## **Readings In Human Sexuality Contemporary:**

**Readings in Human Sexuality** ,1979      **Readings in Human Sexuality** Chad Gordon, Gayle Johnson, 1980-01

*Readings in Contemporary Sexuality* John P. Elia, Albert Angelo, 2000      **Human Sexuality, Ethnoculture, and Social**

**Work** Larry Lister, 1986 The only book of its kind Human Sexuality Ethnoculture and Social Work combines information about ethnocultural groups in the United States with a focus on issues about sexuality The authors each a member of the group about which he or she writes contribute a unique understanding and perspective within a common conceptual framework The basic details provide readers with the background about the cultures in general black Mexican native Hawaiian and Samoan Japanese Jewish Philippino and Puerto Rican with an emphasis on human sexuality Invaluable data is included about behavior attitudes gender roles family patterns and child socialization Social workers and other helping professionals as well as scholars in the areas of sexuality and culture will increase their understanding and their ability to work with clients from different ethnocultural backgrounds      **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1979      With Pleasure Paul R. Abramson, Steven D. Pinkerton, 2002-10-17 Challenging everything from the mandates of the Catholic Church to the hotly debated ethics of pornography and from the controversy surrounding gay rights to issues of gender and feminism With Pleasure explores a new theory of human sexuality that ignites every hot topic in the public domain What role authors Paul Abramson and Steven Pinkerton ask does sexual pleasure play in our lives Is the pursuit of sexual enjoyment in our blood Our brains Our very nature Regardless of the source it can be agreed that the joys of sex are widely appreciated Why then is pleasure so often overlooked in discussions of sexual behaviour and why do cultural historical and religious treatises so often fail to emphasise or outright ignore this obvious aspect of human sexuality Responding to these and many other questions about our most private affairs With Pleasure provides a profoundly original challenge to the cherished truisms of human sexuality Abramson and Pinkerton proclaim the paramount importance of pleasure while at the same time overthrowing traditional ideas about gender pornography contraception homosexuality abortion and much more Supported by rigorous research and co written by one of the foremost authorities on sex With Pleasure argues that human sexuality cannot be understood if its significance is limited to reproduction alone The authors posit that in humans reproduction itself occurs as a byproduct of pleasure not the other way around and that it is the strong drive for pleasure that makes people overcome many obstacles and even life threatening dangers such as AIDS to have sex Ranging from discussions about the church to current debates about pornography and from evolutionary theory to questions about the future of sex and pleasure Abramson and Pinkerton argue persuasively that the pleasurable of sex cannot be restricted to purely reproductive behaviour With Pleasure advances a startling and original new theory about human sexuality one which the authors believe will replace all existing notions about sex The book standing in direct and deliberate opposition to traditions that try to confine sexuality to procreation is sure to ignite a firestorm of controversy      *Same-Sex*

*Cultures and Sexualities* Jennifer Robertson, 2008-04-15 This book demonstrates the centrality of sex gender and sexuality to theories of human behaviors and practices Moves beyond other lesbian and gay studies readers by presenting a broader view of the significance of studying same sex cultures and sexualities across cultures Offers readings from all four subfields of anthropology cultural biological linguistic and archaeological along with historical and applied anthropology Includes discussion of biotechnology and bioethics health and illness language ethnicity identity politics post colonialism kinship development and policymaking

Demo Journey Mac Wade, Gayle Johnson, 1998-03-21 **Culture, Society and Sexuality** Richard Parker, Peter Aggleton, 2007-01-24 Clearly structured and presented this new and revised edition brings together a broad and international selection of readings to provide insights into the social cultural political and economic dimensions of sexuality and relationships

*Culture, Society and Sexuality* Richard Guy Parker, Peter Aggleton, 1999 This work offers an introduction to the central debates in sexuality research Among the issues examined are the social and cultural dimensions of sex human sexuality and sex research

**Comprehensive Handbook of Psychopathology** Henry E. Adams, 2013-12-18 The major purpose of this handbook is to provide a comprehensive review of current clinical descriptions research and theories of psychopathology Descriptive psychopathology is a field that is the foundation of clinical practice and research in clinical psychology psychiatry psychiatric social work psychiatric nursing and allied professions in mental health Psychopathology is often perceived as a stepchild of the more glamorous areas of diagnosis or assessment and therapy or behavioral change Nevertheless it is doubtful that any meaningful advancements in these areas will occur until there is a thorough understanding of the behavioral disorders The purpose of the present project was to devise a handbook that covered both general and specific topics in psychopathology and that would be useful to researchers practitioners and graduate or other advanced students in the mental health professions In order to implement this plan we selected very carefully colleagues whom we respect for their expertise in particular fields These include both clinicians and researchers with outstanding national reputations as well as more junior behavioral scientists and clinicians who in our opinion will achieve similar recognition in the future The chapters in this book lead us to believe that we have chosen wisely We would like to express our appreciation to these authors for their outstanding contributions and cooperation

