Financial Crisis in Eastern Europe Jens Jungmann,Bernd Sagemann,2011-01-19 During the past few years all the regions of Europe have suffered from the effects of the World Financial Crisis Most notably in Eastern Europe countries have adopted different approaches to combat the crisis and the impact has been varying politically economically and socially This book gives an overview of chosen countries and their situation before and during the crisis providing a detailed view of the different regions during this difficult period It also looks at their current status and the individual ways in which they have attempted to stimulate recovery

The New Eastern Europe And The World Economy Jozef M. Van Brabant,2019-08-21 The unprecedented economic political and social changes that have followed the east European revolutions of late 1989 rank among the epochal events of the twentieth century The end of the cold war has opened up far reaching possibilities for international economic cooperation which may be able to stimulate economic growth in the region and revive interactions with the global economy This collection of essays comes to grips with the problems of repositioning the new Eastern economies in the global arena The contributors address four main themes freeing up foreign economic sectors through trade liberalization currency convertibility and greater access to markets for international capital the disintegration of the trade payment pricing and settlements systems based on the transferable ruble active participation in the key organizations entrusted with international financial monetary and trading regimes and strategies for using international economic assistance to alleviate adjustment costs with ongoing transition policies

Financial Reforms in Eastern Europe Kanhaya Gupta,Robert Lensink,2006-08-21 This book presents a model which simulates the effects of financial reforms in transitional economies which is then applied to Poland for a variety of policy simulations The authors develop models for households commercial banks and firms expanding their enquiry into the government sector the central banking sector the external sector and finally the supply side These sub sector models explicitly incorporate institutional features specific to the Polish economy The estimated model is used to simulate the effects of a wide array of financial policies introduced in Poland and these results are then used to assess the effectiveness of the policies analyzed This timely and authoritative study sheds new light on how a country's overall economic system responds when it pursues a big bang approach to marketization

Diversity of Capitalism in Central and Eastern Europe Eric Magnin,Nikolay Nenovsky,2022-07-13 This book explores the hypothesis of the emergence of a dependent capitalism in Central and Eastern Europe In a first theoretical part this book presents the main approaches that structure the field of comparative capitalism and then examines this model shaped by the inflow of foreign capital In an original way it proposes to integrate the form of the monetary regime into the

dependent capitalism analysis and to extend it to Balkan countries The monetary regime is seen as complementary to the other elements of the institutional configuration of dependent capitalism In the second part the authors adopt a historical and empirical perspective First they demonstrate how dependent capitalism has emerged in Central and Eastern Europe and the Baltic States over the last 30 years as part of the process of socio economic transformation that began in 1990 The crisis of 2008 was an indicator of this dependence on Western capital Secondly they extend the analysis to the Balkan countries and show that dependence is even stronger for them particularly in the monetary area as evidenced by the implementation of currency boards or euroization phenomena This book is of interest to academics and students as well as to business and economic policy makers
