be addressed This does not mean that there is no role for human judgement in the process Complexity often coupled with large information gaps necessitates expert judgement but the values adopted by the experts are themselves capable of being structured and measured according to the value function methodology presented here even if the judgements themselves are qualitative and tentative Value models for expert panels are also presented The use of the methodology in practice is illustrated by examples The book contains an extensive subject index **Marketing Management** Philip Kotler, Kevin Keller, Mairead Brady, Malcolm Goodman, Torben Hansen, 2019-07-12 The classic Marketing Management is an undisputed global best seller an encyclopedia of marketing considered by many as the authoritative book on the subject **Marketing Research** David Johnston Luck, 1982 **Distribution Data Guide** , 1956