**A Christian Guide to Sexual Counseling** Mary Ann Mayo, 2003-01-17 Sexual counseling is not a task that pastors and general Christian counselors usually consider theirs If one is to venture into the field he or she must have a solid foundation of reliable information both physiological and psychological and confidence that caring intervention will make a difference This book has been written to provide reliable information and also building a basis of confidence for Christian counselors A Christian Guide to Sexual Counseling offers counselors procedures for helping couples with sexual problems by first exploring the ambivalent messages that church and culture have conveyed about sexuality Because the primary sex organ of both the male and the female is the mind attitudes and concepts must be scrutinized weighed and approved or disapproved As the author

so forcefully maintains sexual counseling will always be trying to repair distortions if sound sex education does not become a priority for the church Many contemporary Christians are wary of sex therapy because of the notoriety of charlatans and pop sex psychologists But faddish theories do not comprise the basis for the mainstream of sex therapy There are sound biological and psychological bases for sexual counseling And Christian spirituality is not or should not be disjoined from treatment of sexual problems So Mayo brings body mind and spirit together in her assessment of the common problems and the appropriate treatments The book includes discussions of the following areas attitudes of the church toward sexuality the responsibility of Christian leaders to offer positive teaching normal sexual functioning common sexual problems in a marriage the role and possible outcomes of sexual counseling female problems male problems special concerns for singles premarital education

International Handbook on the Demography of Sexuality Amanda K. Baumle, 2013-05-13 The International Handbook on the Demography of Sexuality is the first book to specifically address the study of sexuality from a demographic perspective Demographic research has largely paid little attention to sexuality as a whole or sexual orientation in particular other than in studies examining the consequences of sex sexually transmitted infections or fertility Instead the content of this handbook explores population sexuality in order to describe the prevalence of sexual behaviors desires and identities as well as their connections with other demographic outcomes The focus is on analyzing sexuality as a demographic topic in its own right rather than solely as a variable in studies of sexually transmitted infection or other health related topics In this book both researchers with traditional demographic backgrounds as well as those with training in other disciplines provide an overview of the state of current research on population sexuality These chapters provide a foundation for the development of research in the burgeoning field of the demography of sexuality

**The Philosophy of Sex** Raja Halwani, Alan Soble, Sarah Hoffman, Jacob M. Held, 2017-09-15 This best selling volume examines the nature morality and social meanings of contemporary sexual phenomena Updated and new discussion questions offer students starting points for debate in both the classroom and the bedroom

*Sex in China* Fang Fu Ruan, 2013-11-22 China today is sexually and in many other ways a very repressive society yet ancient China was very different Some of the earliest surviving literature of China is devoted to discussions of sexual topics and the sexual implications of the Ym and Yang theories common in ancient China continue to influence Tantric and esoteric sexual practices today far distant from their Chinese origins In recent years a number of books have been written exploring the history of sexual practices and ideas in China but most have ended the discussion with ancient China and have not continued up to the present time Fang Fu Ruan first surveys the ancient assumptions and beliefs then carries the story to present day China with brief descriptions of homosexuality lesbianism transvestism transsexualism and prostitution and ends with a chapter on changing attitudes toward sex in China today Dr Ruan is well qualified to give such an overview Until he left China in the 1980s he was a leader in attempting to change the repressive attitudes of the government toward human sexuality He wrote a best selling book on sex in China and had written

to and corresponded with a number of people in China who considered him as confidant and advisor about their sex problems A physician and medical historian Dr Ruan's doctoral dissertation was a study of the history of sex in China

Human Sexuality Vern L. Bullough, Bonnie Bullough, 2014-01-14 First Published in 1994 The purpose of an encyclopedia is to gather in one place information that otherwise would be difficult to find Bring together a collection of articles that are authoritative and reflect a variety of viewpoints The contributors come from a wide range of disciplines from nursing to medicine from biology to history and include sociologists psychologists anthropologists political scientists literary specialists academics and non academics clinicians and teachers researchers and generalists *Gender Hierarchy of Masculinity and Femininity during the Chinese Cultural Revolution* Zhuying Li, 2020-11-25 Focusing on the influence of Maoist ideology and masculinist power on the representations of women in revolutionary opera films made during the Cultural Revolution this book considers the gendered hierarchy between masculinity and femininity in relation to the historic and cultural context in which they were made Using feminist methodology and epistemology to locate women's social identity this book explores the sociological connections between the masculinisation of women and masculinist domination in the context of the Cultural Revolution Through film analysis the author examines whether women rather than liberated were in fact re gendered and oppressed by masculinist power By critically evaluating gender hierarchy during the Chinese Cultural Revolution the book provides hitherto neglected insights into gender within its social and cultural context This an interdisciplinary book which should appeal to students and scholars across a range of disciplines including gender studies Asian studies China studies cultural studies and film studies **The Bible, Gender, and Sexuality: Critical Readings** Lynn R. Huber, Rhiannon Graybill, 2020-10-01 This volume collects both classic and cutting edge readings related to gender sex sexuality and the Bible Engaging the Hebrew Bible New Testament and surrounding texts and worlds Rhiannon Graybill and Lynn R Huber have amassed a selection of essays that reflects a wide range of perspectives and approaches towards gender and sexuality Presented in three distinct parts the collection begins with an examination of gender in and around biblical contexts before moving to discussing sex and sexualities and finally critiques of gender and sexuality Each reading is introduced by the editors in order to situate it in its broader scholarly context and each section culminates in an annotated list of further readings to point researchers towards other engagements with these key themes *Homosexual Characters in YA Novels* Allan A. Cuseo, 1992-03 Analyzes homosexual characters from YA novels published between 1969 and 1982 aiming to assess their literary quality and determine if their image of homosexual characters is negative *Readings in Contemporary Sexuality* Elia-Angelo, KENDALL HUNT PUB CO, 2010-01-14
