Real Japanese Question:

The real Japanese question Kiyoshi Karl Kawakami,1978 The Real Japanese Question Kiyoshi Karl Kawakami,1921

The Real Japanese Question (Classic Reprint) K. K. Kawakami,2017-10-15 Excerpt from The Real Japanese Question This is a book of optimism based upon facts It presents no gloomy picture of the Japanese in America Nor does it sound an alarmist note as to the future relations between our two countries On the contrary it believes in the innate capacity of the Japanese to live harmoniously with the Americans and their ability to emerge happily from their present plight incident to an organized campaign of slander and fabrication that has been directed against them during the last several years It entertains faith in the sound common sense which will enable the leaders of the two peoples to arrive at an amicable solution of the question so befogged by this propaganda About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Japanese land cases Japan. Consulate. San

Francisco,1925 **The Real Japanese Question** ,19?? **K. K. Kawakami and U.S.-Japan Relations** William D. Hoover,2023-09-19 K K Kawakami the most prolific journalist writing on U S Japan relations in the forty years before Pearl Harbor analyzed and described the interaction between the country of his birth and his adopted country His more than 2 000 publications show a gradual decline in US Japan relations from the early twentieth century to Japan s attack on the US K K Kawakami and U S Japan Relations The Forty Year Road to Pearl Harbor provides a careful reading of his analysis of U S Japan relations to show that both countries bear responsibility for the tragic clash in Hawaii From the Russo Japanese War 1904 05 until the Japanese attack on Manchuria 1931 the United States bore a major responsibility with its anti Japanese policies racial discrimination and failure to recognize Japan s role in in the world but with Japan s aggression in Manchuria Japan became the primary actor Relations between Japan and the U S declined gradually over a long period with both sides bearing responsibility Prisons and Patriots Cherstin Lyon,2012 Prisons and Patriots provides a detailed account of forty one Nisei second generation Japanese Americans known as the Tucsonians who were imprisoned for resisting the draft during WWII Cherstin Lyon parallels their courage as resisters with that of civil rights hero Gordon Hirabayashi well known for his legal battle against curfew and internment who also resisted the draft These dual stories highlight the intrinsic relationship between the rights and the obligations of citizenship particularly salient in times of war Lyon considers how wartime civil disobedience has been remembered through history how soldiers have been celebrated for their valor while resisters have been demonized as unpatriotic Using archival research and interviews she presents a complex picture of

loyalty and conflict among first generation Issei and Nisei Lyon contends that the success of the redress movement has made room for a narrative that neither reduces the wartime confinement to a source of shame nor proffers an uncritical account of heroic individuals International Impact of Colonial Rule in Korea, 1910-1945 Yong-Chool Ha, 2019-12-23 In recent years discussion of the colonial period in Korea has centered mostly on the degree of exploitation or development that took place domestically while international aspects have been relatively neglected Colonial discourse such as characterization of Korea as a hermit nation was promulgated around the world by Japan and haunts us today The colonization of Korea also transformed Japan and has had long term consequences for post World War II Northeast Asia as a whole Through sections that explore Japan s images of Korea colonial Koreans perceptions of foreign societies and foreign relations and international perceptions of colonial Korea the essays in this volume show the broad influence of Japanese colonialism not simply on the Korean peninsula but on how the world understood Japan and how Japan understood itself When initially incorporated into the Japanese empire Korea seemed lost to Japan s designs yet Korean resistance to colonial rule along with later international fear of Japanese expansion led the world to rethink the importance of Korea as a future sovereign nation

