The Red Rover James Fenimore Cooper, 1839 *The Red Rover* is most completely a book of the sea as much so as *The Mohicans* is a tale of the forest The whole drama is almost entirely enacted on the ocean The curtain rises in port but the varied scenes so full of nautical interest and succeeding each other in startling rapidity are wholly unfolded on the bosom of the deep It is believed that there is scarcely another book in 178 English literature so essentially marine in spirit It is like some material picture of the sea drawn by a master hand where the eye looks abroad over the rolling waves where it glances at the sea bird fluttering amid the spray and then rests upon the gallant ship with swelling canvas bending before the breeze until the land behind us and the soil beneath our own feet are forgotten In the *Rover* the different views of the ocean in majestic movement are very noble while the two vessels which carry the heart of the narrative with them come and go with wonderful power and grace guided by the hand of one who was both pilot and poet in his own nature The love story as usual in the novel of that period and that particular class is insignificant though Gertrude is certainly very pretty and proper which is much more than one would venture to aver of many heroines of the present hour In reality however our worthy friends Dick Fid that arrant old foretopman and his comrade Sip are the true lovers of the narrative and most worthy and most real they are the last indeed is a noble creature a hero under the skin of Congo As for Wilder the author professed to owe him an apology for having thrown a sufficiently clever fellow and an honorable man no doubt into a position slightly equivocal he declared himself however very much indebted to a friendly critic who saw much to admire in the course pursued by the young lieutenant this crachat of the obliging reviewer relieving

the author's mind as he avowed of a great weight of responsibility on that particular point The Red Rover James Fenimore Cooper, 2017-12 Excerpt from *The Red Rover* A Tale of the Sea The communion left on the simple and unpractised off Spring of the Puritans its impression both of good and evil The inhabitants of the country while they derived from the intercourse a portion of that bland and graceful courtesy for which the gentry of the southern British colonies were so distinguished did not fail to imbibe some of those peculiar notions concerning the distinctions in the races of men for which they are no less remarkable Rhode Island was the foremost among the New England provinces to recede from the manners and opinions of their simple ancestors The first shock was given through her to that rigid and ungracious deportment which was once believed a necessary concomitant of true religion a sort of outward pledge of the healthful condition of the inward man and it was also through her that the first palpable departure was made from those purifying principles which might serve as an apology for even more repulsive exteriors By a singular combination of circumstances and qualities which is however no less true than perplexing the merchants of Newport were becoming at the same time both slave dealers and gentlemen About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *James Fenimore Cooper: Sea Tales (LOA #54)* James Fenimore Cooper, 1991-08-01 In *The Pilot* 1824 and *The Red Rover* 1828 James Fenimore Cooper invented a new literary genre the sea novel Collected here in a single Library of America volume they are among his finest works Bold vigorous original each is a tale of high adventure that vividly captures the majesty and power of the seafaring life Cooper drew on his direct knowledge of ships and sailors to present a truer picture of life on the sea than had ever before achieved in literature As a boy of seventeen he had sailed before the mast on a merchantman bound from New York to London and then to Spain On board he experienced the life of a common seaman learned the craft of sailing encountered terrifying storms was chased by pirates and watched the impressment of crew members by a British man of war He later served as an officer in the United States Navy *The Pilot* is loosely based upon stories of John Paul Jones's daring hit and run tactics during the Revolutionary War The shadowy hero modeled on Jones leads a squadron of the infant American navy in a series of raids on the English coast braving fierce storms and the guns of hostile warships yet never revealing his identity In this novel Cooper introduced the character of the old salt the seasoned deckhand happy only aboard ship Long Tom Coffin with his briny conversation and shrewd nautical advice is the first of Cooper's memorable portraits of common seaman A ghostly ship an uncanny hero a heroine kidnapped by pirates revelations of mistaken identity and the reunion of long lost relatives scenes of romance and adventure fill the pages of *The*

The Red Rover James Cooper, 2018-05-08. The novel follows the activities of the sailor Dick Fid, free black sailor Scipio Africanus, and Royal Navy officer James Wilder as they encounter the famous pirate The Red Rover. A contemporary reviewer in the *North American Review* noted how Cooper was particularly good at writing sea novels such as *The Red Rover*, the sea being his more natural element than what the author calls wilderness novels, which focused on an Indian introducing a white man to the wilderness, like *The Last of the Mohicans*. In addition, *The Red Rover* presents some of the first serious depictions of characters of African lineage in American literature.

The Red Rover James Fenimore Cooper, 2016-06-23. *The Red Rover* is a novel by American writer James Fenimore Cooper, originally published in Paris on November 27, 1827. It was published in London three days later on November 30 and was not published in the United States until January 9, 1828, in Philadelphia. Soon after its publication, it was adapted for theater both in the United States and in England.

1. The novel follows the activities of the sailor Dick Fid, free black sailor Scipio Africanus, and Royal Navy officer James Wilder as they encounter the famous pirate The Red Rover. A contemporary reviewer in the *North American Review* noted how Cooper was particularly good at writing sea novels such as *The Red Rover*, the sea being his more natural element than what the author calls wilderness novels, which focused on an Indian introducing a white man to the wilderness, like *The Last of the Mohicans*. In addition, *The Red Rover* presents some of the first serious depictions of characters of African lineage in American literature. The two black characters, Scipio Africanus, a free black sailor, and Cassandra, a slave attendant throughout the novel, remain distanced and separate from their white companions. While all the other main characters end the book with positive outcomes, Scipio finds a tragic end. Therman O. Daniel suggests that, though these are some of the first black characters to be seriously treated in American literature, they still receive unsatisfactory outcomes for all their actions.

2. For Cooper, the sea novel offered an opportunity to blur social barriers between characters. This is particularly evident in his treatment of women, such as a girl disguised as a cabin boy in *The Red Rover*, who is able to function within the crew even though she is female. Additionally, throughout the novel, a tight friendship exists between Scipio Africanus, fellow sailor Dick Fid, and a Royal Navy officer whom they befriend after saving his life. Though the two men treat him like an officer, deferring to him with respect, they still remain friendly.

James Fenimore Cooper (September 15, 1789 – September 15, 1851) was a prolific and popular American writer of the early 19th century. His historical romances of frontier and Indian life in the early American days created a unique form of American literature. He lived most of his life in Cooperstown, New York, which was founded by his father, William, on property that he owned. Cooper was a lifelong member of the Episcopal Church and, in his later years, contributed generously to it. He attended Yale University for three years where he was a member of the Linonian Society but was expelled for misbehavior. Before embarking on his career as a writer, he served in the U.S. Navy as a Midshipman, which greatly influenced many of his novels and other writings. The novel that launched his career was *The Spy*, a tale about counterespionage set during the Revolutionary War and published in 1821. He also wrote numerous sea stories, and his best-known works are five historical novels of the frontier period known as the *Leatherstocking Tales*. Among naval historians, Cooper's works on the early U.S. Navy have been well received but were sometimes criticized by his contemporaries. Among his most famous works is the Romantic novel *The Last of the Mohicans*, often regarded as his masterpiece.
