demonstrates we can now speak of a global Romanticism that encompasses emerging critical categories such as Romantic pedagogy transatlantic studies and transnationalism with the result that new works by writers marginalized by class gender race or geography are invited into the canon at the same time that fresh readings of traditional texts emerge Exemplifying these developments the authors and topics examined include Elizabeth Inchbald Lord Byron G rard de Nerval English Jacobinism Goethe the Gothic Orientalism Emily Dickinson Walt Whitman Anglo American conflicts manifest destiny and teaching romanticism The collection constitutes a powerful rethinking of the divisions that continue to haunt Romantic studies National Union Catalog, 1982 ,1983 **Border Crossings** Ian Marshall,2012 The International Appalachian Trail runs north from Mount Katahdin seven hundred miles to the end of the Gasp Peninsula Inspired by Basho Ian Marshall hiked it for six summers probing the poetics of haiku while exploring a vast and beautiful wilderness little known in the US Marshall is an engaging trail companion and a superb story teller with a self deprecating wit and sharp intellect that spice up his observations and ideas Like Basho he finds the miraculous in the common and elevates the humble walk into a spiritual practice sprinkling his narrative with lovely original haiku that seem to have condensed in the moment like droplets of dew Backpackers will appreciate his pungent descriptions of life on the trail and ecocritics will savor his abundant insights on poetry nature and culture This lively book serves up a classic blend of high adventure literary pilgrimage and self discovery It tastes as tart and fresh as wild raspberries John Tallmadge past president of the Association for the Study of Literature and Environment and author of *The Cincinnati Arch Learning from Nature in the City* *Cross-border Governance and Sustainable Spatial Development* Markus Leibenath,Ewa Korcelli-Olejniczak,Robert Knippschild,2008-05-14 Border regions in Central Europe undergo tremendous changes due to the enlargement of the European Union and the related processes of Europeanization bordering and re bordering The book explores the consequences of these processes for cross border governance and spatial planning in Central Europe It combines analyses of European and national framework conditions with case studies from border regions and cities in 8 countries The focus is on generic questions of cross border planning and cooperation as well as on selected sectors such as nature conservation transport and economic development The book is written for the international scientific community and for practitioners in the fields of spatial planning cross border cooperation environmental protection and structural policy **OECD Multi-level Governance Studies Building More Resilient Cross-border Regions Considerations in Governance and Partnerships** OECD,2024-12-18 Supporting the development of cross border regions is a growing priority for many governments across the OECD This reflects the fact that these regions often face significant development challenges related to their proximity to national borders which can constrain regional economic development impede the delivery of cross border services and hamper the co ordination of cross border disaster management This report assesses how multi level governance arrangements can support resilient cross border development It starts by examining why the development of cross border regions in the EU often lags behind non

border regions and the multi level governance mechanisms in place to bolster their performance Using the five pilot regions as a basis it then examines cross border governance arrangements through the lens of the OECD Cross border Governance Framework Finally this report includes considerations for subnational national and international policy makers in the OECD and beyond on how they can strengthen cross border governance frameworks and enhance the resilience and socio economic development of cross border areas