Prejudice, War, and the Constitution Jacobus tenBroek, Edward N. Barnhart, Floyd W. Matson, 1954 During World War II 110 000 citizens and resident aliens of Japanese ancestry were banished from their homes and confined behind barbed wire for two and a half years This comprehensive work surveys the historical origins political characteristics and legal consequences of that calamitous episode The authors describe the myths and suspicions about Orientals on the West Coast and trace the influence of racial bigotry in the evacuation and in the court cases growing out of it A theory is advanced to account for the administrative and legal decisions which initiated and concluded this calamity Finally the authors analyze the principal constitutional issues involved in the evacuation and their implications for the future *Myths and Facts about the Japanese Americans* United States. War Relocation Authority, 1945 **The Columbia Guide to Asian American History** Gary Y. Okihiro, 2005-03-30 Offering a rich and insightful road map of Asian American history as it has evolved over more than 200 years this book marks the first systematic attempt to take stock of this field of study It examines comments and questions the changing assumptions and contexts underlying the experiences and contributions of an incredibly diverse population of Americans Arriving and settling in this nation as early as the 1790s with American born generations stretching back more than a century Asian Americans have become an integral part of the American experience this cleverly organized book marks the trajectory of that journey offering researchers invaluable information and interpretation Part 1 offers a synoptic narrative history a chronology and a set of periodizations that reflect different ways of constructing the Asian American past Part 2 presents lucid discussions of historical debates such as interpreting the anti Chinese movement of the late 1800s and the underlying causes of Japanese American internment during World War II and such emerging themes as transnationalism and women and gender issues Part 3 contains a historiographical essay and a wide ranging compilation of

book film and electronic resources for further study of core themes and groups including Chinese Japanese Filipino Hmong Indian Korean Vietnamese and others **The Far East** ,1949 **The Far East: a Political and Diplomatic History** Payson Jackson Treat,1928 **The Independent** Leonard Bacon,Joseph Parrish Thompson,Richard Salter Storrs,Joshua Leavitt,Henry Ward Beecher,Theodore Tilton,Henry Chandler Bowen,William Hayes Ward,Hamilton Holt,Fabian Franklin,Harold de Wolf Fuller,Christian Archibald Herter,1921 *The Independent and the Weekly Review* ,1922

Independent and Weekly Review ,1921 *Ontario Library Review and Book Selection Guide* ,1920 Americans Without Law Mark S. Weiner,2008-12 Americans Without Law shows how the racial boundaries of civic life are based on widespread perceptions about the relative capacity of minority groups for legal behavior which Mark S Weiner calls juridical racialism The book follows the history of this civic discourse by examining the legal status of four minority groups in four successive historical periods American Indians in the 1880s Filipinos after the Spanish American War Japanese immigrants in the 1920s and African Americans in the 1940s and 1950s Weiner reveals the significance of juridical racialism for each group and in turn Americans as a whole by examining the work of anthropological social scientists who developed distinctive ways of understanding racial and legal identity and through decisions of the U S Supreme Court that put these ethno legal views into practice Combining history anthropology and legal analysis the book argues that the story of juridical racialism shows how race and citizenship served as a nexus for the professionalization of the social sciences the growth of national state power economic modernization and modern practices of the self **Asians in Colorado** William Wei,2016-04-01 Providing the most comprehensive examination to date of Asians in the Centennial State William Wei addresses a wide range of experiences from anti Chinese riots in late nineteenth century Denver to the World War II incarceration of Japanese Americans at the Amache concentration camp to the more recent influx of Southeast Asian refugees and South Asian tech professionals Drawing on a wealth of historical sources Wei reconstructs what life was like for the early Chinese and Japanese pioneers and he pays special attention to the different challenges faced by those in urban versus rural areas The result is a groundbreaking approach that helps us better understand how Asians survived and thrived in an often hostile environment Offering a fresh perspective on how cycles of persecution are repeated Wei reveals how the treatment of Asian Americans resonates with the experiences of other marginalized groups in American society His study sheds light not only on the Asian American experience but also on the development of Colorado and the greater American West **Garden of the World** Cecilia M. Tsu,2013-06-01 Garden of the World examines how overlapping waves of Chinese Japanese and Filipino immigrants fundamentally altered the agricultural economy and landscape of the Santa Clara Valley as well as white residents ideas about race gender and what it meant to be an American family farmer
