Reading Renaissance Music Theory Cristle Collins Judd, 2000-11-30 This book examines a central group of music theory treatises that have formed the background to the study of Renaissance music Taking theorists music examples as a point of departure it explores fundamental questions about how music was read and by whom situating the reading in specific cultural contexts Numerous broader issues are addressed in the process the relationship of theory and praxis access to and use of printed musical sources stated and unstated agendas of theorists orality and literacy as it was represented via music print culture the evaluation of anonymous repertoires and the analysis of repertoires delineated by boundaries other than the usual ones of composer and genre In particular this study illuminates the ways in which Renaissance theorists choices have shaped later interpretation of earlier practice and reflexively the ways in which modern theory has been mapped on to that practice

Studies on Authorship in Historical Keyboard Music Andrew Woolley, 2023-10-31 Authorship is a pertinent issue for historical musicology and musicians more widely and some controversies concerned with major figures have even reached wider consciousness Scholars have clarified some of the issues at stake in recent decades such as the places of borrowing and arranging in the creative process and the wider cultural significance of these practices The discovery of new sources and methodologies has also opened up opportunities for reassessing specific authorship problems

Drawing upon this wider musicological literature as well as insights from other disciplines such as intellectual history and book history this book aims to build on what has already been achieved by focussing on keyboard music The nine chapters cover case studies of authorship problems the socioeconomic conditions of music publishing the contributions of composers arrangers copyists and music publishers in creating notated keyboard compositions the functions of attribution and ascription and how the contexts in which notated pieces were used affected concepts of authorship at different times and places
