## Readings About Children's Literature:

*Readings in Children's Literature* National Seminar on Children's Literature 2nd State College of Victoria at Frankston, 1980     **Only Connect** Sheila A. Egoff, Gordon Thomas Stubbs, L. F. Ashley, 1969     Children as Readers in Children's Literature Evelyn Arizpe, Vivienne Smith, 2015-10-05 We are fascinated by text and we are fascinated by reading. Is this because we are in a time of textual change? Given that young people always seem to be in the vanguard of technological change, questions about what and how they read are the subject of intense debate. *Children as Readers in Children's Literature* explores these questions by looking at the literature that is written for children and young people to see what it tells us about them as readers. The contributors to this book are a group of distinguished children's literature scholars, literacy and media specialists who contemplate the multiple images of children as readers and how they reflect the power and purpose of texts and literacy. Contributors to this wide-ranging text consider how books shape the readers we become; cognitive and affective responses to representation of books and reading; the relationship between love stories and reading as a cultural activity; reading as protection and enlightenment; picturebooks as stage sets for acts of reading; readers' perceptions of a writer. This portrayal of books and reading also reveals adults' beliefs about childhood and literacy and how they are changing. It is a theme of crucial significance in the shaping of future generations of readers, given these beliefs influence not only ideas about the teaching of literature but also about the role of digital technologies. This text is a must read for any individual interested in the importance of keeping literature alive through reading.     Readings about Children's Literature Evelyn Rose Robinson, 1966     *Readings on children's literature* Sheila A. Egoff, G. T. Stubbs, 1969     **An Introduction to the World of Children's Books** Margaret Richardson Marshall, 1982     Children's Literature Barbara D. Stoodt, Linda B. Amspaugh, Jane Hunt, 1996     Readings in Children's Literature Brian Murphy, 1980     **Suggested Readings for a Course in Children's Literature** Corinne Brown, 1918     **Reading Children's Literature: A Critical Introduction - Second Edition** Carrie Hintz, Eric L. Tribunella, 2019-03-28 *Reading Children's Literature* offers insights into the major discussions and debates currently animating the field of children's literature. Informed by recent scholarship and interest in cultural studies and critical theory, it is a compact core text that introduces students to the historical contexts, genres, and issues of children's literature. A beautifully designed and illustrated supplement to individual literary works assigned, it also provides apparatus that makes it a complete resource for working with children's literature during and after the course. The second edition includes a new chapter on children's literature and popular culture, including film, television, and merchandising, and has been updated throughout to reflect recent scholarship and new offerings in children's media.
