A Delaware Album, 1900-1930 George David Miller, 2011-04-15 A Delaware Album 1900-1930 contains over 300 postcard photographs from the entire state taken during the period from 1900 to 1930. Arranged by subjects: City and Town Views, Delaware Beaches, Amusements, Industry and Agriculture, Signs of the Times, Trains, Trolleys, and Automobiles, Water Transportation, Schools, Religion, Businesses, Hotels and Motels. Each photo has a caption ranging from a sentence or two to several paragraphs. The book's introduction details how the cards were produced, analyzes the subject matter depicted on the cards, documents the history of several of the most prominent local photographers in the state whose work is found almost only on postcards, and traces the evolution and popularization of postcard photography. Through the photographs, readers can witness the development of Delaware agriculture and fisheries, the expansion of the railroad into southern Delaware, the declining days of steamship service on Delaware rivers and creeks, the fate of Middletown's last trolley, and Delaware's unsuccessful campaign against King Alcohol. They can see how Delawareans worshiped, worked, and shopped. They can visit local amusement parks and beaches from New Castle county to Sussex county. For the early decades of the twentieth century, the postcard recorded every aspect of American life. As local historians will tell you, the photographic record of small town America during the period from 1900 to 1930 exists almost only on postcards. That is why historical societies, libraries, and museums have begun to amass postcard collections. In the last twenty years, historians and scholars have increasingly turned to the postcard as a way of seeing what our past literally looked like, what we enjoyed doing, where we worked and played, how we viewed one another, what we thought was important, and what prejudices we held.

The Philadelphians, and Other Essays Relating to Delaware John Andrew Munroe, 2004 This volume presents a varied sampling of the author's writings from the past sixty years along with some previously unpublished materials It begins with a long prologue that the author calls a literary autobiography and this story is continued and amplified in introductory notes that accompany each of the following items the relationship between Delaware and the city of Philadelphia This theme reappears in many guises in the background of other items as for example in a summary of New Castle's history in an investigation of an experiment in nonresident representation in Congress and in explanation of the unique importance of an early Wilmington collector of customs In the last essay previously unpublished the relationship is personalized in a reminiscence contributing to the autobiographical theme with which the book began at the University of Delaware
