

The book cover has a dark brown background. In the upper left, a portion of a globe is visible, showing continents in shades of green and brown. To the right of the globe, a white dove is depicted in flight. Further right, there are two stylized birds: one in pink and one in yellow and green. The lower half of the cover is decorated with large, colorful abstract shapes in green, blue, yellow, and red. A semi-transparent white rectangle is centered on the cover, containing the title and editor information.

Readings In Human Development Concepts Measures And Policies For A Development Paradigm:

Readings in Human Development Sakiko Fukuda-Parr, A. K. Shiva Kumar, 2004 The Liverpool stand up comic and TV star John Bishop takes to the road once again on his sell out 2012 tour *Amartya Sen's Work and Ideas* Bina Agarwal, Jane Humphries, Ingrid Robeyns, 2013-09-13 This unique volume is the first to examine Nobel Laureate Amartya Sen's ideas through the lens of gender His humanitarian approach to economics has been crucial to the development of several aspects of feminist economics and gender analysis This book outlines the range and usefulness of his work for gender analysis while also exploring some of its silences and implicit assumptions The result is a collection of groundbreaking and insightful essays which cover major topics in Sen's work such as the capability approach justice freedom social choice agency missing women and development and well being Perspectives have been drawn from both developing and developed countries with most of the authors applying Sen's concepts to cultural geographic and historical contexts which differ from his original applications Significant highlights include a wide ranging conversation between the book's editors and Sen on many aspects of his work and an essay by Sen himself on why he is disinclined to provide a definitive list of capabilities These essays were previously published in *Feminist Economics* **Palaces of Hope** Ronald Niezen, Maria Sapignoli, 2017-01-26 This volume assembles in one place the work of scholars who are making key contributions to a new approach to the United Nations and to global organizations and international law more generally Anthropology has in recent years taken on global organizations as a legitimate source of its subject matter The research that is being done in this field gives a human face to these world reforming institutions Palaces of Hope demonstrates that these institutions are not monolithic or uniform even though loosely connected by a common organizational network They vary above all in their powers and forms of public engagement Yet there are common threads that run through the studies included here the actions of global institutions in practice everyday forms of hope and their frustration and the will to improve confronted with the realities of nationalism neoliberalism and the structures of international power *Liberal Welfarism as an Approach to Governance* Pablo Garcés-Velástegui, 2025-09-26 This book examines whether it is possible for governments to improve the wellbeing of its citizens whilst simultaneously enhancing individual liberty It is traditionally argued that these two policy goals are incompatible Any attempts to improve welfare result in greater government interventions whilst any gains in individual freedom often involve an absence of restrictions which have a detrimental effect on wellbeing By enhancing the notion of liberal welfarism this book argues that it is possible for governments to simultaneously accommodate both wellbeing and freedom First it provides a conceptual overview of liberal welfarism and explains how it originates from combining the theoretical approaches of libertarian paternalism and the capability approach It then demonstrates how the theory of liberal welfarism can be implemented in practice and the implications of this for politics and policy making especially with regards to social policy security policy and environmental policy Interdisciplinary in nature the book will appeal to all those interested

in public policy politics philosophy and behavioral economics **Gender, Schooling and Global Social Justice** Elaine Unterhalter, 2007 Timely and original and organised clearly into three accessible parts this book examines gender equality in schooling as an aspiration of global social justice *Constituting Economic and Social Rights* Katharine G. Young, 2012-08-23 This book will appeal to a range of constitutional and public legal scholars and practitioners and will appeal to both audiences of human rights practice and those following legal theory First the book presents a breakthrough in constitutional argument about economic and social rights long debated in constitutional rights scholarship and public law It provides an important collection of comparative developments new analytical constructs and contemporary developments in rights theory Second the book draws on comparative constitutional law to inform and develop debates in international human rights law This audience will learn how new approaches to interpretation enforcement adjudication justiciability and deliberation may advance international and transnational human rights advocacy argument and reasoning Third the book informs the interdisciplinary debates of food health care housing education and water law *The True Wealth of Nations* Daniel Finn, 2010-08-09 The True Wealth of Nations arises from the conviction that implementing a morally adequate vision of the economy will generate sustainable prosperity for all It sets forth the beginnings of an architecture of analysis for relating economic life and Christian faith intellectually and experientially and helps social scientists theologians and all persons of faith to appreciate the true wealth of any nation **Handbook on Gender and Health** Jasmine Gideon, 2016-05-27 This Handbook brings together a groundbreaking collection of chapters that uses a gender lens to explore health health care and health policy in both the Global South and North Empirical evidence is drawn from a variety of different settings and points to the many ways in which the gendered dimensions of health have become reworked across the globe This collection includes insightful contributions from 56 leading authorities from Africa the Americas Asia Europe and the Middle East offering a wealth of knowledge theoretical reflection and empirical detail on the essential elements surrounding gender and health Topics covered include theoretical approaches to understanding gender and health migration sexuality ageing masculinities climate change and sexual and reproductive rights Split into four thematic sections this book strives to develop a clear road map towards achieving gender justice in health The Handbook on Gender and Health will be an important resource for researchers students and instructors of health policy and family and gender studies Contributors include G Alvarez Minte E Ansoleaga Moreno L Artazcoz A E Birn R A Burgess A Coates I Cort s Franch S Del Pino K Devries X D az Berr L Doyal K Elzein V Escib Ag ir B Eveslage C Ewig J Gideon J Gon alves Mart n B Gough H Grundlingh M Gutmann R R Habib M C Inhorn D Johnston D M Kamuya L Knight M Koivusalo R Kumar M Leite J Lyra E MacPherson A M Cardarelli P McDonough B Medrado L M Morgan S F Murray J Namakula L N ez Carrasco S Payne E Richards N Richardson M Richter S Robertson M Robinson J Samuel S Sexton J A Smith S Smith D L Spitzer S N Ssali S Theobald R Tolhurst J Vearey P Vero Sanso S Witter N Younes F Zalwango **Sexual Harassment and the Law in Africa** Furaha-Joy Sekai

