Christian communities Contributors place the letters in their broader Jewish and Greco Roman cultural religious and social contexts to better understand how gender roles family life and women s responsibilities for spreading the gospel changed over time While some essays envision the lived realities of women as wives mothers and widows both the free and the enslaved others examine the rhetorical and theological function of female metaphors Contributors include Bernadette Brooten Christine Gerber Annette Bourland Huizenga Marianne Bjelland Kartzow Beate Kowalski Dominika Kurek Chomycz Peter Lampe William R G Loader Elisa Est vez L pez Heidrun E Mader Marinella Perroni Silke Petersen Uta Poplutz Mar a Jos Schultz Montalbetti Michael Sommer Angela Standhartinger Mikl s Szab Korinna Zamfir and Silvia Zanconato *Library Bulletin* Somerville Public Library (Mass.), 1897 [General Index to the Journals and Sessional Papers of the Legislative Assembly, Ontario ...](#) Ontario. Legislative Assembly, 1920 **Women in Journalism at the Fin de Siècle** F. Gray, 2012-03-13 As the nineteenth century drew to a close women became more numerous and prominent in British journalism This book offers a fascinating introduction to the work lives of twelve such journalists and each essay examines the career writing and strategic choices of women battling against the odds to secure recognition in a male dominated society **Engendering the Woman Question: Men, Women, and Writing in China's Early Periodical Press** Yun Zhang, 2020-08-31 In Engendering the Woman Question Zhang Yun adopts a new approach to examining the early Chinese women s periodical press Rather than seeing this new print and publishing genre as a gendered site coded as either feminine or masculine this book approaches it as a mixed gender public space where both men and women were intellectually active and involved in dynamic interactions to determine the contours of their discursive encounters Drawing upon a variety of novel textual modes such as polemical essays historical biography public speech and expository essays this book opens a window onto men s and women s gender specific approaches to a series of prominent topics central to the Chinese woman question in the early twentieth century [She Hath Been Reading](#) Katherine West Scheil, 2012-05-08 In the late nineteenth century hundreds of clubs formed across the United States devoted to the reading of Shakespeare From Pasadena California to the seaside town of Camden Maine from the isolated farm town of Ottumwa Iowa to Mobile Alabama on the Gulf coast Americans were reading Shakespeare in astonishing numbers and in surprising places Composed mainly of women these clubs offered the opportunity for members not only to read and study Shakespeare but also to participate in public and civic activities outside the home In *She Hath Been Reading* Katherine West Scheil uncovers this hidden layer of intellectual activity that flourished in American society well into the twentieth century Shakespeare clubs were crucial for women s intellectual development because they provided a consistent intellectual stimulus more so than was

the case with most general women's clubs and because women discovered a world of possibilities both public and private inspired by their reading of Shakespeare. Indeed, gathering to read and discuss Shakespeare often led women to actively improve their lot in life and make their society a better place. Many clubs took action on larger social issues such as women's suffrage, philanthropy, and civil rights. At the same time, these efforts served to embed Shakespeare into American culture as a marker for learning, self-improvement, civilization, and entertainment for a broad array of populations varying in age, race, location, and social standing. Based on extensive research in the archives of the Folger Shakespeare Library and in dozens of local archives and private collections across America, *She Hath Been Reading* shows the important role that literature can play in the lives of ordinary people. As testament to this fact, the book includes an appendix listing more than five hundred Shakespeare clubs across America.
