Reconsidering the Book of the Four Nicholas R. Werse, 2019-05-20 Although many scholars recognize literary similarities between Hosea Amos Micah and Zephaniah defining the compositional relationship between these texts remains a matter of debate Following the scholarly trajectory of exploring the compositional relationship between the Twelve prophets several scholars argue that these four prophetic texts formed a precursory collection to the Book of the Twelve Yet even among advocates for this Book of the Four there remain differences in defining the form and function of the collection By reexamining the literary parallels between these texts Werse shows how different methodological convictions have led to the diverse composition models in the field today Through careful consideration of emerging insights in the study of deuteronomism and scribalism Werse provides an innovative composition model explaining how these four texts came to function as a collection in the wake of the traumatic destruction of Jerusalem This volume explores a historic function of these prophetic voices by examining the editorial process that drew them together

divina Editors Craig Bartholomew Robin Parry Scott Hahn Christopher Seitz Al Wolters *From the Depths of Despair to the Promise of Presence* Joel Barker, 2014-01-20 For decades the prophetic book of Joel has been the focus of scrutiny that belies its brevity It captures readers with its vivid descriptions of locusts and military invasion and the distress that they cause It then reveals the concern of YHWH for the covenant community as it systematically reverses the crises that it announces The book of Joel also offers a window into the rhetorical function of the day of YHWH as it uses the phrase to announce both judgment and restoration Reflecting the creativity of the Old Testament prophetic spirit the book then guides its readers from utter anguish to the hope of restoration rooted in the presence of YHWH From the Depths of Despair to the Promise of Presence delves into Joel's rhetoric and explores the ways in which it seeks to persuade its audience to adopt its perspective in order to respond to a time of crisis Barker evaluates the state of the discussion surrounding Joel's composition and relationship to the Book of the Twelve He develops a model of rhetorical criticism that builds on the foundations of previous approaches and proposes modifications that address the specific challenges posed by the book of Joel He then puts this model into practice and demonstrates that the book of Joel moves from scenes of devastation to promises of restoration in articulating the necessity of calling and relying on YHWH in all circumstances He explores the persuasive potential of Joel by focusing on its rhetorical structures and strategy He examines the way the book of Joel engages its audience and guides the people to realize that they must turn to YHWH so that YHWH will turn and bring restoration From the Depths of Despair to the Promise of Presence invites the reader to enter into the world of Joel It calls the reader to experience the ways in which the book of Joel intertwines threats of destruction and the hope of renewal in order to reveal the character of YHWH