Saungweme, Carol Chi Ngang, Graham Towl, 2024-03-19 Written by a team of experts from legal forensic and policy backgrounds this book presents new research into sexual violence and harassment across Africa This first of its kind book foregrounds the work of African scholars and presents careful research analysis and case studies that consider sexual harassment from legal socio economic and cultural realities It highlights the importance of laws around sexual harassment in Africa the intersectional challenges it poses to women in the workplace and the role of the feminist movement in Africa to hold perpetrators accountable and give voice to survivors of sexual harassment The book forms part of a broader African driven research initiative on sexual harassment and the law and is written in partnership with the Africa End Sexual Harassment Initiative AESHI It also explores the need to focus on best practice benchmarks for Africa and also learning from developments in Africa Timely and relevant the book will be of great interest to legal and policy academic scholars professionals and activists working in the fields of gender policy forensic psychology and NGOs It will also be useful reading for postgraduate students of law gender studies political science and African studies

The Rise of Africa's Middle Class
Henning Melber, 2016-12-15 Across Africa a burgeoning middle class has become the poster child for the Africa rising narrative Ambitious aspirational and increasingly affluent this group is said to embody the values and hopes of the new Africa with international bodies ranging from the United Nations Development Programme to the World Bank regarding them as important agents of both economic development and democratic change This narrative however obscures the complex and often ambiguous role that this group actually plays in African societies Bringing together economists political scientists anthropologists and development experts and spanning a variety of case studies from across the continent this collection provides a much needed corrective to the received wisdom within development circles and provides a fresh perspective on social transformations in contemporary Africa

Global Poverty, Ethics and Human Rights Desmond McNeill, Asunción Lera StClair, 2009-01-15 Severe poverty is one of the greatest moral challenges of our times But what place if any do ethical thinking and questions of global justice have in the policies and practice of international organizations This book examines this question in depth based on an analysis of the two major multilateral development organizations the World Bank and the UNDP and two specific initiatives where poverty and ethics or human rights have been explicitly in focus in the Inter American Development Bank and UNESCO The current development aid framework may be seen as seeking to make globalization work for the poor and multilateral organizations such as these are powerful global actors whether by virtue of their financial resources or in their role as global norm setting bodies and as sources of hegemonic knowledge about poverty Drawing on their backgrounds in political economy ethics and sociology of knowledge as well as their inside knowledge of some of the case studies the authors show how despite the rhetoric issues of ethics and human rights have for very varying reasons and in differing ways been effectively prevented from impinging on actual practice **Global Poverty Ethics and Human Rights** will be of interest to researchers and advanced students as well as practitioners and activists in the fields of

international relations development studies and international political economy It will also be of relevance for political philosophy human rights development ethics and applied ethics more generally **Millennium Development Goals** Sakiko Fukuda-Parr, 2017-07-14 Heralded as a success that mobilized support for development the Millennium Development Goals MDGs ushered in an era of setting development agendas by setting global goals This book critically evaluates the MDG experience from the capabilities and human rights perspectives and questions the use of quantitative targets as an instrument of global governance It provides an account of their origins trajectory and influence in shaping the policy agenda and ideas about international development during the first 15 years of the 21st century The chapters explore whether the goals are adequate as benchmarks for the transformative vision of the Millennium Declaration how the goals came to be formulated the way they were drawing on interviews with key actors who were involved in the process how the goals exercised influence through framing to shape policy agendas on the part of both developing countries and the international community the political economy that drove the formulation of the goals and their consequences on the agendas of the South and the North the effects of quantification and indicators on ideas and action and the lessons to be drawn for using numeric goals to promote global priorities Representing a significant body of work on the MDGs in its multiple dimensions compiled here for the first time as a single collection that tells the whole definitive story this book provides a comprehensive resource It will be of great interest to students researchers and policymakers in the fields of development human rights international political economy and governance by numeric indicators Development Macroeconomics Subrata Ghatak, Paul Levine, 2009-03-09 This brings together relevant papers on macro monetary and development economics from many eminent economists from all over the world who are closely associated with the works of Late Professor Anita Ghatak of Greenwich University UK who was an expert in the field of macroeconomics and econometrics It comprises a variety of articles which are highly significant in the analysis of macroeconomic policies both in developed and in transition economies There are several main topics covered in this book such as the test of new theories of economic growth and convergence and the use of dynamic and rigorous time series econometric methods for analysing money demand functions in transition economies This work details the meaning of economic development and the comparative analysis of the recent growth of India and China also the modelling of the macroeconomics of poverty reduction and the monetary policy rules in transition economies Lastly the research analyses the Asian Financial crisis the impact of migration on investment and economic growth and international consumption patterns *Methods of Sustainability Research in the Social Sciences* Frances Fahy, Henrike Rau, 2013-01-21 Sustainability is a key concept used by social scientists interested in interactions between human society and the environment This text offers a systematic and critical review of established and emerging methodological approaches as well as tools for the integrated investigation of sustainability questions Recognising the significance of scale for sustainability efforts and measurement its scope ranges from the local to the global Divided into five sections Part I examines the key
