Real Eve Tr:

Eve in the City Thomas Rayfiel, 2007-12-18 They say the city never sleeps It does Just before dawn you can hear it snore Light hangs in the air directionless not yet pressed into rays The smell of a hidden sea soaks through stone The streets themselves have that booming emptiness of a shell held to the ear Everyone is dreaming It s when I began to wander that time in between For Eve newly arrived from a religious colony in the heartland the sidewalks of New York aren t conveyors of humanity they are sacred symbols holy places In the early morning when her shift as an after hours barmaid ends she roams the deserted neighborhoods It is a pilgrimage of sorts Like so many before her Eve has come to Manhattan to find herself among the lights and noise and sea of anonymous faces that make up the city One night her nocturnal meanderings lead her to a scene that will set her life on an unexpected course She sees two people pressed against each other in the shadows of a building Is it a mugging A rape Or is this what love looks like when viewed from the outside Eve s gaze locks into that of the struggling woman There is a moment of connection of silent communication and then she is gone the sound of her footsteps swallowed by the city leaving behind a man bleeding on the pavement As Eve attempts to understand what she actually saw she becomes involved with an up and coming artist who draws her to him even as his actions push her away she meets a peculiar father like detective who pressures her to talk about a crime she now thinks may not have even happened and she contemplates a marriage proposal that will give her a lot more than a last name Everyone seems to want something from Eve now if only she can figure out what exactly she has within her to give With *Eve In The City* Thomas Rayfiel has written a love letter to New York from empty dawn streets to the glitter of Bloomingdale s to the galleries of SoHo Here is a smart often dark humored novel of a young woman s search for self

Goethe in English Derek Glass,Martin H. Jones,2005 This bibliography was commissioned by the English Goethe Society as a contribution to the celebration in 1999 of the 250th anniversary of Goethes birth It sets out to record translations of his works into English that have been published in the twentieth century up to and including material published in that anniversary year It aims to serve as wide a constituency as possible be it as a simple reference tool for tracing a translation of a given work or as a documentary source for specialized studies of Goethe reception in the English speaking world The work records publications during the century not merely translations that originated during this period It includes numerous reprintings of older material as well as some belated first publications of translations from the nineteenth century It shows how frequent and how long enduring was the recourse of publishers and anthologists to a Goethe Victorian in diction a signal factor in perceptions and misperceptions Derek Glass was putting the finishing touches to the bibliography at the time of his sudden death in March 2004 Colleagues at Kings College London have edited the final manuscript which is now published jointly by the English Goethe Society and the
