Ready, Aye, Ready Jack Macbeth, 1989-01-01 **Nation's Navy** Michael L. Hadley, Robert Neil Huebert, F. W. Crickard, 1996 Bounded by three great oceans Canada stands as a maritime nation with rich seafaring traditions Born of both national and British imperial interests in 1910 and maturing in two world wars its navy is a vital national institution that continues to evolve in response to new and complex challenges A Nation's Navy explores the decisive formative forces of the navy's history and illuminates the characteristically Canadian elements and values that have defined it **Call to the Colours, A: Tracing Your Canadian Military Ancestors** Kenneth G. Cox, 2011-01-01 Beginning in Canada's earliest days our ancestors were required to perform some form of military service often as militia This title provides the archival library and computer resources that can be employed to explore your family's military history using items such as documents uniforms medals and other militaria to guide the search Maritime History at the Crossroads Frank Broeze, 2017-10-18 This volume seeks to critically review the contemporary state of maritime historiography as it stands at the volume's publication date of 1995 The volume is comprised of thirteen essays each focused on the recent research into the maritime concerns of a particular geographical location listed as follows Australia Canada China Denmark Germany Greece Ibero America India the Netherlands the Ottoman Empire Spain the United States and a final chapter concerning historians and maritime labour in Britain Australia and New Zealand One concern made evident by the collection is the lack of stable identity and cohesive aims within maritime history the subject holds many conflicting definitions and concepts The purpose of this volume is to explore the recent developments in maritime history plus the growth of scholarly interest to provide a beacon and stimulus for future work and to clearly direct and define maritime historiography toward a solid position in the field of history **A Call to the Colours** Ken Cox, 2011 Our ancestors were required to perform military service often as militia The discovery that an ancestor served during one of the major conflicts in our history is exciting A Call to the Colours provides the archival library and computer resources that can be employed to explore your family's military history The Dangerous Harbour Bob Chaulk, 2025-09-19 On the morning of December 6 1917 ships and boats were in constant movement in Halifax Harbour The First World War was in its fourth year and Halifax the closest mainland North American naval port to Europe was feeling its effect At 8 45 A M the SS Mont Blanc and the SS Imo collided Minutes later a powerful explosion devastated the city Not only were homes and businesses devastated and civilians killed when the explosion occurred there were roughly two hundred vessels in the harbour from warships to fishing schooners coming and going with people and goods that had to get to Europe to support the war Some were destroyed ending up at the bottom of the harbour Of the nearly two thousand people who lost their lives that day hundreds were sailors and others associated with those ships Using primary historical records and drawing on the author's personal experience of more than twelve hundred dives in Halifax Harbour The Dangerous Harbour Revealing the Unknown Ships and Wrecks of the Halifax Explosion examines who was on

Hattendorf, 1994 **A Bibliography of the History of Canadian Science and Technology** Arnold E. Roos, Canadian Science and Technology Historical Association, 1995 *The U.S. Navy and Its Cold War Alliances, 1945-1953* Corbin Williamson, 2020-08-12 After World War I the U S Navy's brief alliance with the British Royal Navy gave way to disagreements over disarmament fleet size interpretations of freedom of the seas and general economic competition This go it alone approach lasted until the next world war when the U S Navy found itself fighting alongside the British Canadian Australian and other Allied navies until the surrender of Germany and Japan In *The U S Navy and Its Cold War Alliances 1945-1953* Corbin Williamson explores the transformation this cooperation brought about in the U S Navy's engagement with other naval forces during the Cold War Like the onetime looming danger of Nazi Germany and Imperial Japan growing concerns about the Soviet naval threat drew the U S Navy into tight relations with the British Canadian and Australian navies *The U S Navy and Its Cold War Alliances 1945-1953* brings to light the navy to navy links that political concerns have kept out of the public sphere a web of informal connections that included personnel exchanges standardization efforts in equipment and doctrine combined training and education and joint planning for a war with the Soviets Using a history from the middle approach Corbin Williamson draws upon the archives of all four nations including documents only recently declassified to analyze the actions of midlevel officials and officers who managed and maintained these alliances on a day to day basis His work highlights the impact of domestic politics and security concerns on navy to navy relations even as it

integrates American naval history with those of Britain Canada and Australia In doing so the book provides a valuable new perspective on the little studied but critical transformation of the U S Navy s peacetime alliances during the Cold War

Bibliographie de la Vie Militaire Au Canada, 1867-1995 O. A. Cooke, Canada. Department of National Defence. Directorate of History and Heritage, 1997 Canadian military history and military matters have not been well represented in general in retrospective bibliographies of Canadian or in international military bibliographies What has been attempted in this document is a bibliography of published primary sources and secondary works on Canadian military topics excluding poetry and fiction covering the period from Confederation to the present Entries in the bibliography represent printed monographs books and pamphlets and serial titles The prime criteria of inclusion were that the work be chiefly or uniquely both Canadian and military in its contents Many in house publications of the training pamphlet or regulations type have been included but only insofar as they tell us something of the armed forces themselves rather than details of tactical doctrine or of pieces of equipment Works by or about Canadians serving with the armed forces of other countries have been included as well as materials relating to the military history of Newfoundland since 1867

The American Neptune, 1994 A quarterly journal of maritime history

The Canadian Naval Chronicle, 1939-1945 Robert A. Darlington, Fraser McKee, 1998 In World War II the Canadian Navy embarked on a five year anti submarine offensive with a tiny fleet of six destroyers and a navy largely untrained in submarine warfare This chronicle of ship successes and losses charts the increase in fighting capability of the Canadian naval forces and their growing success against enemy submarines and surface warships From the dreadful loss of sixteen ships out of a single convoy in 1941 to the painstaking teamwork of hunting down and destroying an asdic contact a few years later the authors have managed to capture the drama of these events in considerable detail The information provided in each account represents comprehensive research into the incident from available records and from personal recollections and interviews collected by the authors Each includes the ships and crews involved on both sides their movements just prior to the event the action itself the casualty lists and the medals awarded as a result of the action This book also contains for the first time a

complete record of all the Canadian owned Merchant ships lost as well as a table of RCAF Squadron successes against enemy U boats

The Dynamics of Coalition Naval Warfare Steven Paget, 2017-09-22 This book examines the dynamics of coalition naval operations Since the end of the Second World War few nations possess the capacity for large scale sustained and independent naval operations and even those that do such as the USA often find it economically militarily and politically expedient to act multilaterally As such coalition naval operations increasingly became the norm throughout the twentieth century and there is little sign of this abating in the twenty first Multinational operations provide a number of benefits but they also present a number of challenges Examining the dynamics of coalition operations involving the Royal Navy RN Royal Australian Navy RAN and the United States Navy USN during the Korean War Vietnam War and the Iraq War this book provides a broad overview of naval interoperability between the three navies Using the naval gunfire support NGS capability as a lens through which to analyse operations the study explores a diverse range of issues including command and control communications equipment standardisation intelligence logistics planning rules of engagement tactics techniques and procedures and training Approaching the subject through both historical and contemporary perspectives not only provides a unique assessment of the variation in the effectiveness of interoperability over time but also offers a platform for better understanding and enhancing the performance of future coalition naval operations Based on extensive archival research in Australia the UK and the US as well as wide ranging interviews this book sheds new light on the dynamics of conducting coalition operations This book will be of great interest to students of naval history strategic studies sea power maritime security military studies and IR in general
