**Readings in Missionary Anthropology II** William Allen Smalley,1978      **Readings in Missionary Anthropology II** ,1978      **World Mission: The Biblical** Jonathan Lewis,1994 Back by popular demand this three volume work is now reprinted as a single volume This manual leads the student into a deeper broader mission understanding and vision by covering the Biblical historical foundations the strategic dimensions and cross cultural considerations      **Readings in Missionary Anthropology** William Allen Smalley,1967      *Mission & Culture: The Louis J. Luzbetak Lectures* Stephen B. Bevens,2012      **Advanced Missiology** Kenneth Nehrbass,2021-04-02 Advanced Missiology draws the connections between the theory and practice of missions Using the metaphor of a river the book shows how theories upstream such as theology education anthropology community development and history have exerted an influence on missiology and missiology in turn has gone back upstream to influence those disciplines What causes these disciplines to converge in missiology is the goal of making disciples across cultures Whereas missiologists are not always explicit about how their abstract theories actually relate to the task of making disciples across cultures each chapter in Advanced Missiology shows how numerous theories sub fields models and strategies of missiology ultimately facilitate the Great Commission The book argues that by using interdisciplinarity for this fundamental purpose missiological studies will be more credible and useful With contributions from Rebecca Burnett Leanne Dzubinski Julie Martinez      **Preparing Missionaries for Intercultural Communication** Lyman E. Reed,1985 Missionaries while being prepared in the Bible often receive little training in understanding the world in which we live and some experience great hardship out in the field as a result The purpose of this book is to enable cross cultural missionaries to be more adequately prepared for the task of intelligent communication The author sets forth the major areas which are important in training the missionary to communicate with other cultures      **The Embattled But Empowered Community** Wilma Wells Davies,2010 Based on extensive empirical research and utilizing predominately Latin American scholarly literature this book examines connections between Argentine popular and pentecostal worldviews It proposes that there is a major connection between the two rooted in cosmological assumptions of spiritual power

*Wolaitta Evangelists* E. Paul Balisky,2009-09-01 This study presents the religious dynamics of the Wolaitta Kale Heywet Church in southern Ethiopia from 1937 to 1975 On the basis of detailed research from within southern Ethiopia E Paul Balisky demonstrates that the indigenous extension of the Wolaitta Christian movement into southern Ethiopia through the instrumentality of her evangelists helped Wolaitta regain her own religious center and subsequent identity after centuries of various forms of colonialism and imperialism Wolaitta Evangelists broadens one s understanding of how an imported model of Christianity provided religious answers to the ideals of a particular Ethiopian society and continues to motivate her members to evangelize The evangelists who went to people of similar culture and worldview were successful in effecting social change To ethnic groups who had moved beyond their former primal religions and to those of disparate culture the

evangelists were those who scattered the seed and impacted the religious social economic and political life of southern Ethiopia Wolaitta Evangelists tells the story of how missionary activity played a role in Wolaitta once again becoming a people
